The ACAT - IST

2005 - 2006

A.C.A.T. International School of Turin
Vicolo Tiziano, 10 - 10024 Moncalieri (TO) Italy
www.saa.unito.it/ist/; acatist@hotmail.com

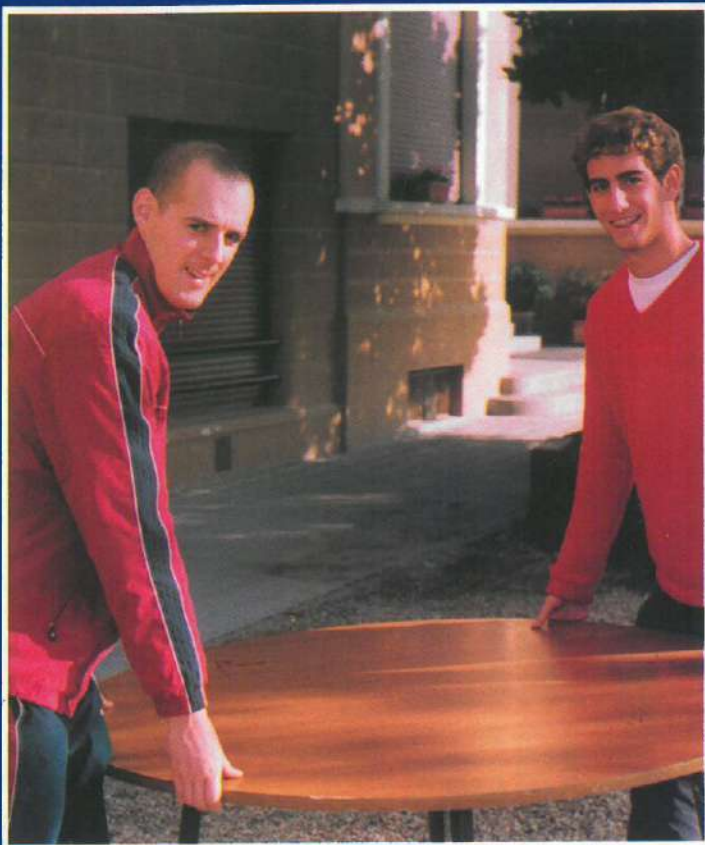

The obvious departure point for this year's theme is the spirit of the Olympic Games as experienced in the Torino 2006 Winter Olympics. According to the IOC official website, Olympism is a philosophy of life – a series of values, a sense of personal achievement. It is a belief that anything is possible. It fosters such concepts as courtesy, compassion, and confidence. It is the fuel that fires the human spirit – that flames the Olympic torch.

At ACATIST, we believe that such values are part of the perennial atmosphere of our school. Even the Olympic torch – itself symbolic of the continuity of the Olympics from the past – might well represent the ongoing ideals in the special spirit that has always been ACAT.

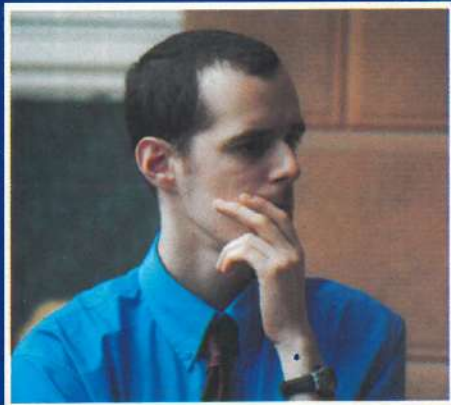

Mr. Webber

Being serious. Havin Fun.
A teacher and a friend for all of us-
It's Mr. Webber.
Being committed. Being nice.
Giving knowledge and good advice-
It's Mr. Webber.
Knowing when it's time to work,
He'll teach with all his heart-
It's Mr. Webber.
Year to year you've been there for us.
Now we'd like to thank you
by dedicating this yearbook to you.

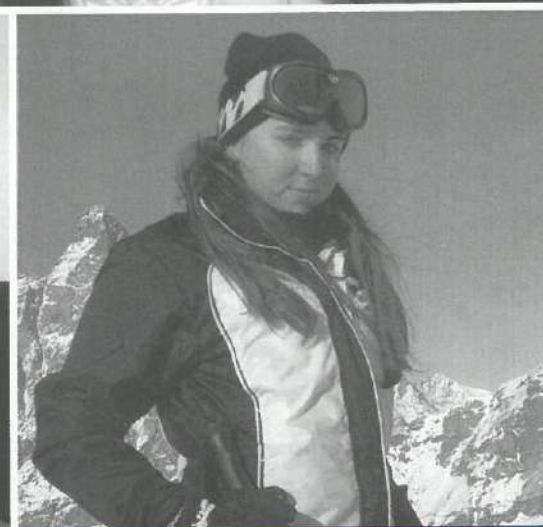

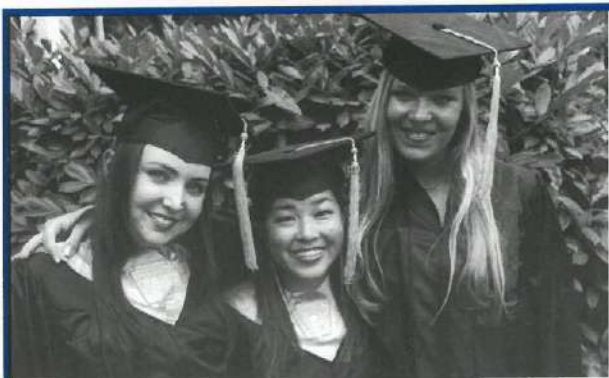

ACADEMICS

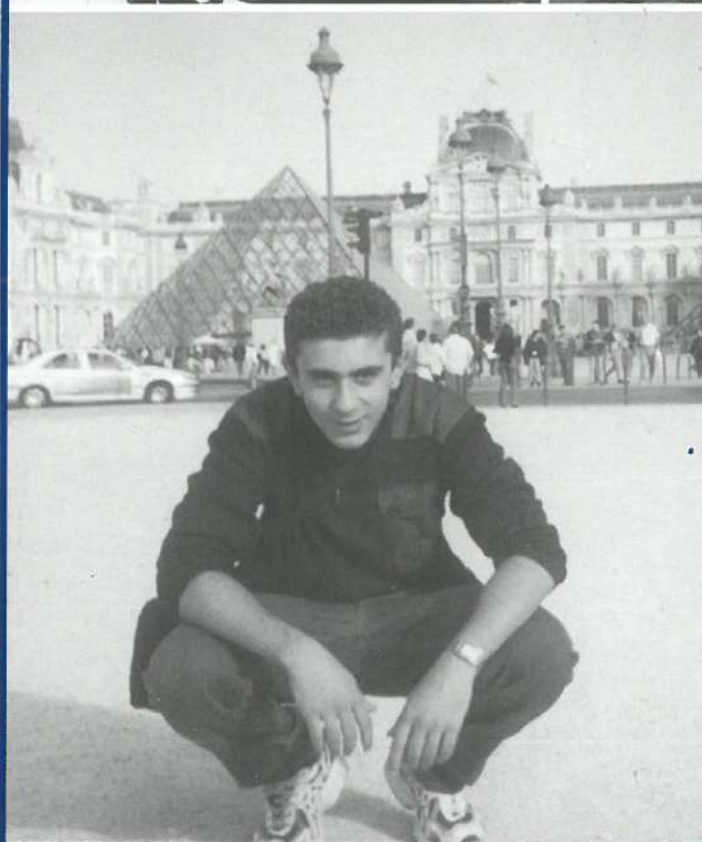

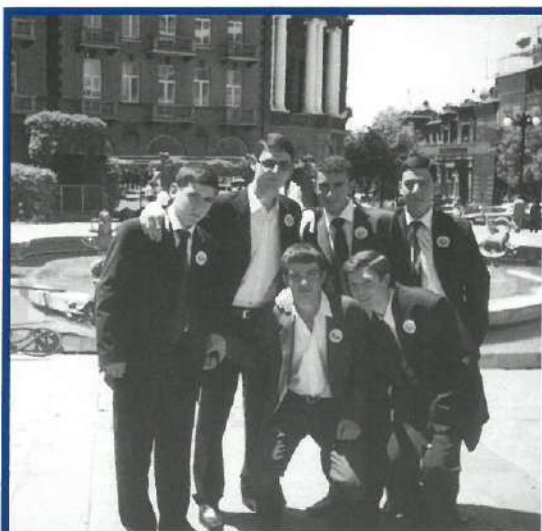

Lynn Clarke

Lynn's versatile personality is evident through all school activities. She creatively displays her talent through drama, as seen in "The Boyfriend" and "Set in Stone". Lynn is serious and mature in her work and her friendships are sincere. Her future plans consist of a career as an industrial engineer.

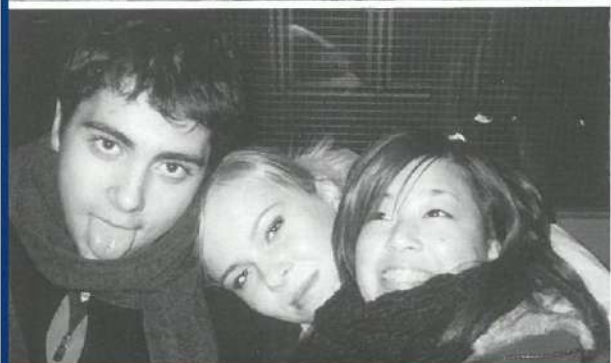

Grigor Harutyunyan

Grigor's spontaneous enthusiasm erupts on the football field. Whether in victory or defeat, his sportsmanship catches everyone's attention. His maturity and perseverance will help him achieve his future goals such as pursuing a Law degree or a PhD in Economics.

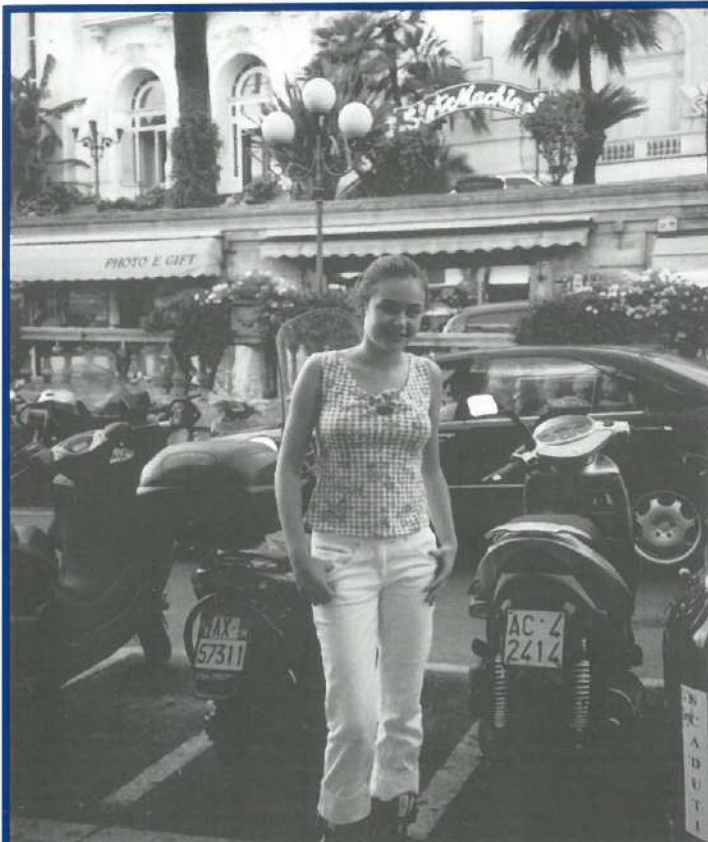

Nozomi Mitsuoka

Nozomi may appear shy but her classmates as well as her teachers appreciate her sweetness. Nozomi enjoys drawing, going on the snowboard and playing Playstation2. Her dream is to publish a book with her own drawings but for now she seeks a future in the field of Humanities.

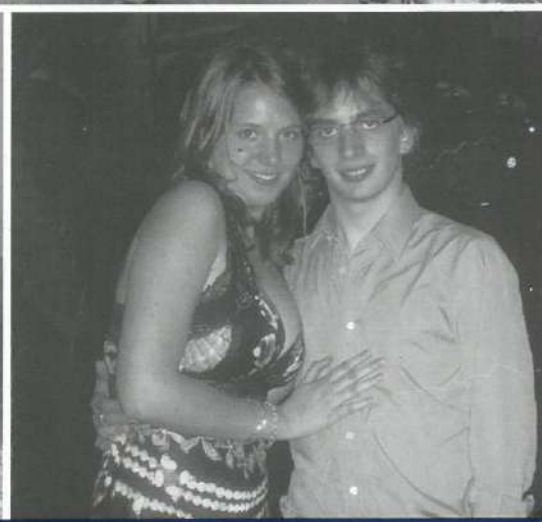

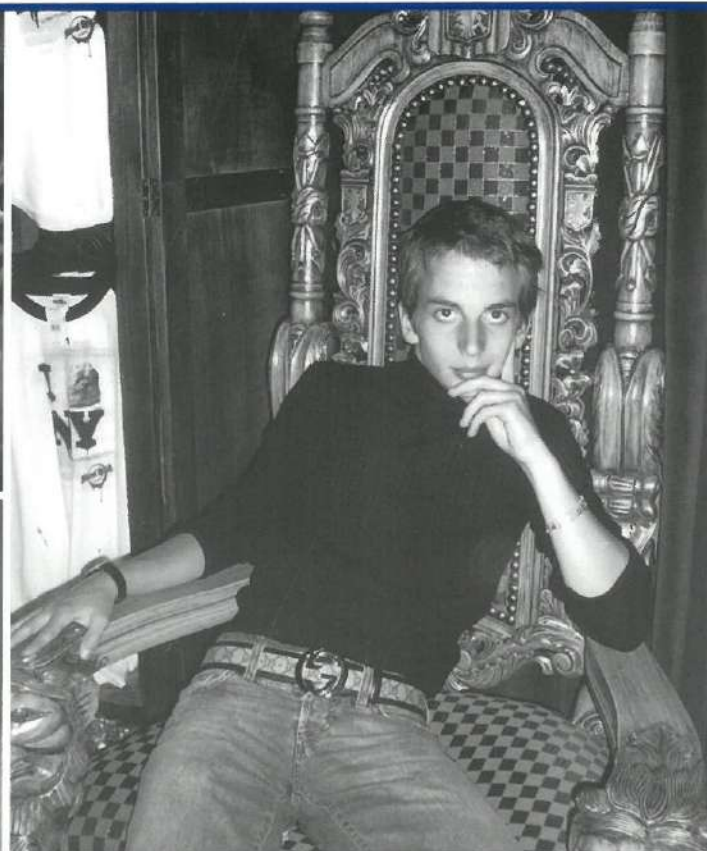

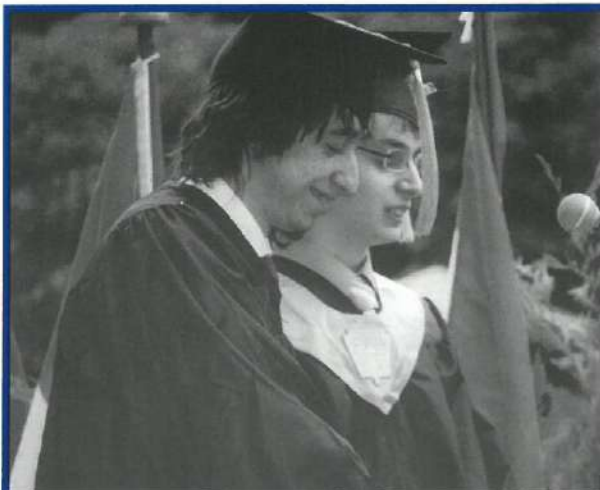

Andrijana Nicoloska

Mature and thoughtful Andrijana is always willing to improve her knowledge. Happiness and success are what her classmates think she deserves the most. She would like to pursue her studies in Greece studying marketing.

