The ACATIST Community - A Tradition of Interconnectedness

Throughout this yearbook, photos of class activities, every day school life and whole school events reflect the spirit of our school community - sharing ideas, working together, and reaching out to others. On the cover and here especially we want to show that spirit as seen in the two most characteristic events of the school year - the STRACAT and International Day - occasions when a genuine spirit of community brings us together. It is with this spirit in mind that we have compiled our book of memories for the past year. As you peruse these pages, we hope that you also may be comforted by warm recollections of another year at ACATIST.

MARIA DOLORES SANCHEZ MARTINEZ

As a mentor, a teacher and a friend
you inspire us to dream, to work
and to reach.

With your kindness, you capture
our attention and stimulate our
curiosity and motivation to know,
to grow and to succeed.

With your wisdom, style and grace
you made us see that whatever we
choose to seek we'd surely find.

We thank you for all you've done,
you are doing now and will do.

We will never forget your teaching.

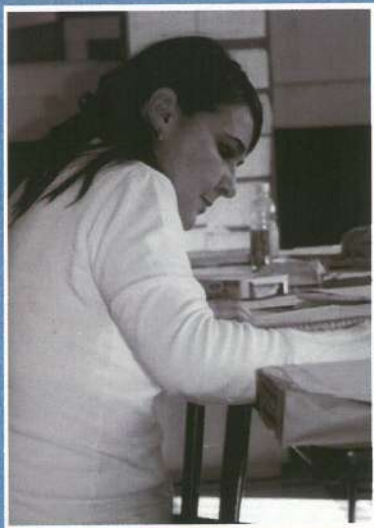

Como mentor, profesora y amiga usted
nos inspira a soñar, a trabajar y a
alcanzar lo que queremos.

Con su gentileza, usted captura
nuestra atención y estimula nuestra
curiosidad y motivación por el saber,
para crecer y para tener éxito en la
vida.

Con su sabiduría, estilo y gracia usted
nos demuestra que podemos conseguir
todo lo que nos proponíamos.

Le agradecemos por todo lo que ha
hecho, lo que hace y lo que hará.

Nunca olvidaremos sus enseñanzas.

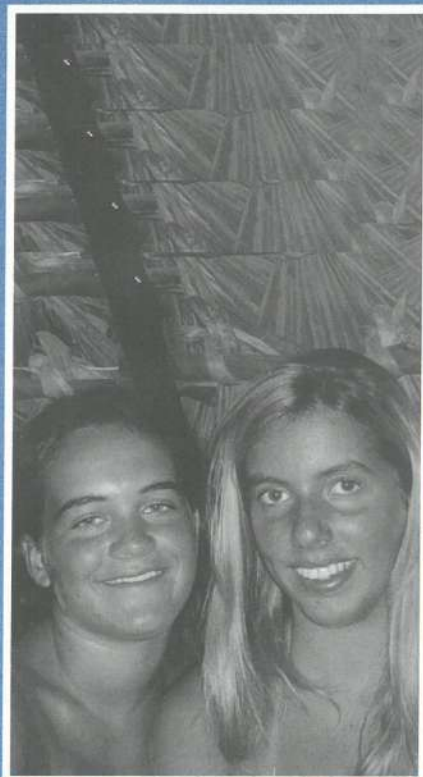

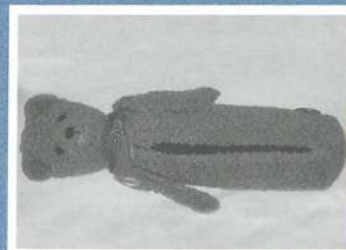

ACADEMICS

ACADEMICS

It is the mark of an educated mind to be able to entertain a thought without accepting it.
Aristotele