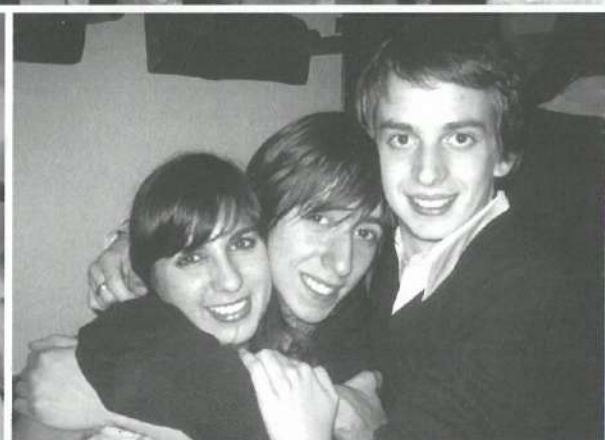

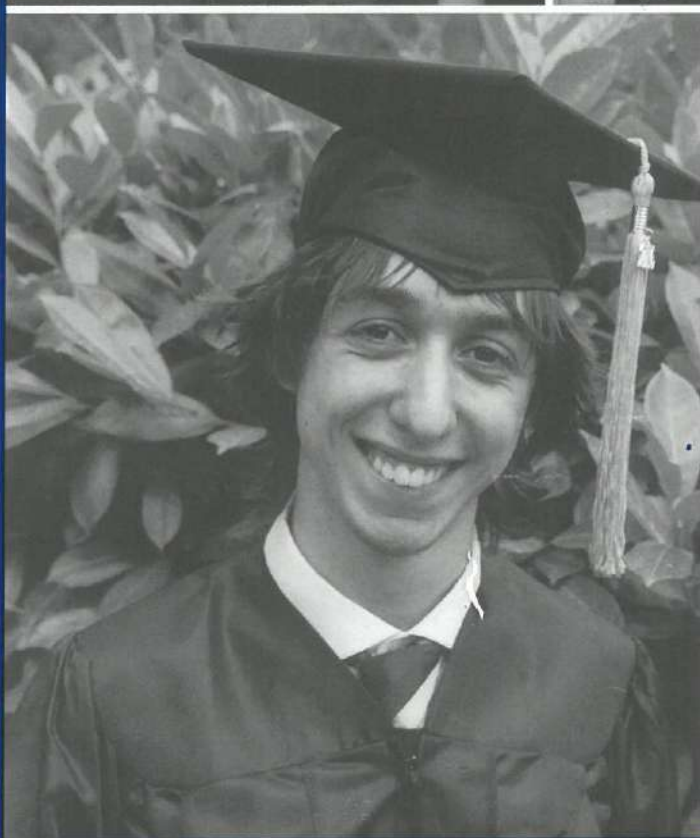

Edoardo Nori

Strategically planning his moves towards a successful future, Edoardo has shown great capacity in achieving excellent scholastic results. His dedication to academics is impressive but his contribution to our community is undeniable. Edoardo's friendship is valuable; he will always be there, whether for a hug, a fashion tip, or just good advice.

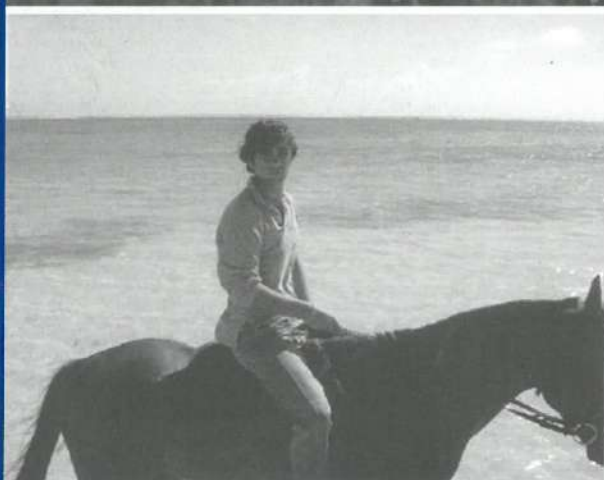

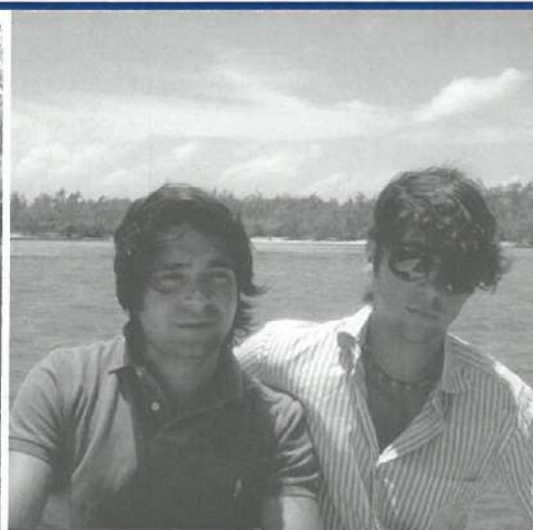

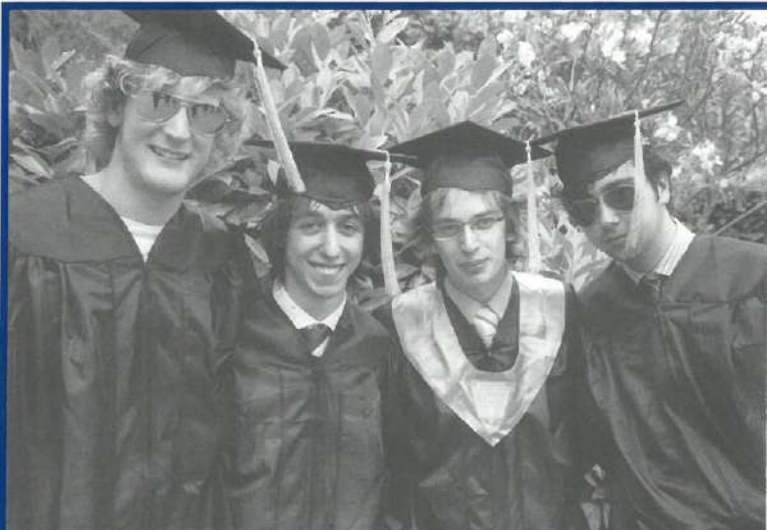

Alberto Ratti

Despite the enormous pressure of IB deadlines, Alberto was able to keep the class excitement high. He dared to face his years at ACAT spontaneously and enthusiastically. Alberto will always be ready for action and cannot wait to see what life has reserved for him. His capacity for making people enjoy school extends from his classmates to the whole high school. He will always be remembered as a true friend and a fun companion.

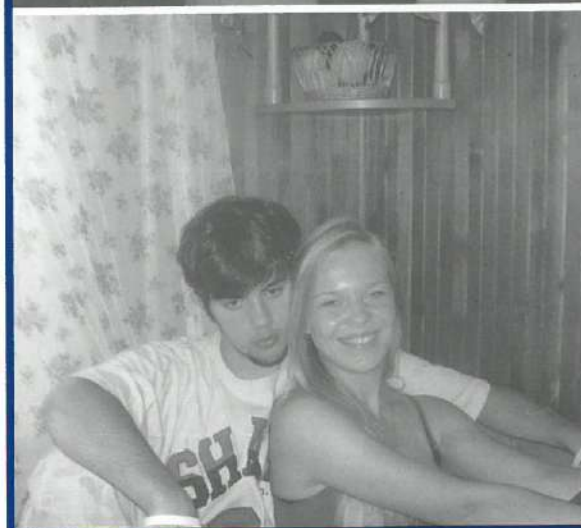

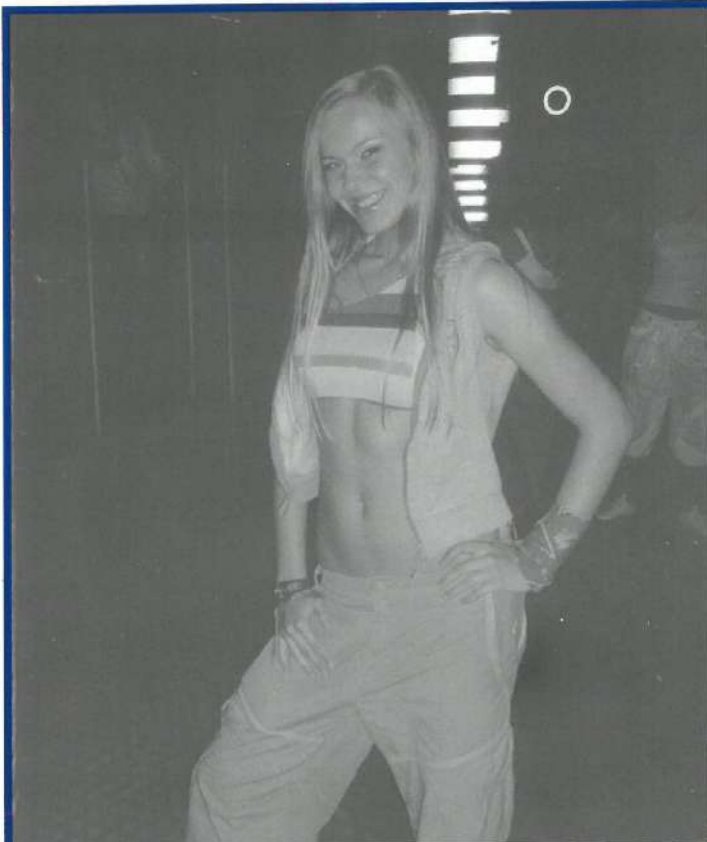

Edoardo Stroppiana

Edoardo, also known as "Stroppo", is the school charmer. His naturally vibrant smile affects everyone. Edoardo's positive outlook on life will allow you to survive even the darkest of days with a gleam of happiness. Seemingly shy on the surface, he will surprise you with his charisma, as well as his sense of humour and energy.

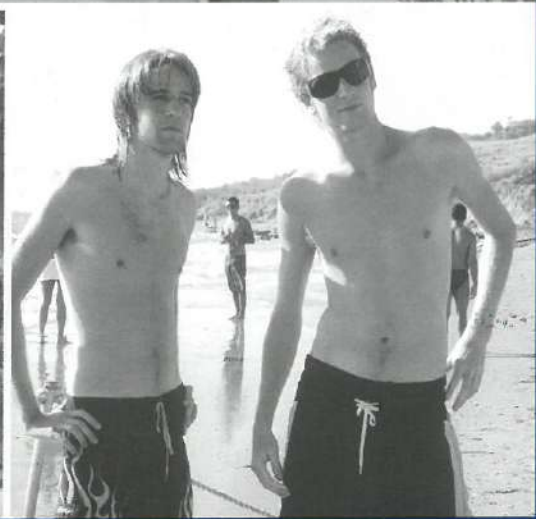

Julia Tarakanova

Julia's optimistic spirit is shown everyday at school by her positive energy and her contagious smile. Julia is always willing to help her fellow student whether on school work or personal concerns. Outside of school, she expresses her innermost feelings through dance, her main passion.

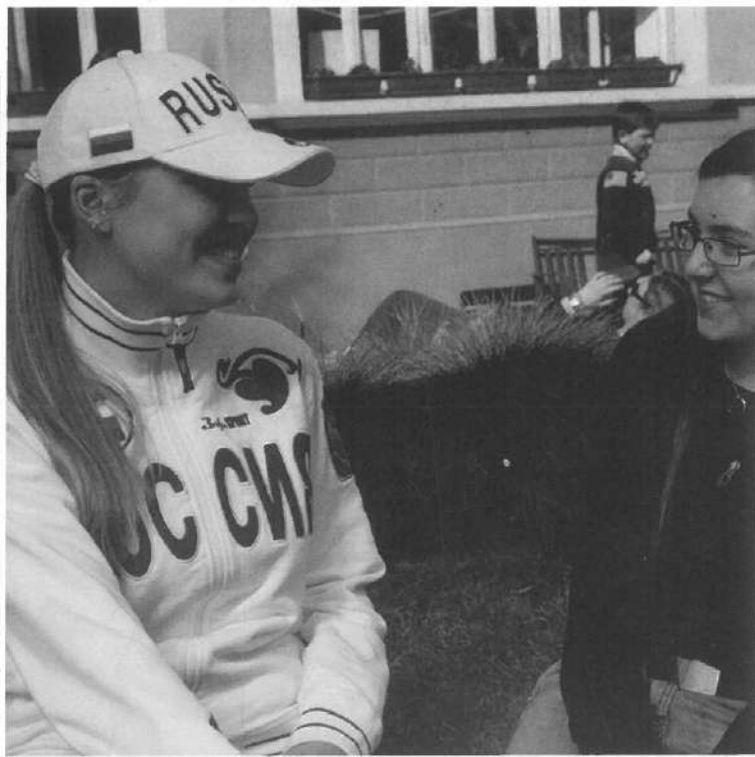

Joseph Telfer

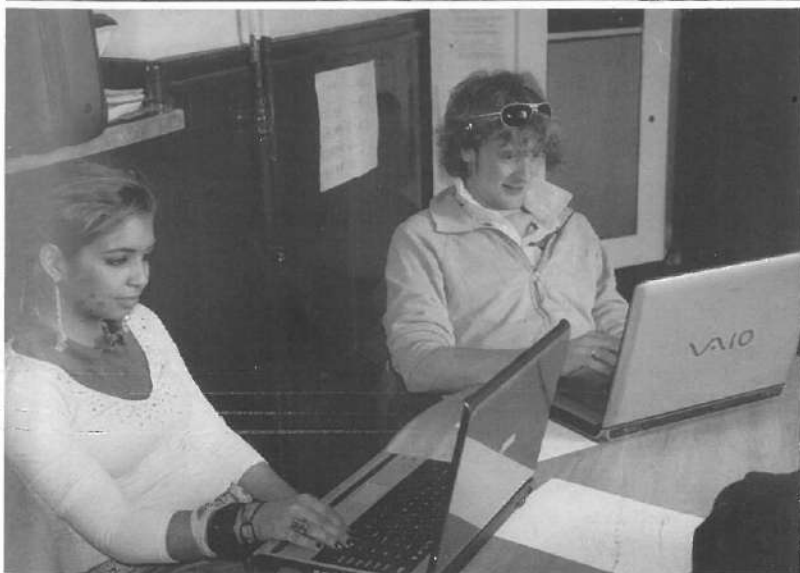

Joe's motto is, "The world is a big place, try and experience it all! Die happy". His great sense of humour and eccentric style stand out on all occasions. Joe's determination is shown through his school work and artistic skills. His future plans include going to university or starting a clothing business.

Senior countdown

Senior year becomes an abrupt change of pace from casual chats among friends to...

...deeper more meaningful connections with Google and co.

High School Highlights

No matter where they are, high school students manage to find new friends.

Whether searching frenetically through the forest, or offering a friendly lap to a tired friend, Acateers are always willing to help.

Spontaneity, resourcefulness, adventuresome spirits are natural attributes of ACATeers.

Whether in deep water or on high ground ACAT-IST students always manage to find the right atmosphere.

If we could teach the world of A.C.A.T. to sing in perfect harmony.

Teachers are famous for their great professionalism and dedicated work...

...but occasionally it is a pleasure to see them come down from Olympus and mingle with us mortals.

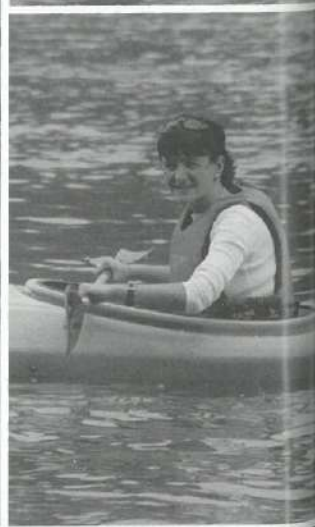

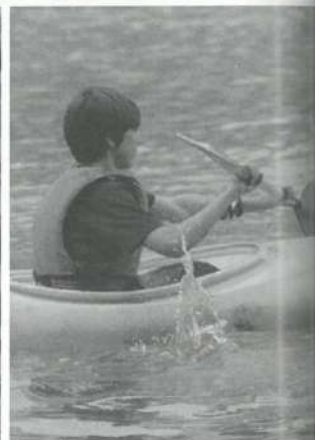

ACTIVITIES

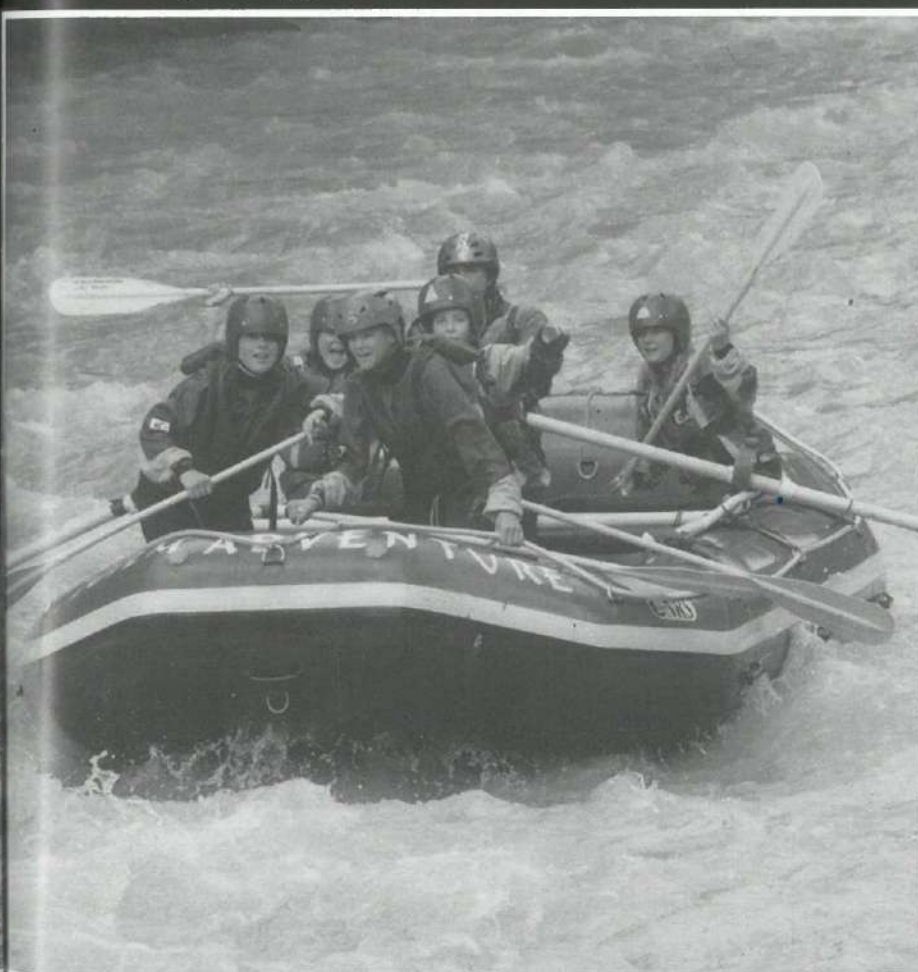

A good paddle on the Po starts the year with a splash

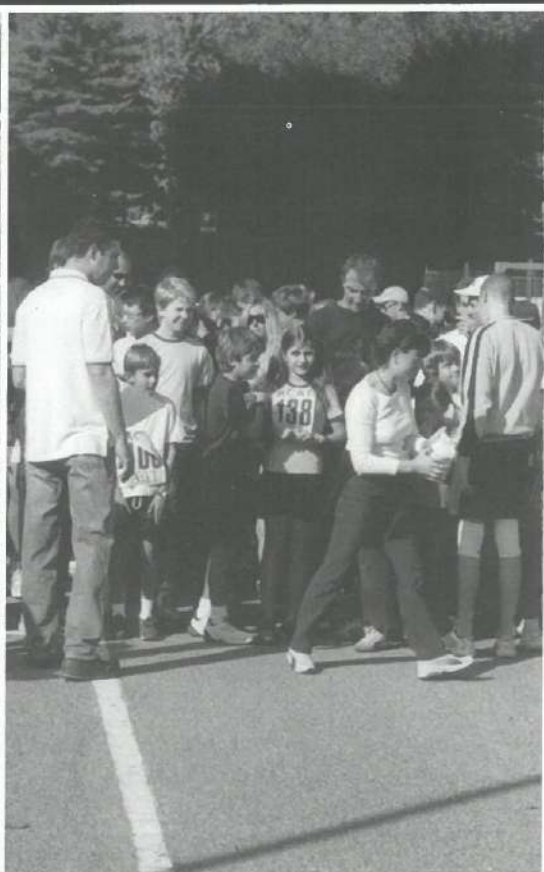

In a great team building activity middle schoolers learn the basics of negotiating the river Po.

Rafting: a white water conclusion to the year

Middle schoolers discover a new way to end the year in a wet and wild adventure on the River Sesia.

Stracat, the PTA way for you to spend your day

In the annual Stracat, the PTA has found the perfect formula for bringing the ACAT Community together to share a stroll in the Moncalieri hills and a conventional barbecue at the school.

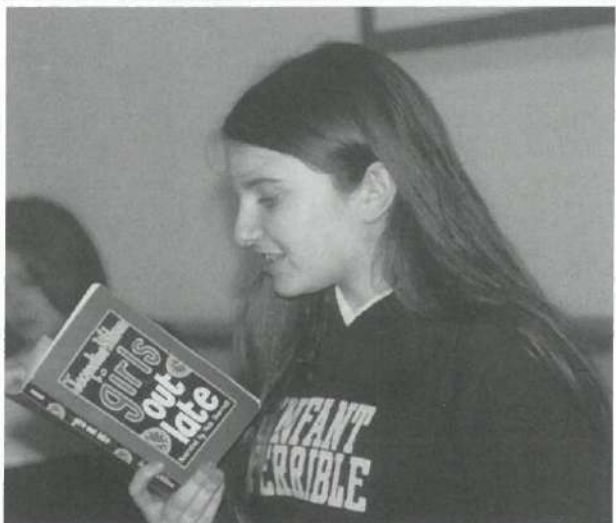

The PTA monthly bake sale- a scrumptious regular on the ACAT diet

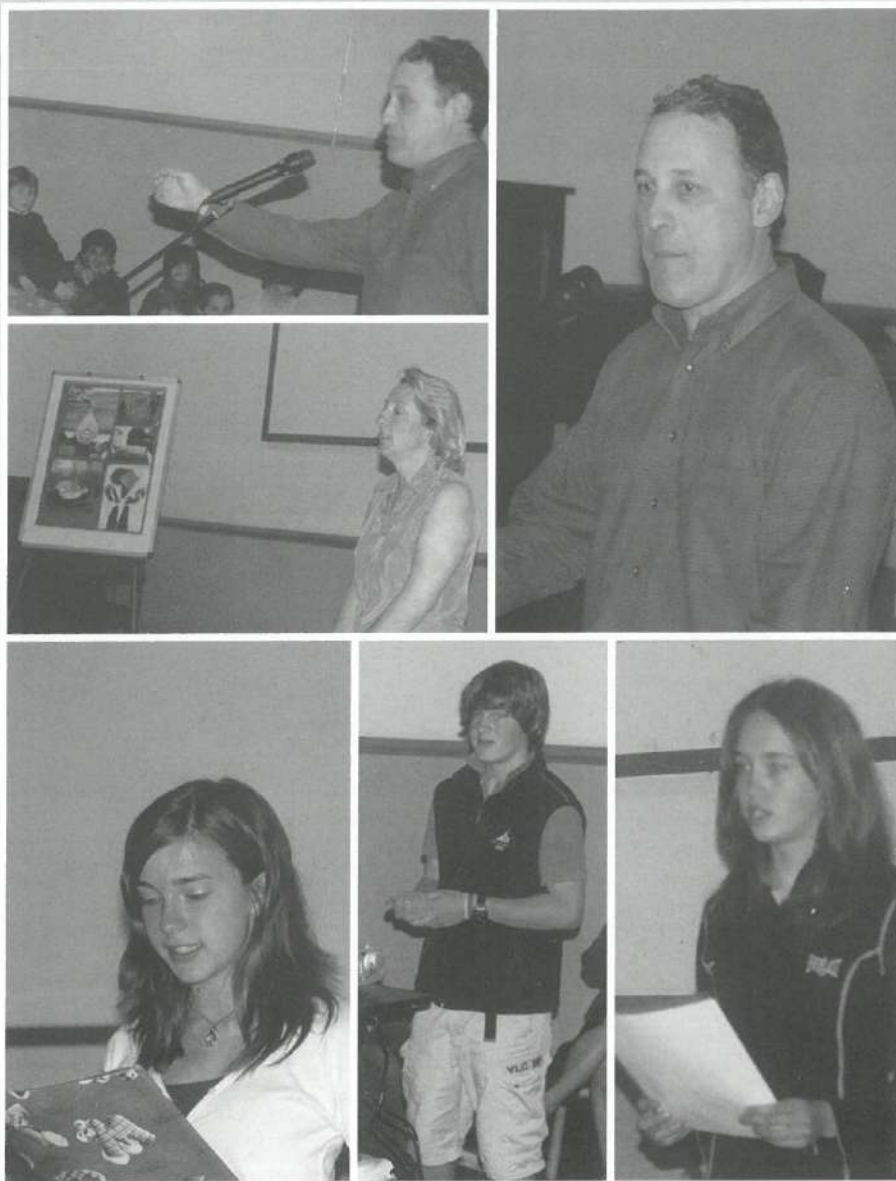

Pancake Day: the flip side of bake sale day.

Middle School Forensic Tournament

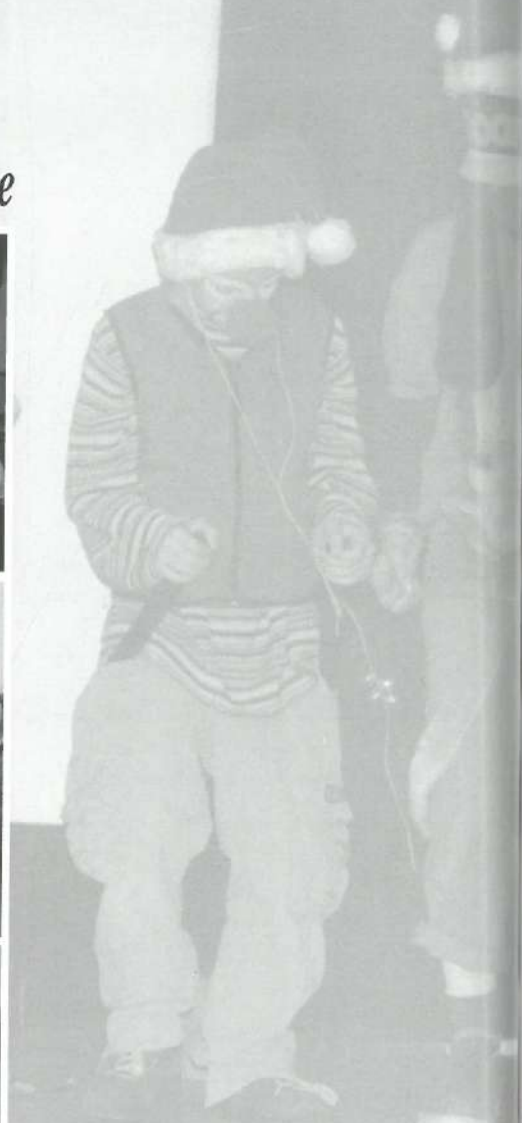

From a medley of humorous anecdotes to excerpts of dramatic reading, MS speakers held sway during the annual Forensic Tournament.