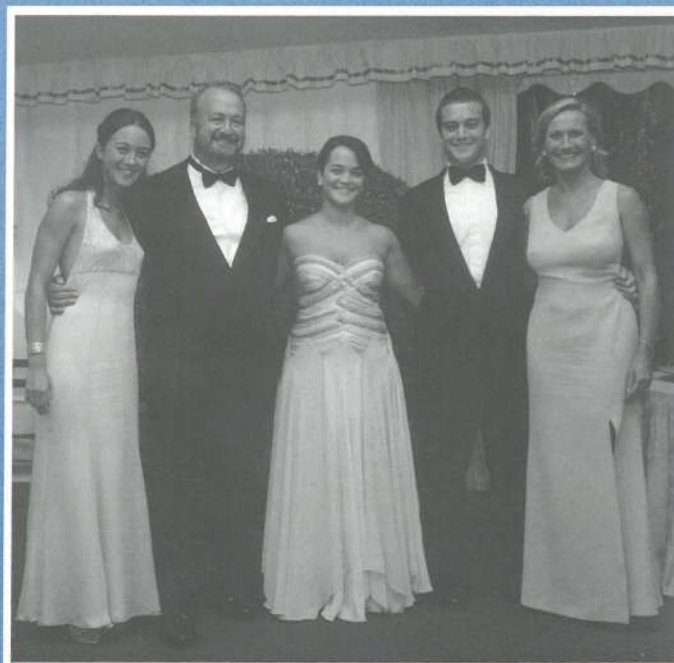

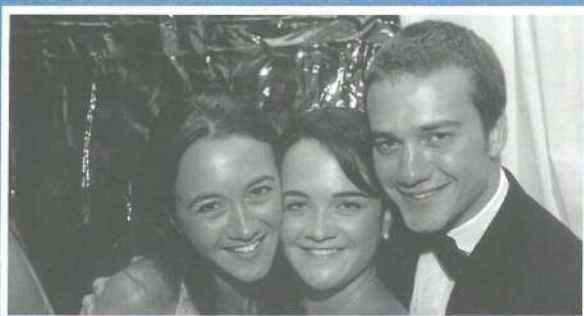

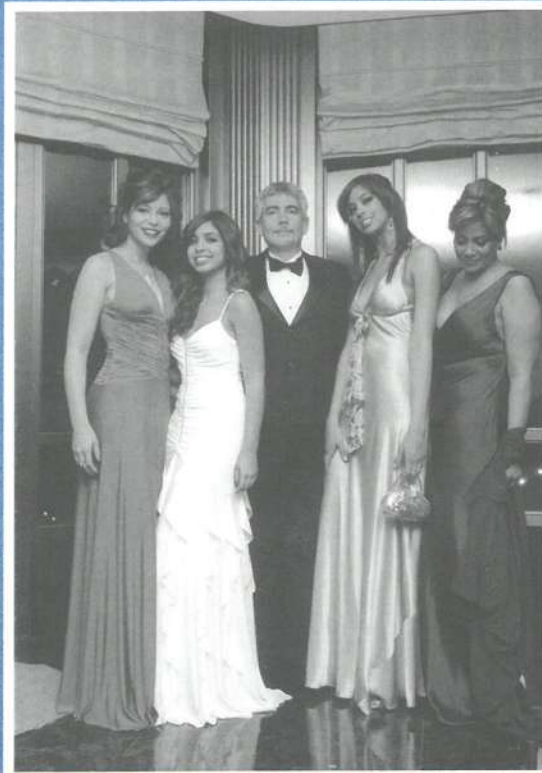

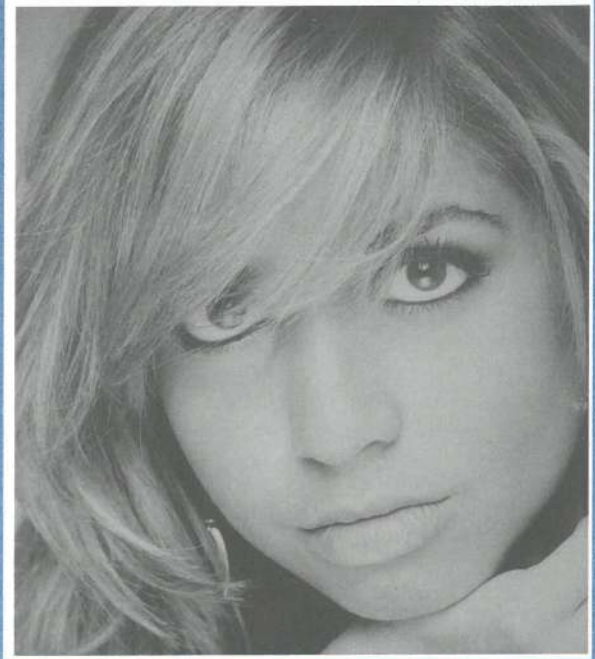

Francesca
Aprile

Francesca Aprile

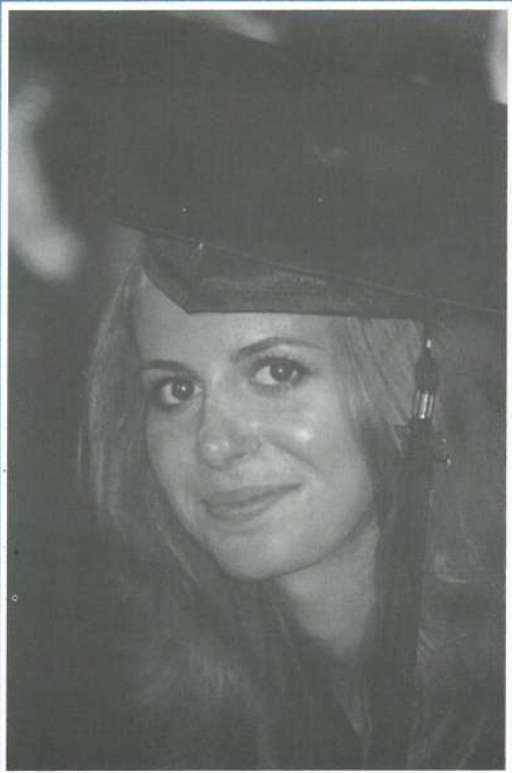

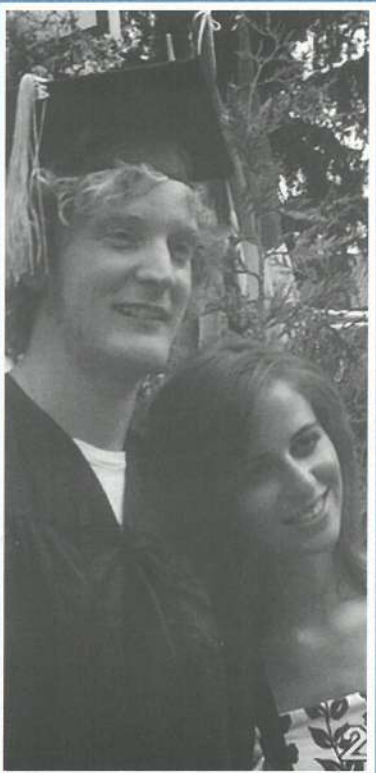

Francesca is a kind and beautiful person; her friendship is faithful and spontaneous. Her determination has allowed her to acquire two new languages, English and Spanish. This reflects her great academic abilities. Francesca has been a friend to us all since the day she arrived in ACAT, with her radiant personality and her unforgettable laugh.

Francris Arata

Smart, artistic, and full of talent, Francris amazes the class every day with her new paintings. Francris's hard work and dedication have often been recognized and rewarded within the school's community. Her future career in fashion design will surely be a success. Her Venezuelan origins bring to life her passion and charisma occupying a place in everyone's heart.