Special Assemblies:

Special assemblies this year, middle schoolers shared a range of emotions from the rollicking fast-paced creations of poet David Greensburg to the thought provoking reflections on the water crisis in the third world countries.

"Patch Adams" - Clowning around with a purpose

A monthly workshop in "clowneria" helped our "Patch Kids" expand their repertoire for future visits to the sick and aged.

ACAT's B-Day team reaches out to Roddolo seniors

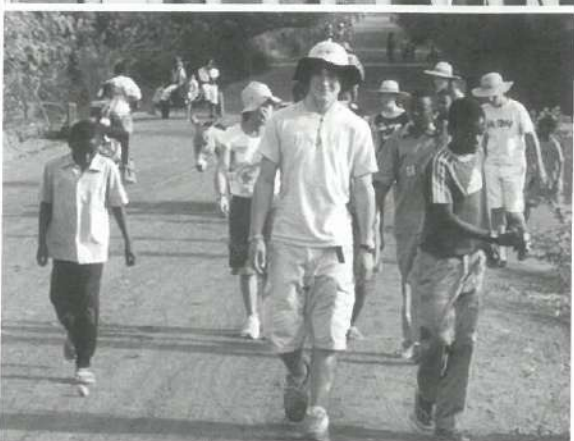

Cakes, candles, and kids bring monthly birthday joy, to elderly residents at Roddolo.

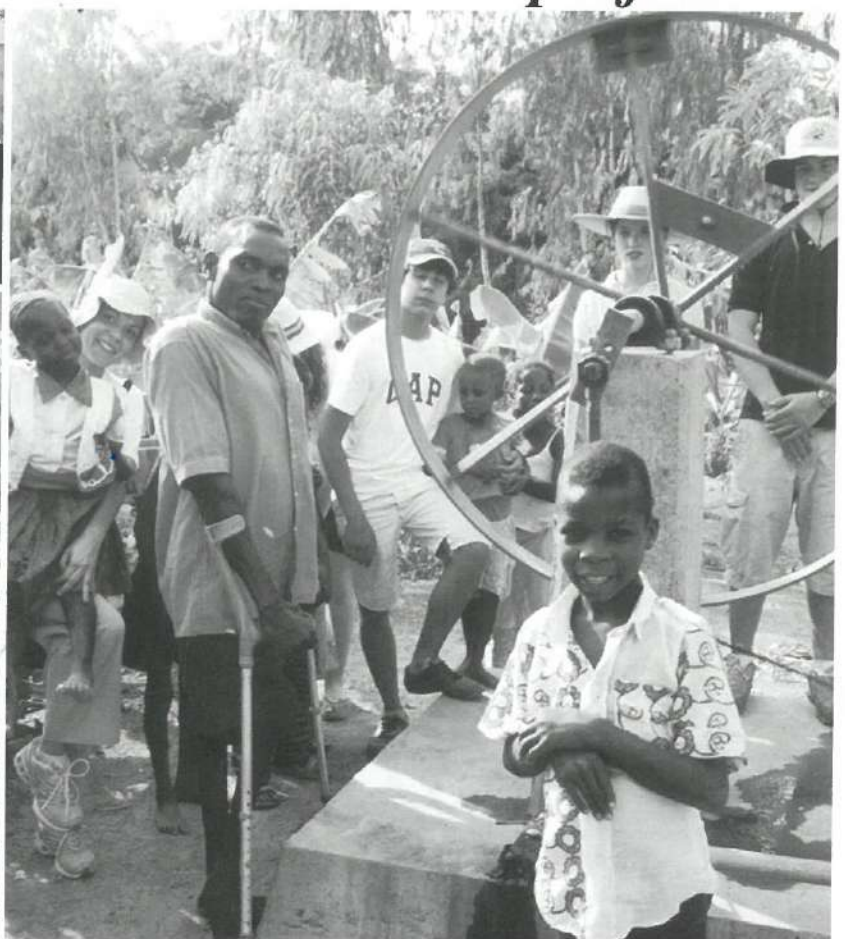

Pizza Night: A "Margherita" for a gift of life

Teaming up with the Sibille Restaurant staff, Acateers add new hope for a well in Burkina Faso.

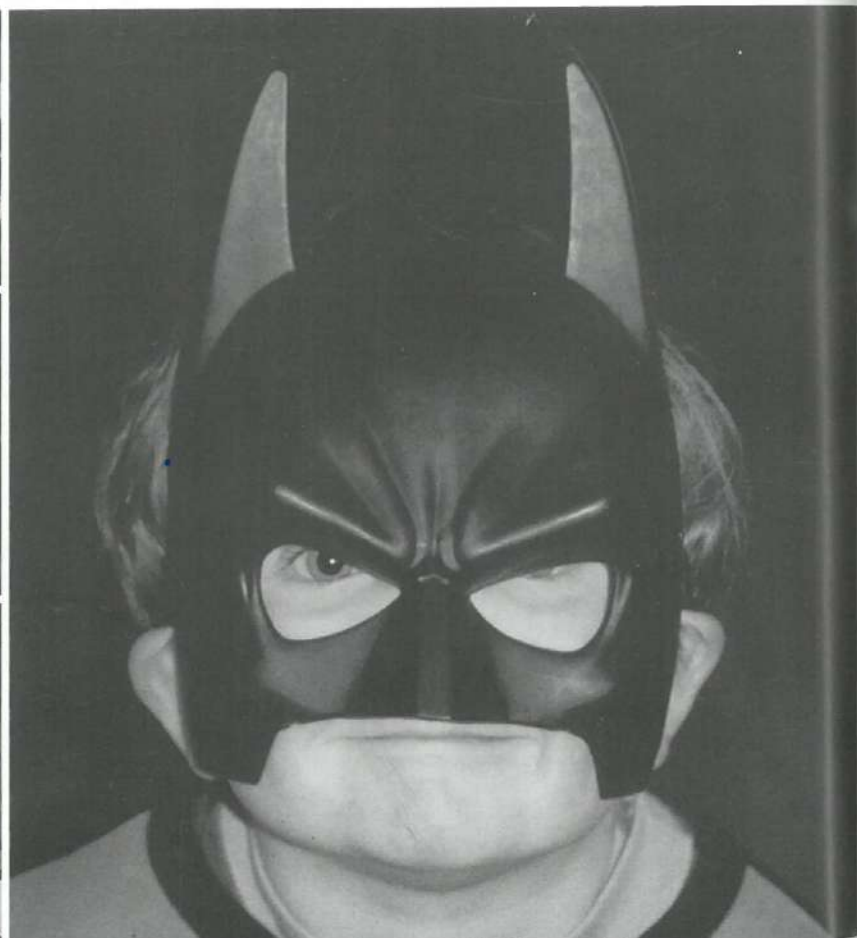

Burkina Faso: An all school outreach project

Thanks to the ACAT community, another drop of hope for a better life arrives in Burkina Faso.

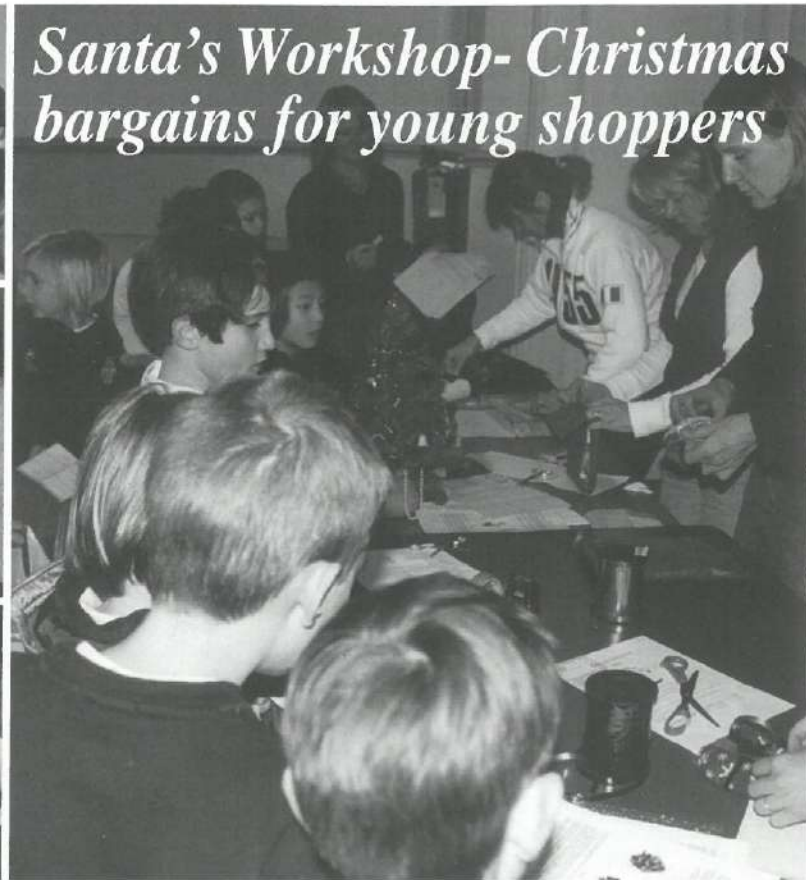

"NO PTA, NO CARNEVALE"

Costumes, games, and endless fun brought parents, teachers and kids together for a great PTA Carnevale Party.

Santa's Workshop- Christmas bargains for young shoppers

Those PTA elves were at it again with a broad selection of gift at low prices and a congenial group of Santa moms ready to wrap them; Christmas shopping was fun and convenient.

With the Afternoon Club showing the film "ELF", the PTA continued its support of the well-project in Burkina Faso.

Halloween- the Spirits are with us again

For adults and littleuns alike, conical-shaped hats were the popular fashion item of the day.

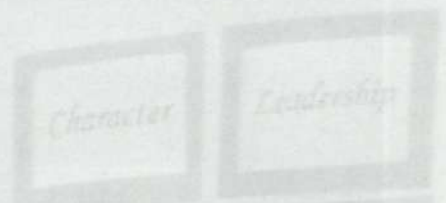

Spooky spirits, scrumptious snacks, and scary songs all made our Halloween special.

Middle School Honor Roll Assembly

Parents watch proudly as their academic stars reach new heights.

Model UNITED NATIONS - Where ACAT "Diplomats" are born

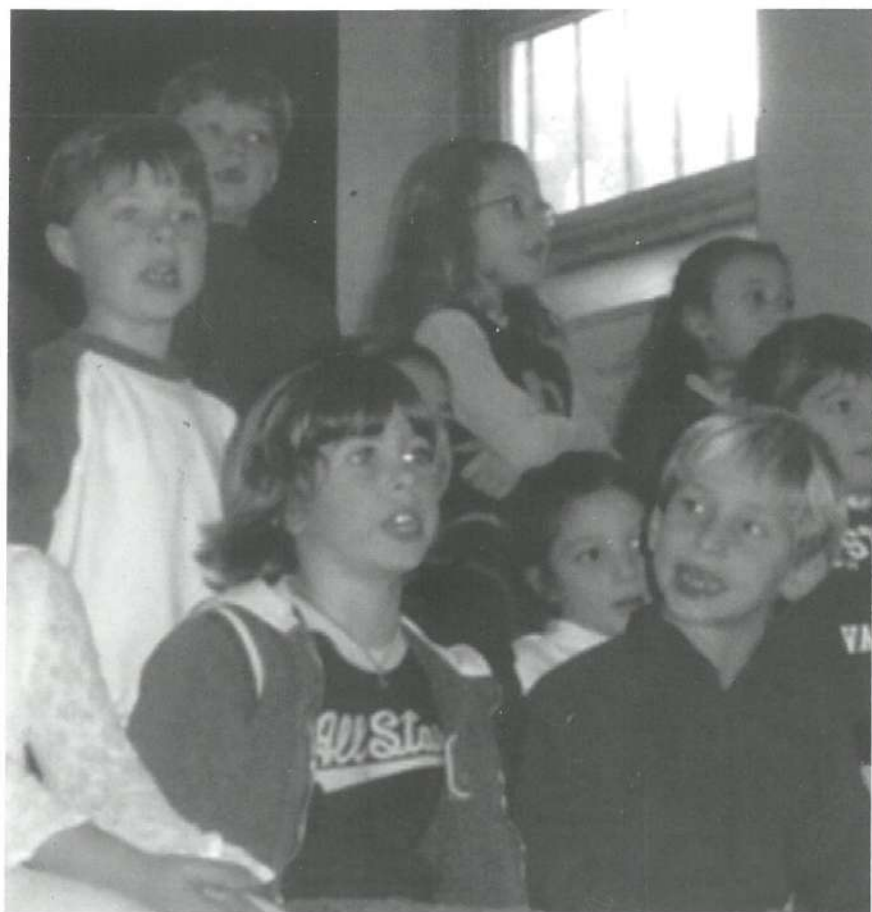

Learning to negotiate the rough waters of international diplomacy. ACATEERS enthusiastically defended their country's rights in the annual reproduction of the United Nations.

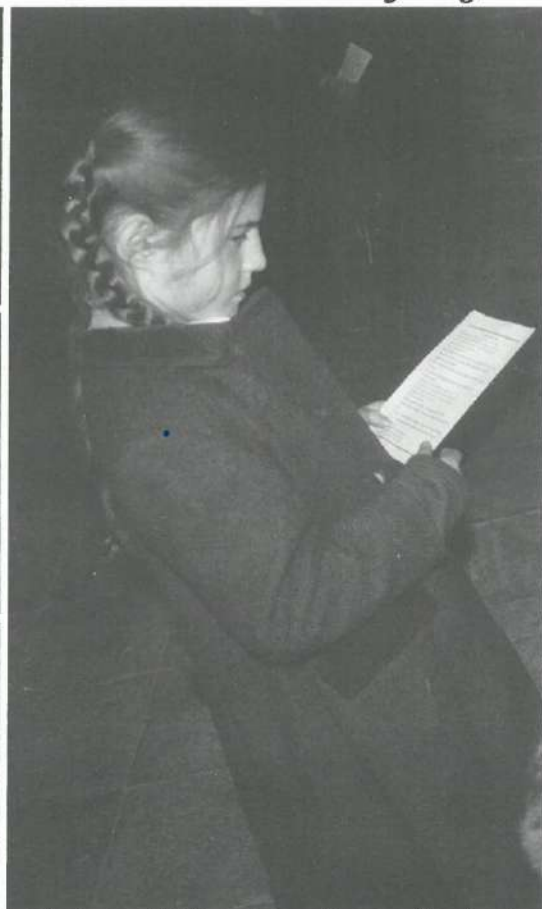

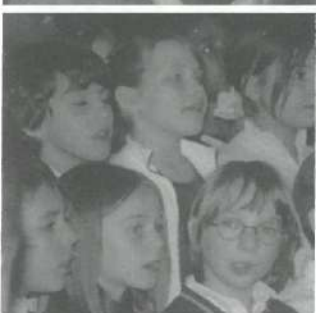

La Mandria - Where ACAT "funseekers" go.

Whether on a bike, off the wall or up at bat, the high schoolers know how to have a good time.

Christmas Concert: A medley of international m

Amidst the special atmosphere of Santa Maria della Scala, ACAT musicians discovered the true joy of the season.

Fro

al musical favorites captivated the ACAT community

From the thrilling student performances to a heart-tugging faculty rendition of "White Christmas", an appreciative audience warmed up to the special atmosphere.

"Winter Olympics 2006" ACAT seizes the moment

As the long-awaited moment for the winter Olympics arrived, an eager ACAT team of supporters participated enthusiastically.

Ski Day: A refreshing change of pace

In a special tribute to the Olympics, tenth graders took to the slopes for an extended P.E. lesson.

Middle School Field Trips: Meandering with a purpose

From neolithic caves and prehistoric life styles to the glories of Greek colonization, sixth graders discovered the meanings of primary sources.

While the seventh graders roamed from ancient rest stops and international agencies to the architectural wonders of Florence, the 8th graders searched for Shakespeare in Stratford and London.

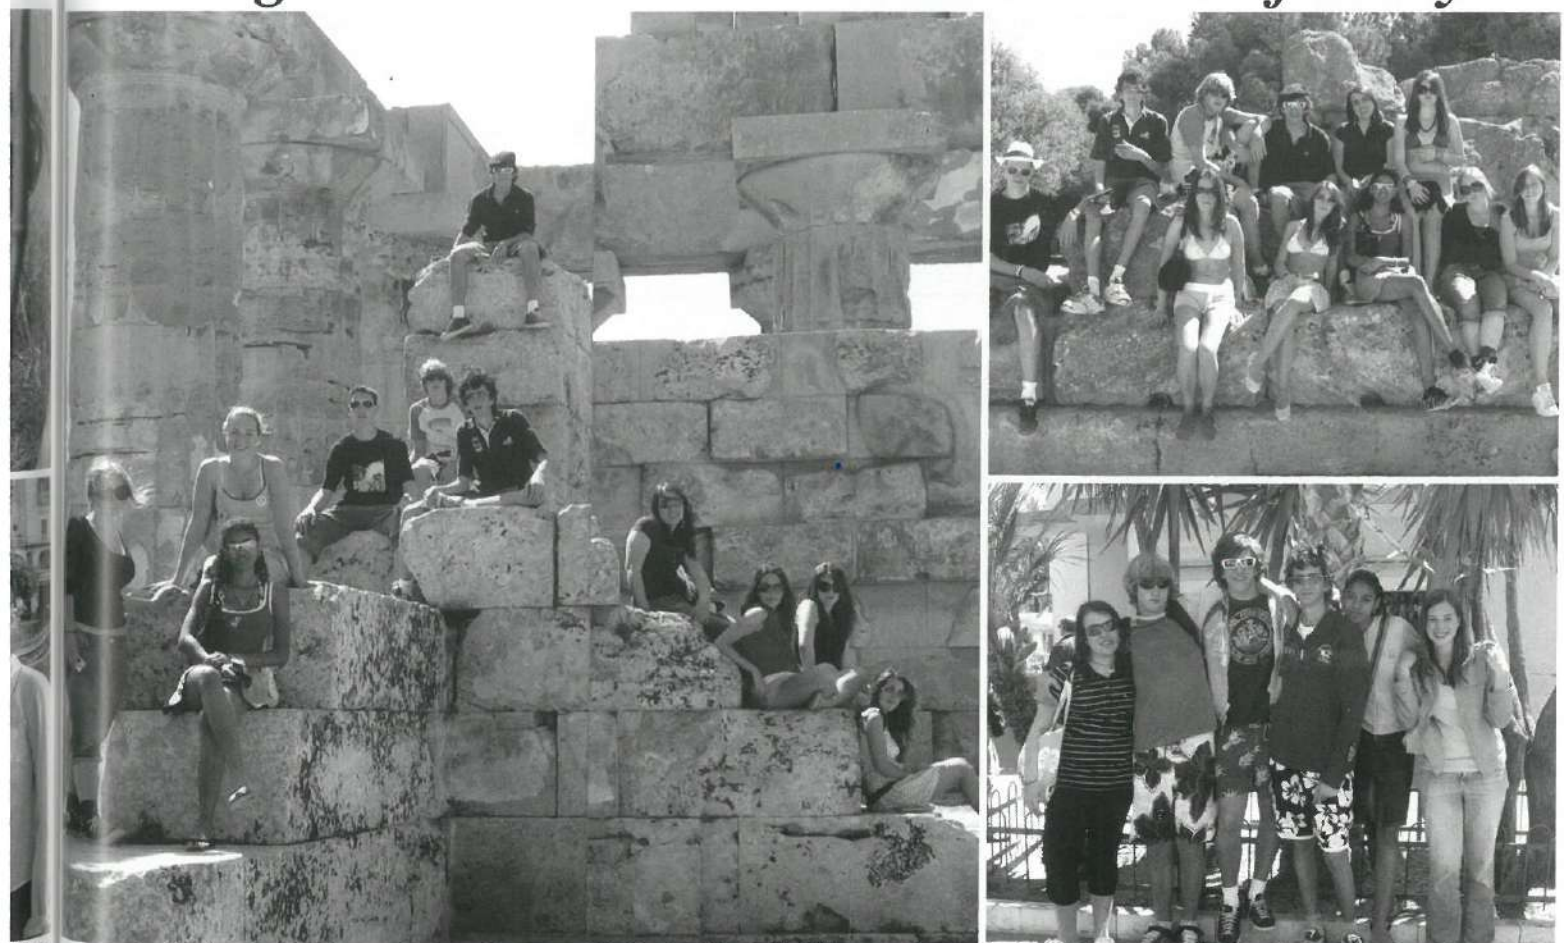

Biology students take a close-up look at Cevennes

For a group of 11th graders careful observation and collection of specimens concluded with analysis and reflection on a unique biology field trip to Cevennes, France

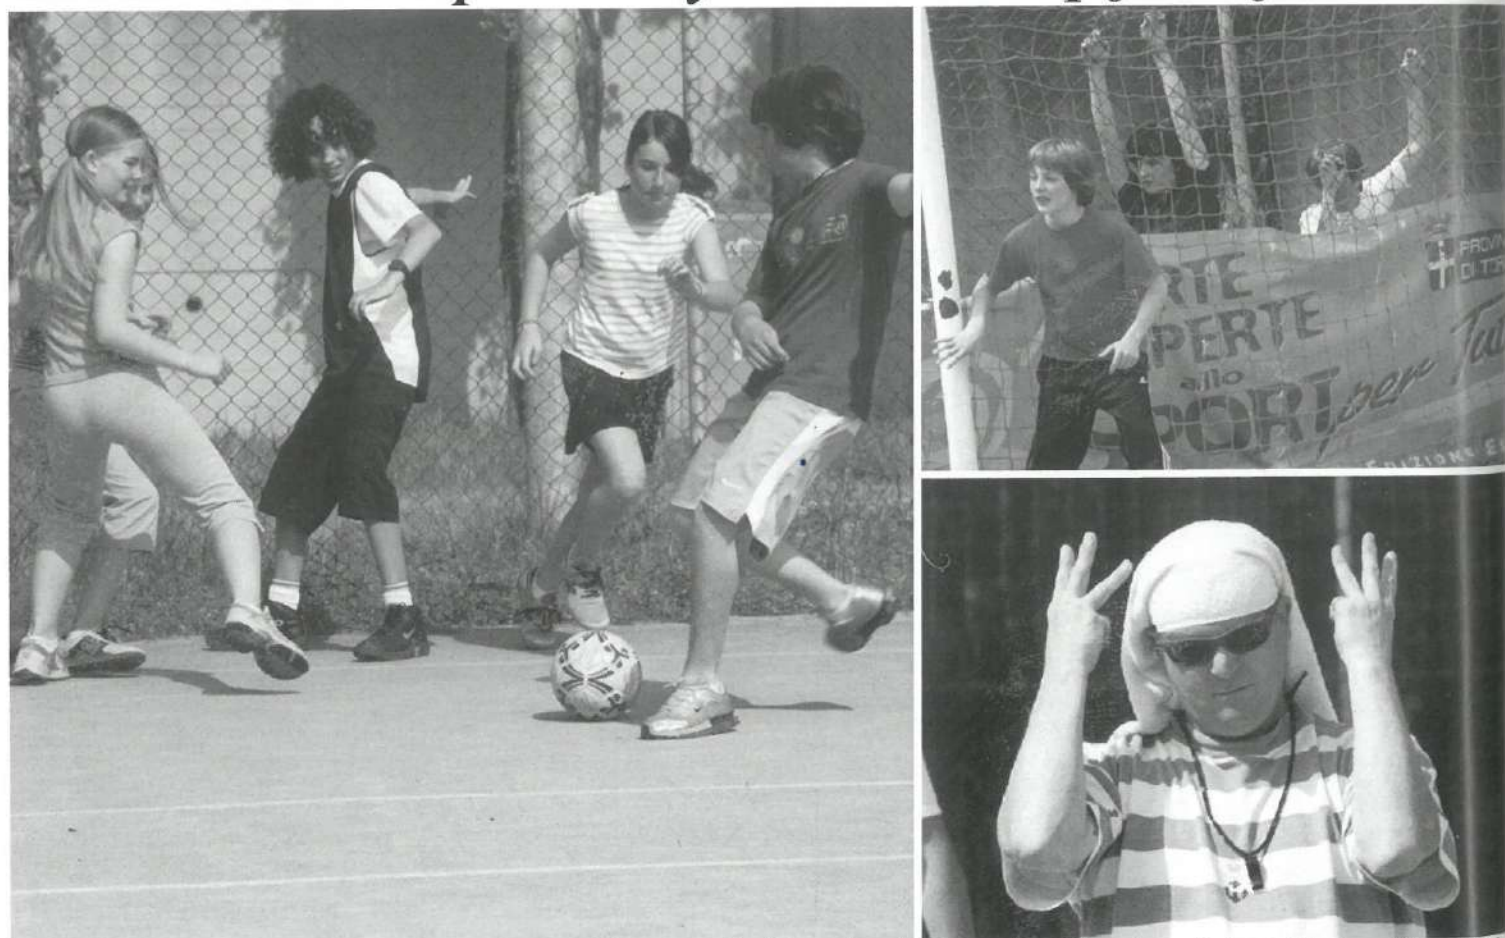

10th graders encounter the mute stones of Sicily

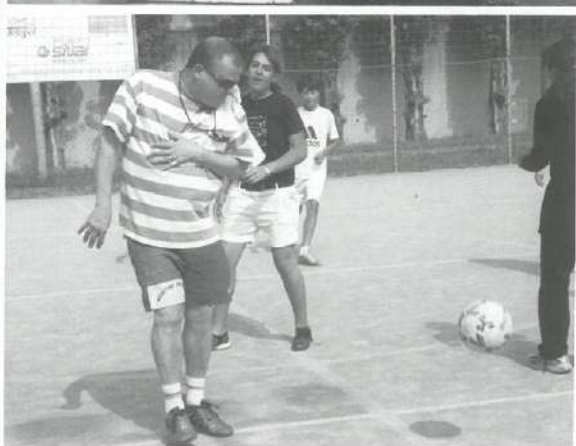

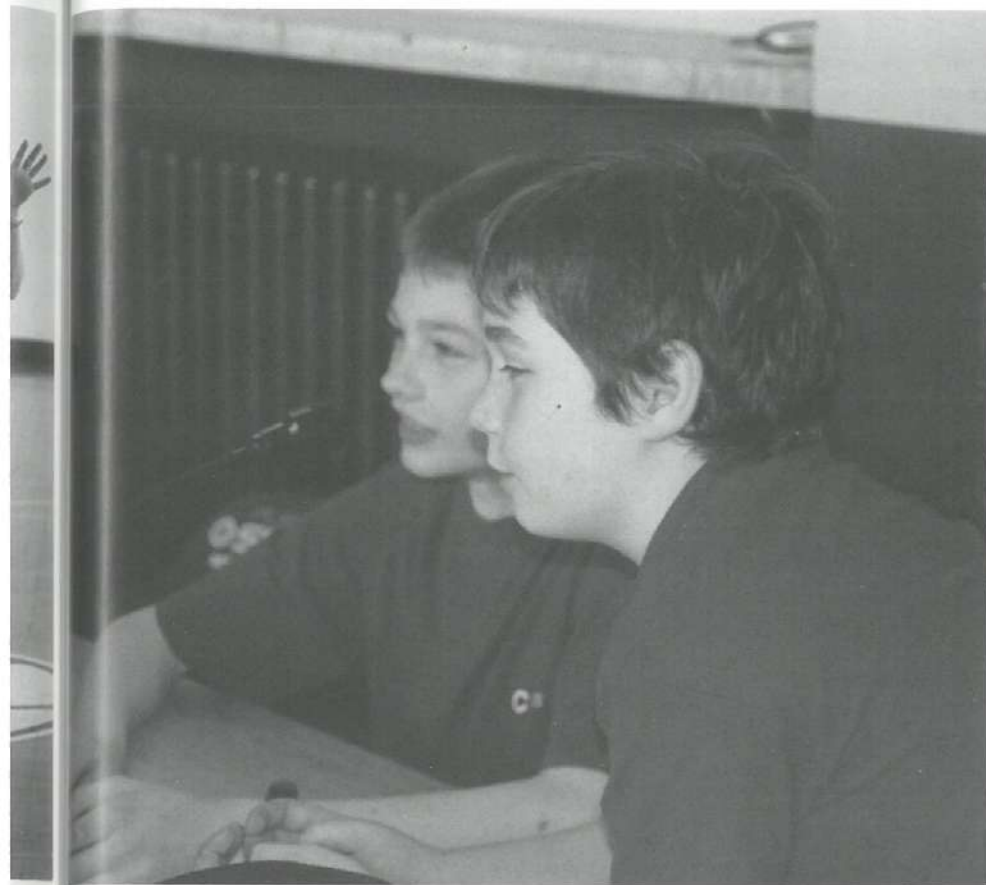

Amidst fascinating sites and natural beauty of Sicily, the 10th grade History students discovered the storied charm of its ancient temples.