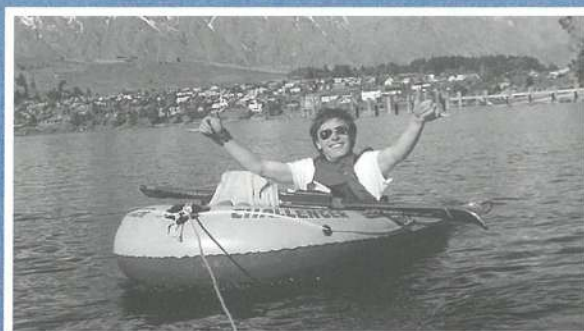

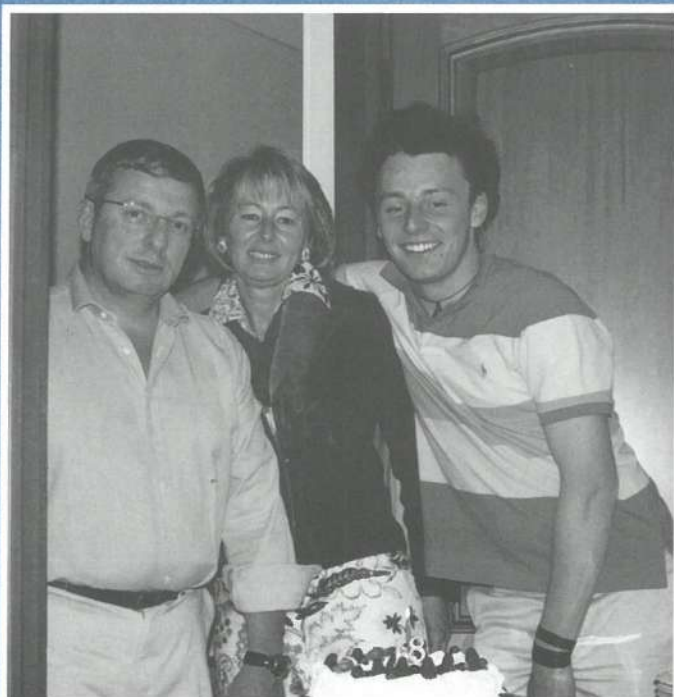

Camilla Arrobbio

Camilla "Whammers" is probably one of the most controversial and non-conformist students of Acat-Ist. Seemingly dark and twisty on the outside, Camilla on the inside is so sweet it makes other people's teeth hurt. Drinking her daily Red Bull, Camilla transforms herself into what can be seen as the Italian version of "Wonder-Woman", making her saviour of the unlucky, and terror of the teachers.

Andrea Avondetto

Andrea most commonly known as "Avo", with his energetic and impeccable sense of humour took the center spotlight, stirring up the class atmosphere. When on the snow, Andrea tears up the slopes with his daredevil skiing style leaving his "Olympic rivals" out in the cold. Avo's academic performances are known in subjects such as Physics and Mathematics High Level. Avo will always be remembered as "The Man".

Andrea Bellagarda

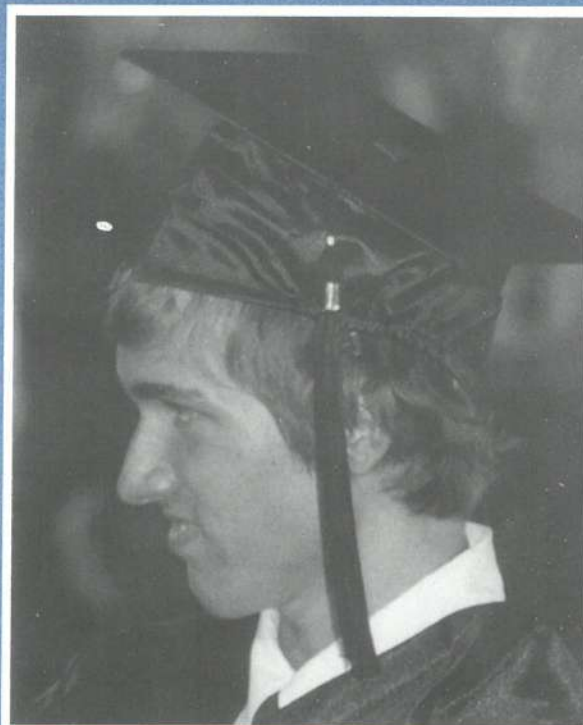

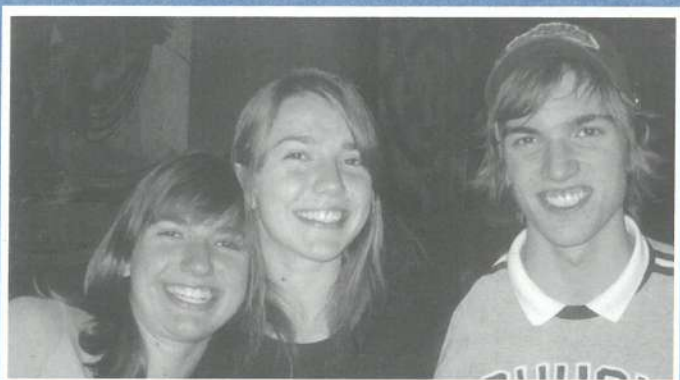

Andrea Bellagarda

Tough on himself, Andrea pushes for perfection as he prepares to succeed in a career in law. With his many academic triumphs such as the Student Council President, Andrea represents the spirit of ACAT. His presence is undeniable and his energy overwhelming, his extravagance and amiable character made each day start with a new "rise and shine; we're in school".