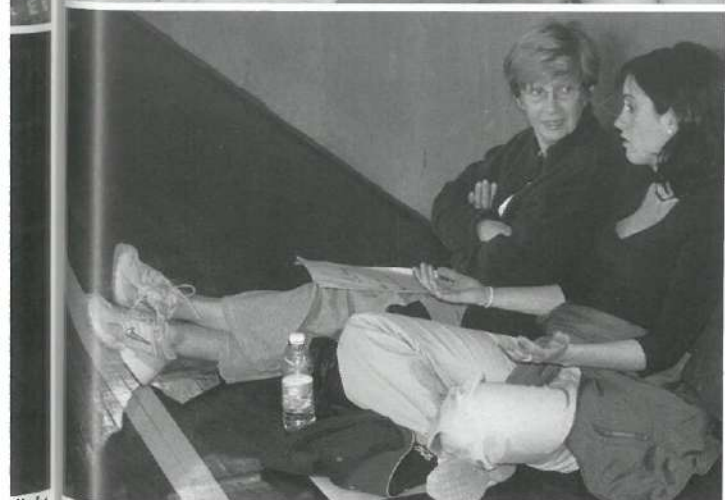

Middle School Sports Day: A World Cup full of emotion

Between matches, each team shared a unique conference with guest speaker Elena whose blindness allowed them to see their priorities in a different light.

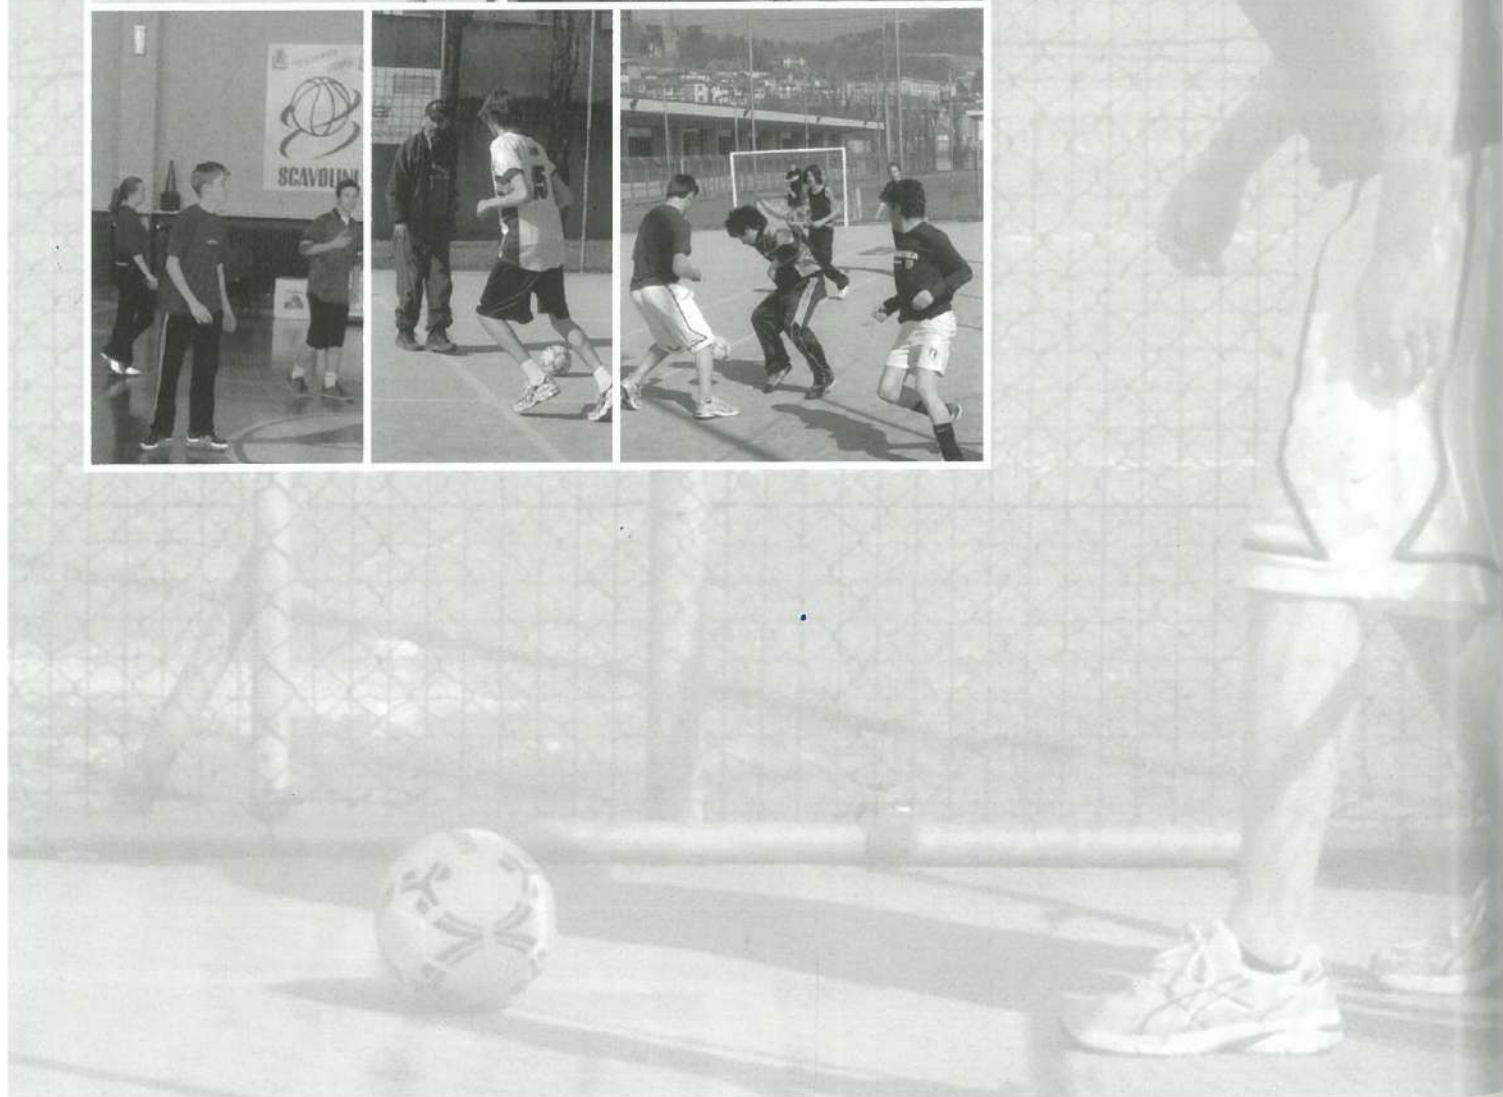

on High competition brought out the best in every athlete and spectator

Fun and Friendly competition prevailed as middle schoolers applied the lessons of sportsmanship and fair play.

High School Sports Day- A vigorous change of pace

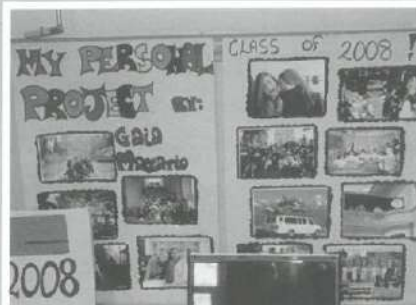

In exciting, fast-moving competition, high schoolers discovered the true meaning of sportsmanship and fair play.

Basketball Tournament Prize giving- Kudos for just being there

From high scores to loud spectators, awards recognized the spirit of participation.

MYP Personal Project Presentation

What is the Personal Project?

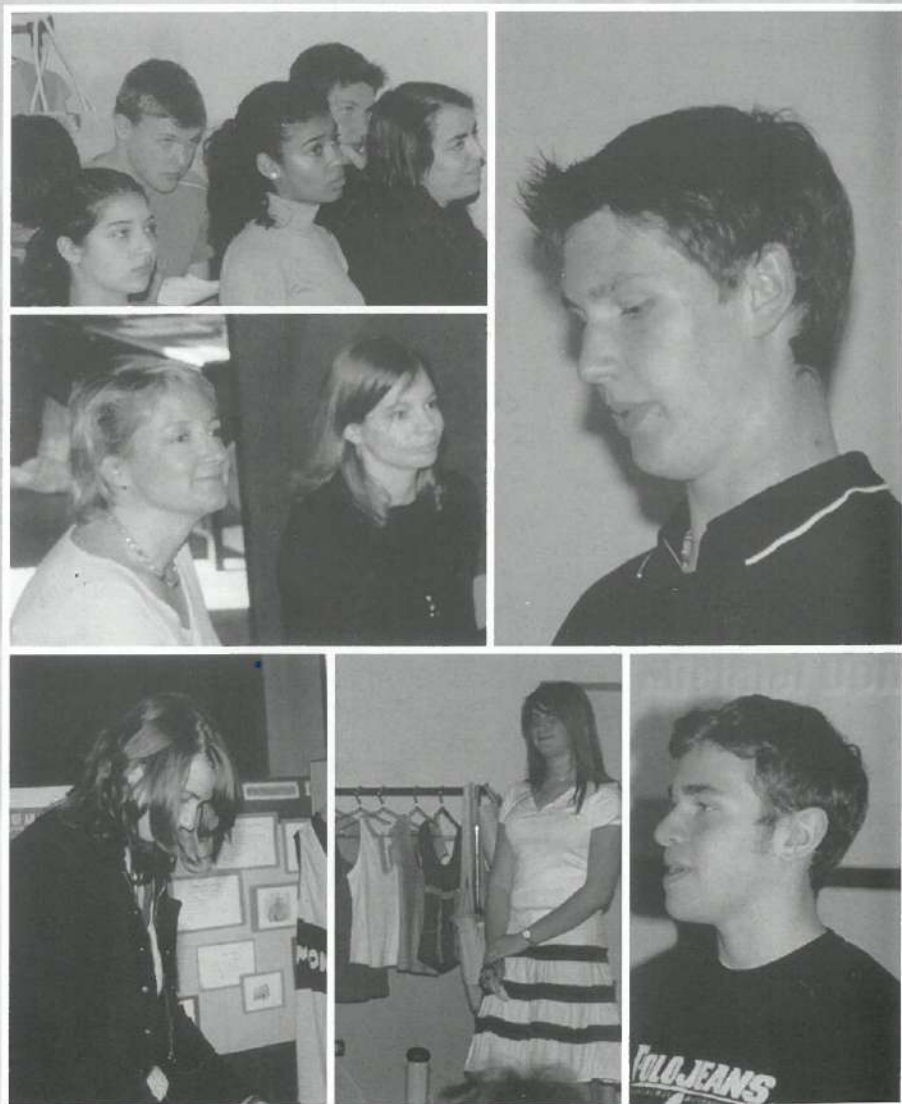

The Personal Project is an extended piece of work which is completed mainly outside the classroom. The Project emphasizes the PROCESS of work, rather than the product.

The Project is not subject related and this allows the students to choose topics that truly interests them.

Whatever topic they choose, students must relate their work to the Areas of Interaction: Community Service, Health and Social Education, *Homo Faber*, Environment, and Approaches to Learning. Their projects, therefore, are a culmination of the aspects of the Middle Years Program.

This year's students have worked independently on their chosen project, acting on the appropriate guidance given by their supervisor. Each of them has kept a process journal which documents their journey leading to the final project.

A year of intensive research and development of personal MYP projects reached a

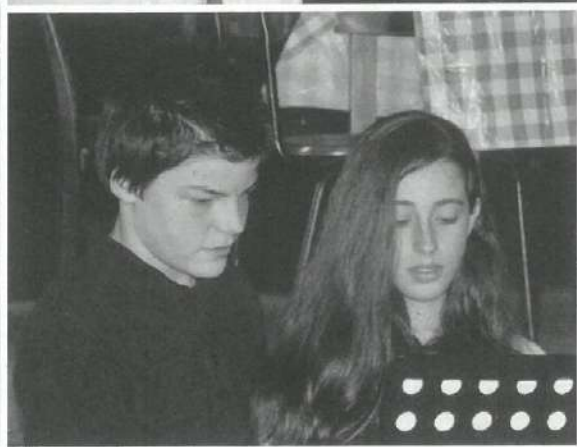

ed a satisfying conclusion with the 10 graders' brilliant presentation to the whole school.

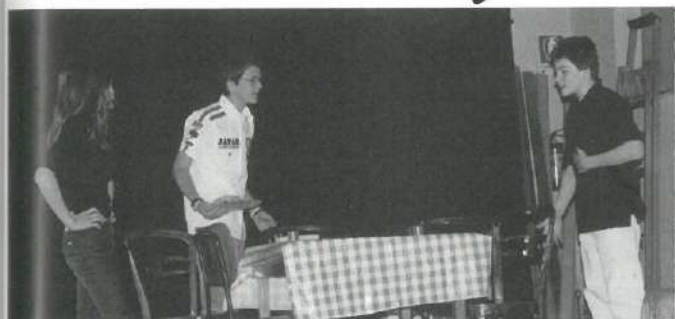

The Warhammer Club: not for the weak-hearted

Every Tuesday afternoon, young strategists gather around the game board to out-manoeuvre their fearsome foes.

The French Play: an Eighth grade "hors d'oeuvre"

In a series of humorous skits with a restaurant setting, eighth graders put their French skills to a test.

it all together, once again.

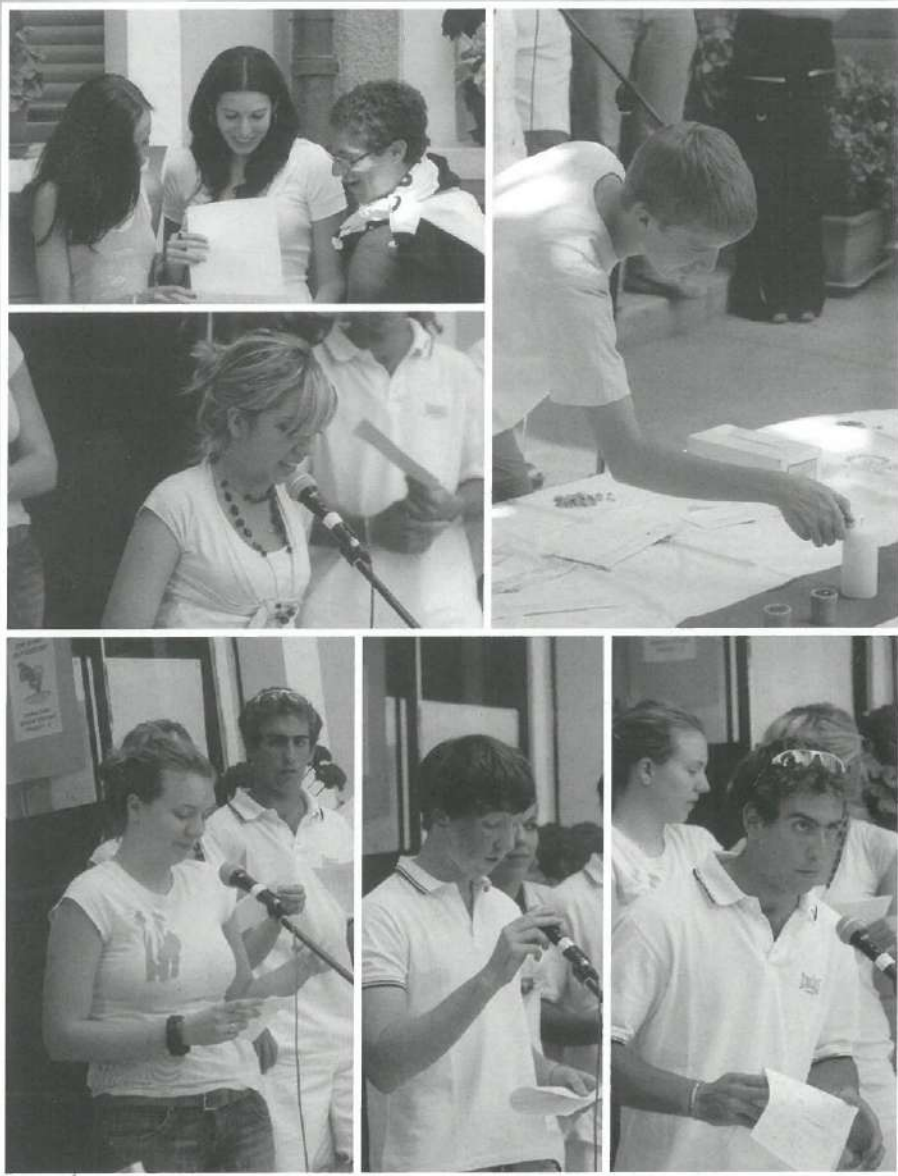

Confidently presenting their colors and cultures, each country contributed to the ever-popular manifestation of ethnic pride.

Academic Awards: Kudos for high achievers

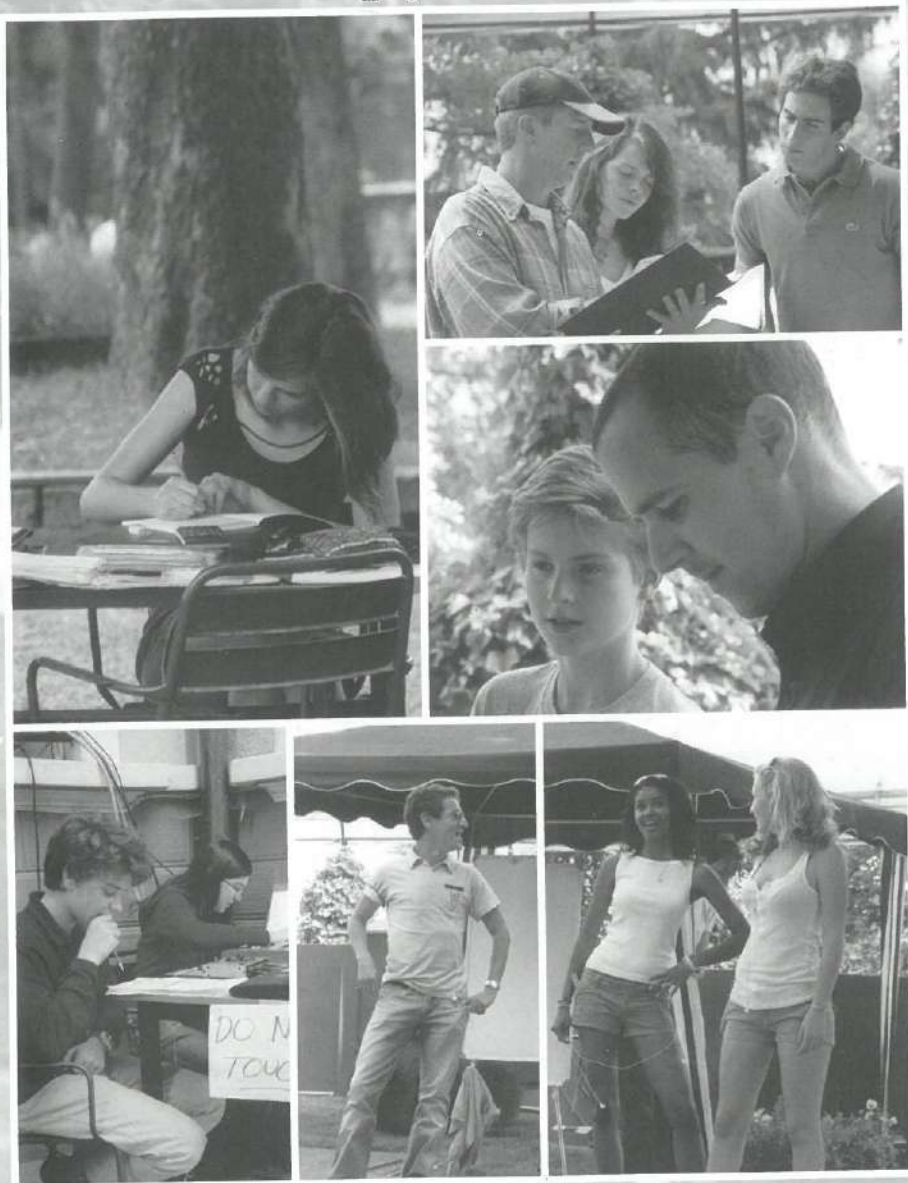

Determination to succeed, hard work and a positive attitude all received their due rewards at a Special Assembly.

The National Honor Society

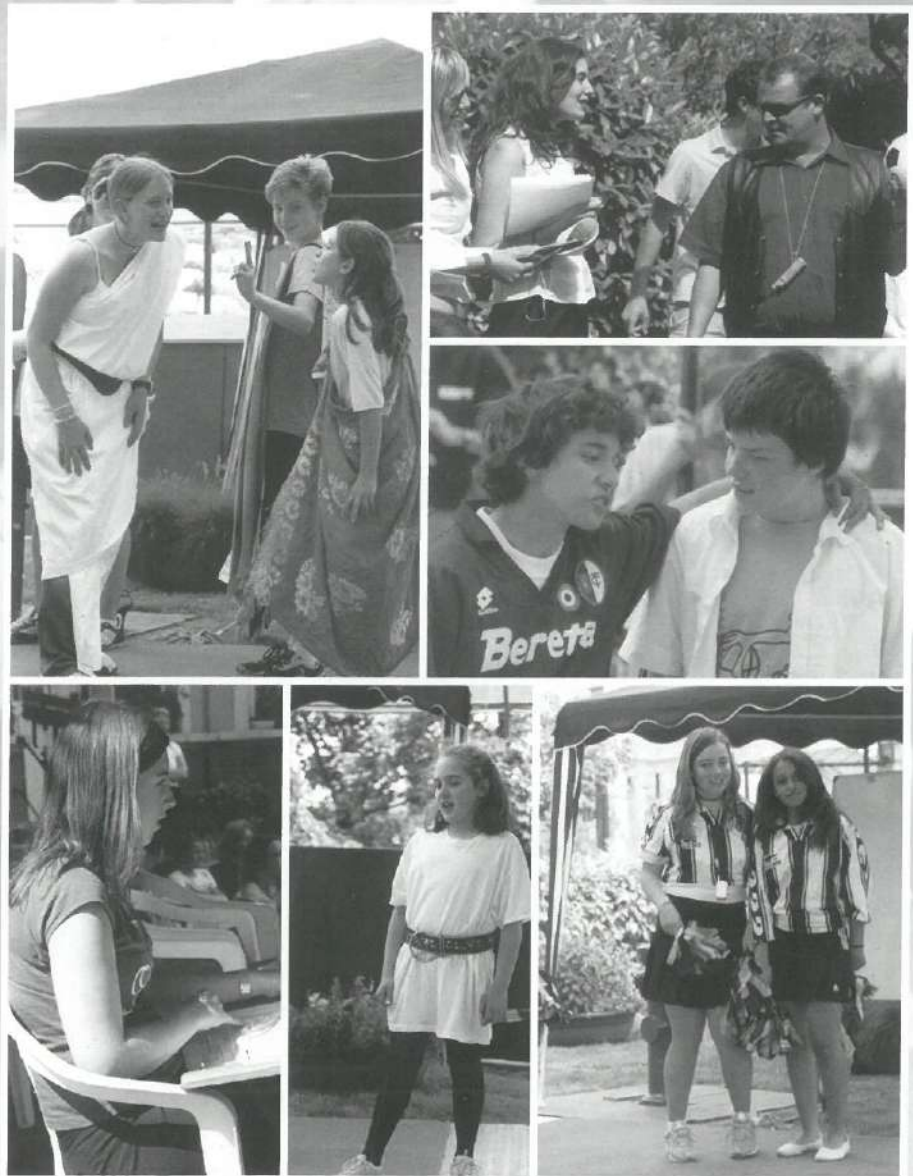

New members distinguish their academic and personal qualities as they qualify for admission to the prestigious National Honor Society.

Two thumbs up for "Over the Top"

Written and presented by a team of students and teachers, the annual school play was a great home-grown success.

The necessary sacrifices of free time, class time and even Lunch time paid off as the ACAT players brought "Over the Top" to the stage.

STUCO: the folks that placed Jerry t

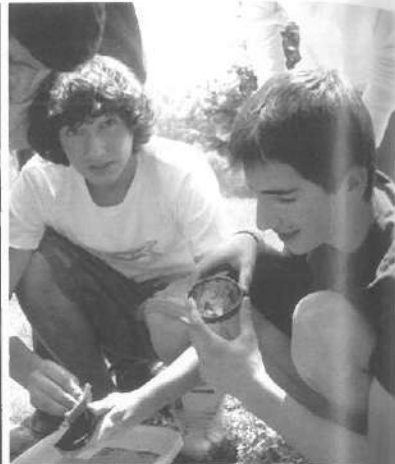

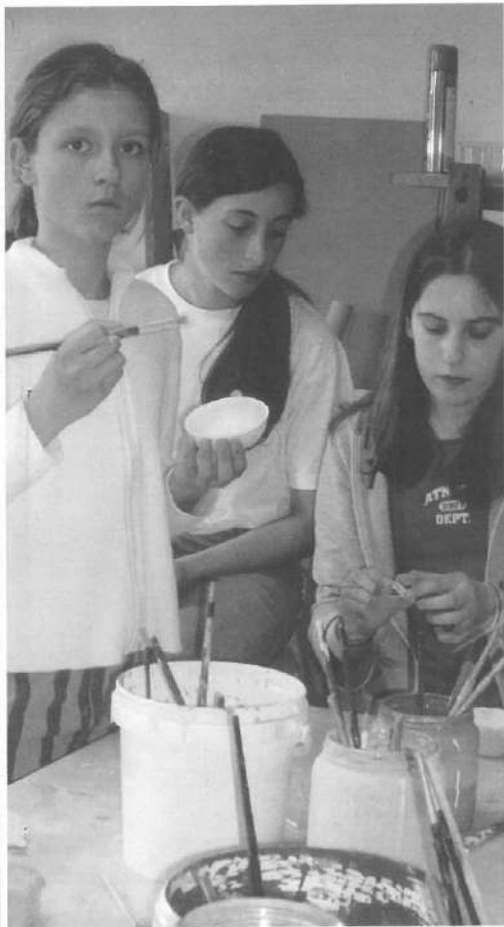

Seasonal dances, technological support for special Assemblies, break-time snacks and spirit days are a few of the

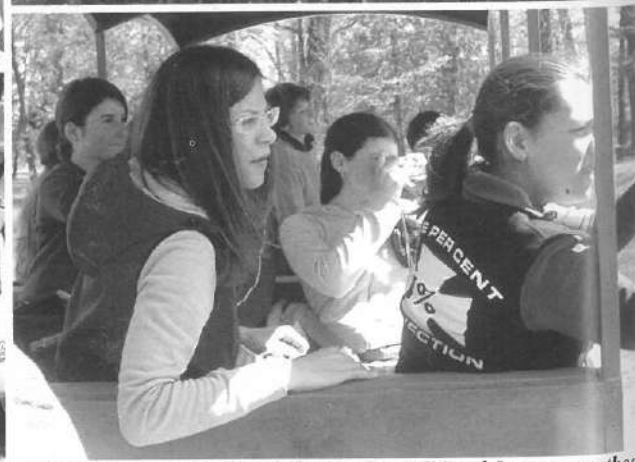

by the giraffe in your classroom

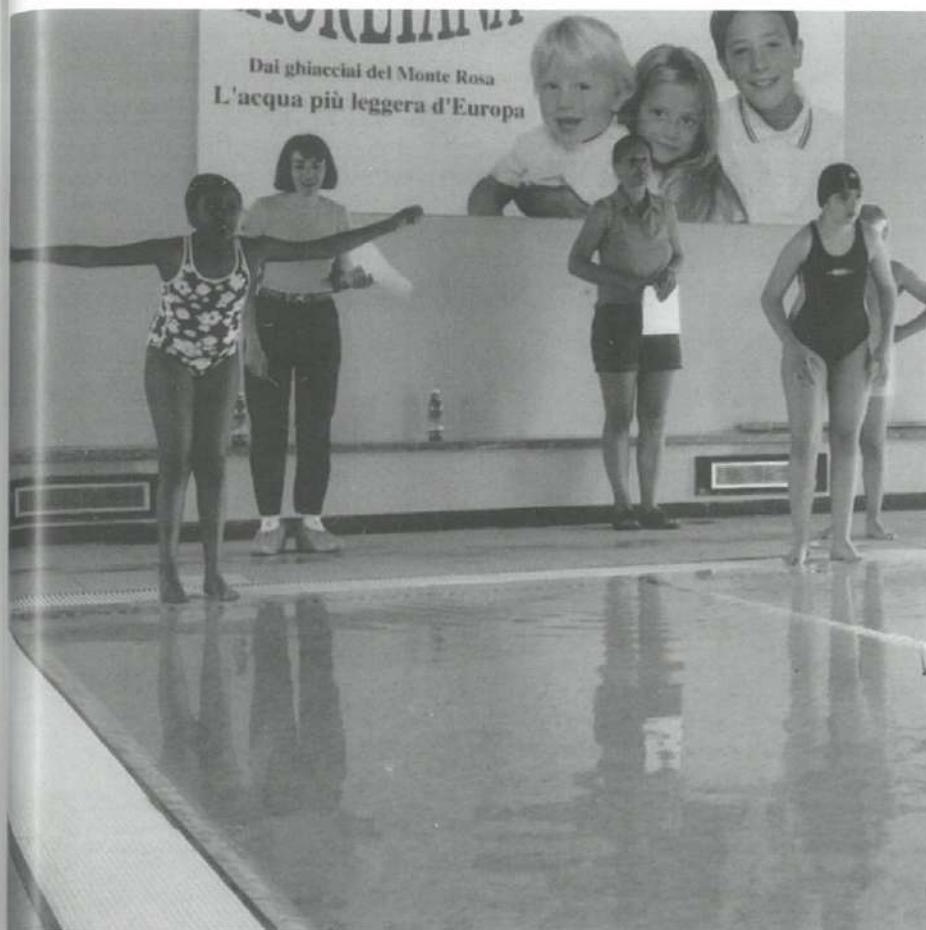

the achievements the student council can place on its check-list for another successful year. Many thanks for a job well done.

The Italian Classes Discover RAKU and more

The Ancient art of RAKU provided the Italian Students with a unique experience as they reproduced their own ceramic pièces following the traditional Japanese method.

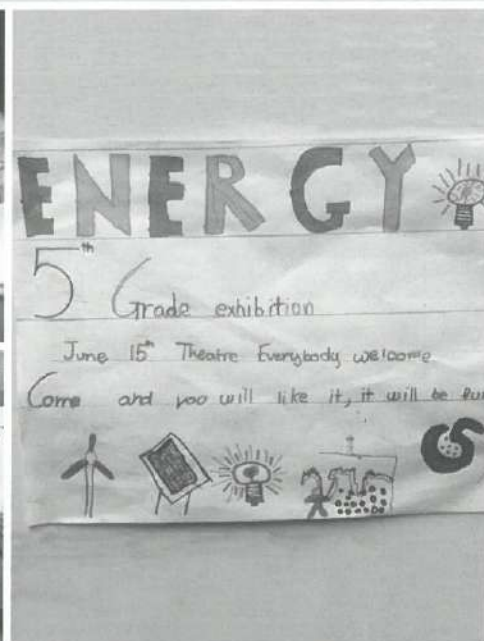

Swimathon - Freestyling with a heart

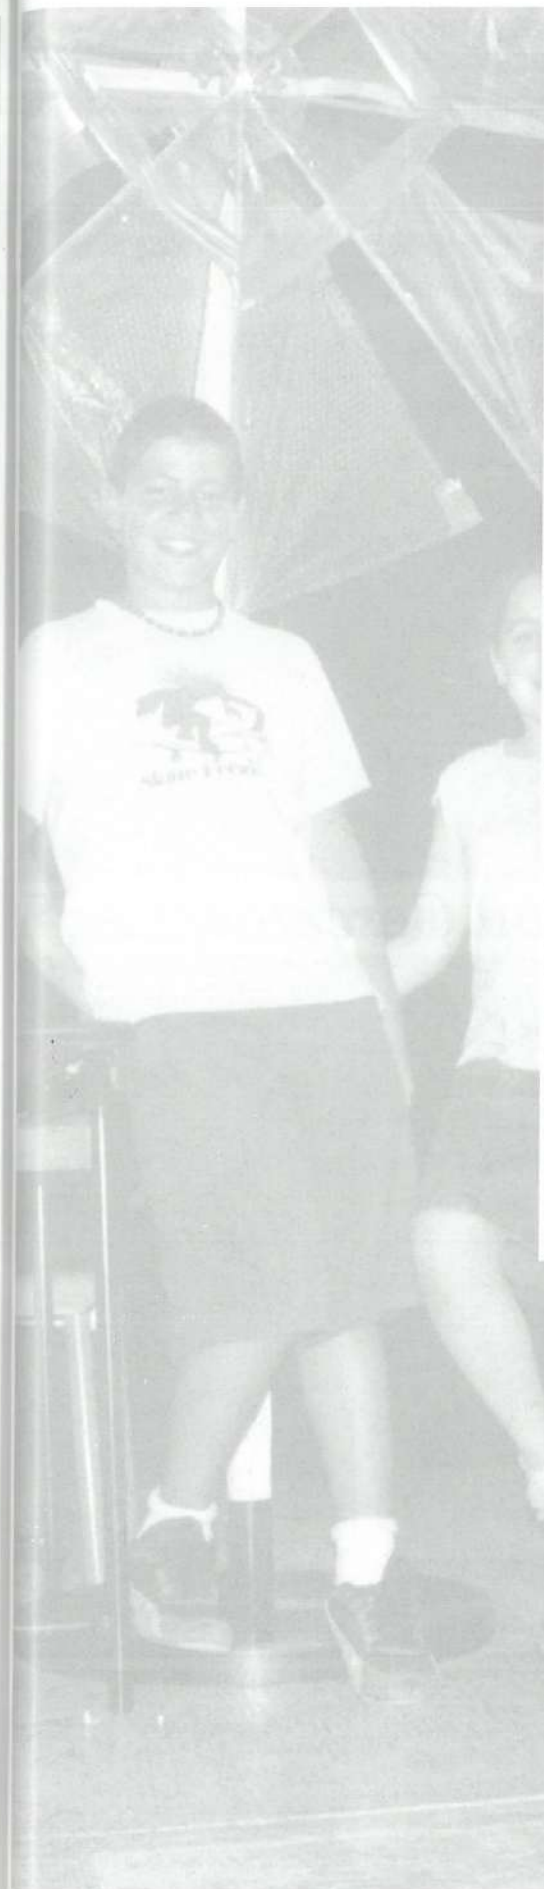

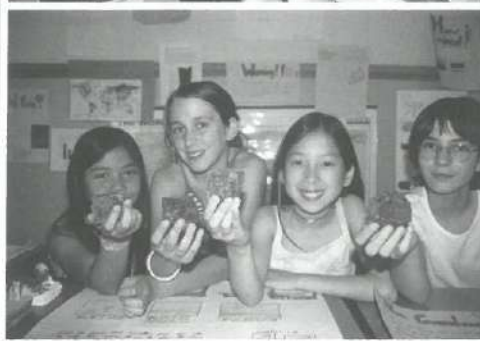

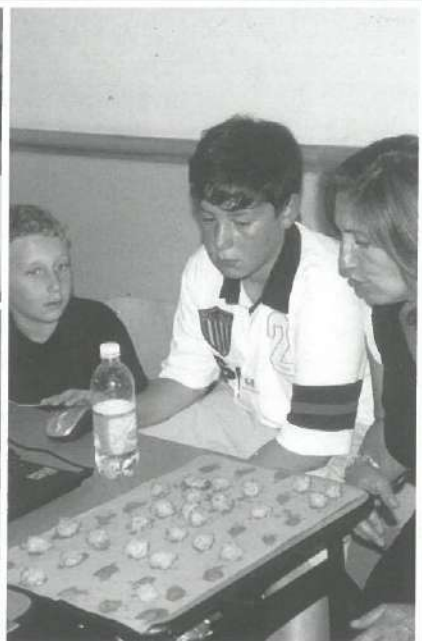

In a heartwarming display of solidarity for an ailing schoolmate, Elementary Swimmers participated in this very successful fundraiser.

Fifth Grade Energy Exhibition - a Lesson for everyone

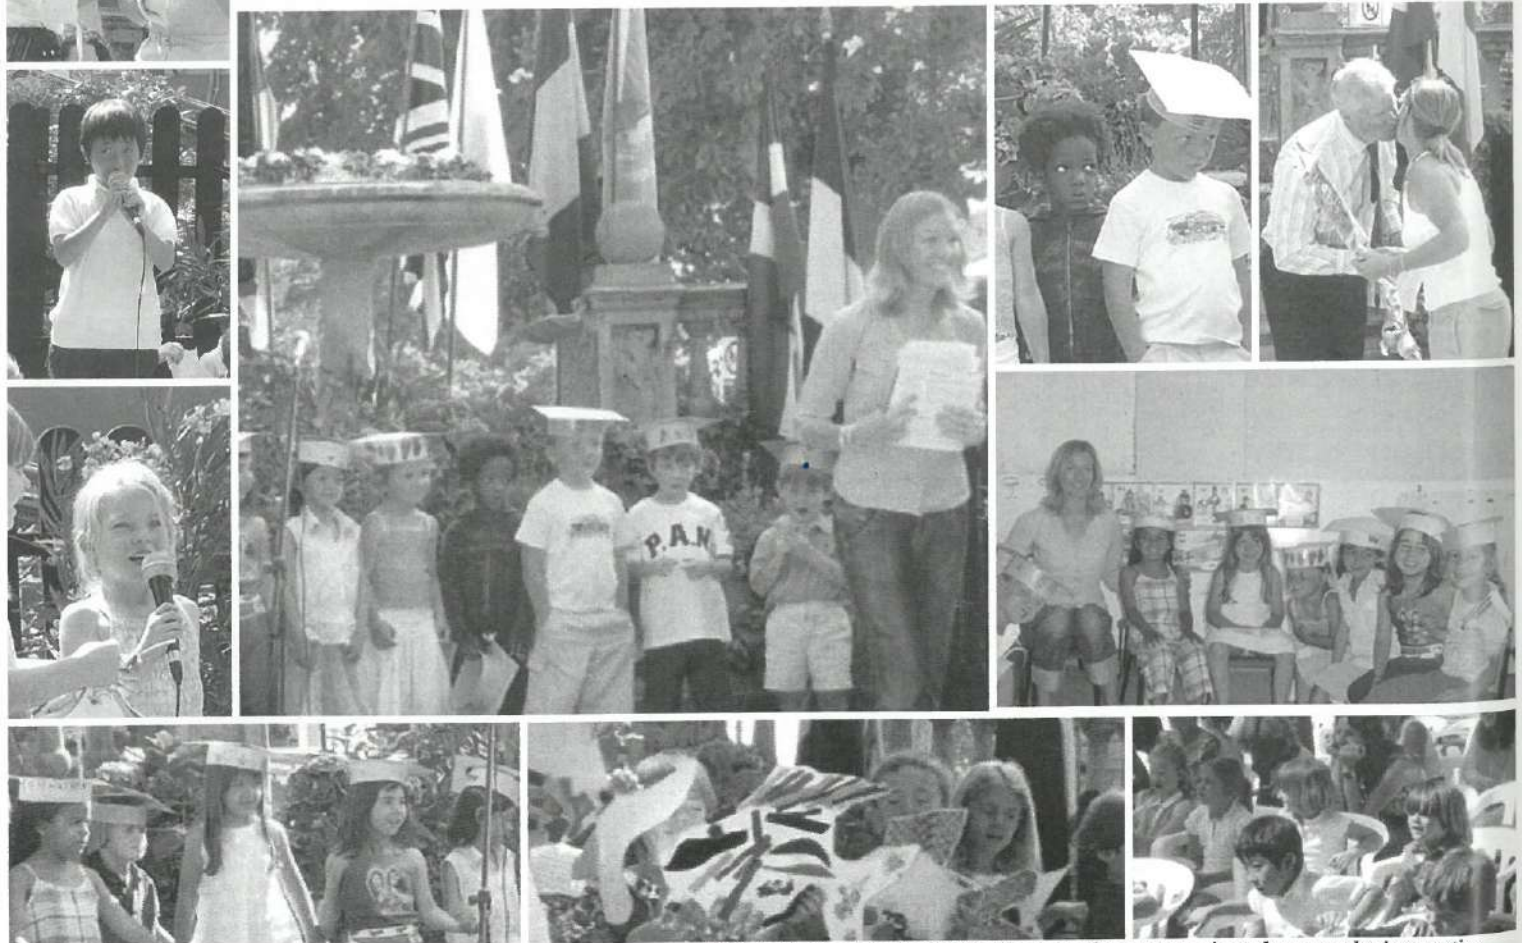

As the culmination of a fascinating research project on Energy (its uses and misuses) the fifth graders ably

Presented their finding to the ACAT Community. Congratulations for a Job well done.

Pre-School Promotion Ceremony: A

The Chieri Project - A Momentary Glimpse at the future ACATIST

In mid June, fortified with propaganda materials, photo displays, and foresight, a group of ACAT representatives participated in a twin city festival sponsored by the Comune of Chieri at Bonafus. Commemorating its on going relationship with Nanoro (Burkina Faso) the city of Chieri recognized ACAT's connection with Nanoro and invited us to set up a booth overlooking the proposed site of the new ACAT.

A warm reception by Agostina Gay Mayor of Chieri and local officials highlighted the day with a hint of the school's future status and well-being in a beautiful country setting.

Parting is such sweet sorrow - as long time members

An ACAT reunion photo representing over 30 years of ACATEERS.

An emotion-filled ceremony recalled the many warm memories of past years as students and colleagues bade farewell to departing colleagues - Teresa, Alise, Anne Sigliano and Carla Boffa.

of the ACATIST Community take their leave of ACAT

We say goodbye but with profound esteem and with a sincere wish that for you now and forever your lives will be filled with the same kind of joy you have brought to ACAT.