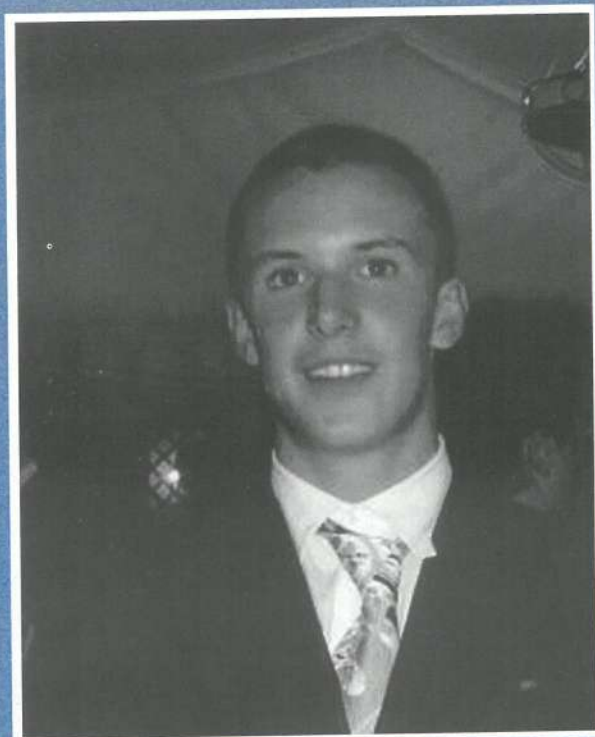

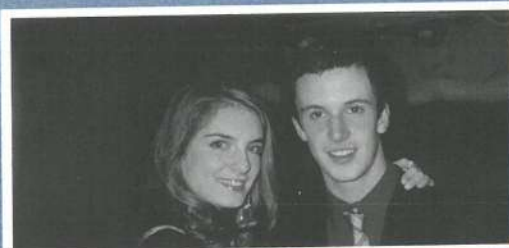

Nick Billiet

Nick Billiet

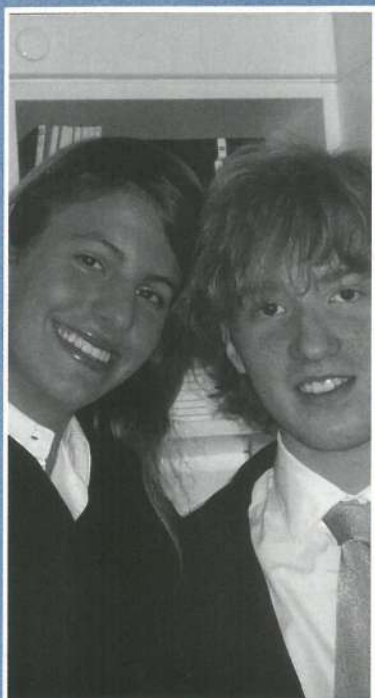

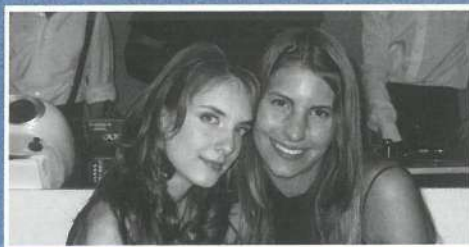

Nick is a hardworking student with a passion for basketball. His thin figure despite his voracious appetite is envied by all the girls in the class. Always at ease and optimistic Nick is constantly ready to give support in a time of need and give words of advice to the future class of 2007. His great sense of humor and kindness have left their mark on ACAT.

Alessandro Cittone

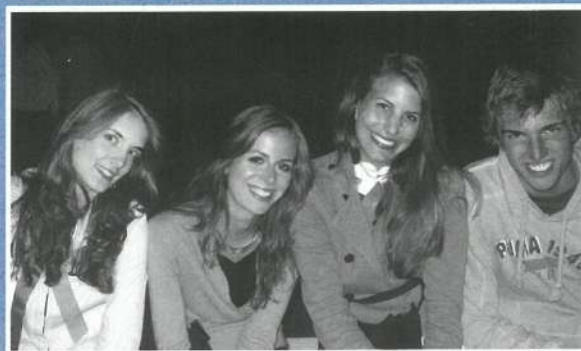

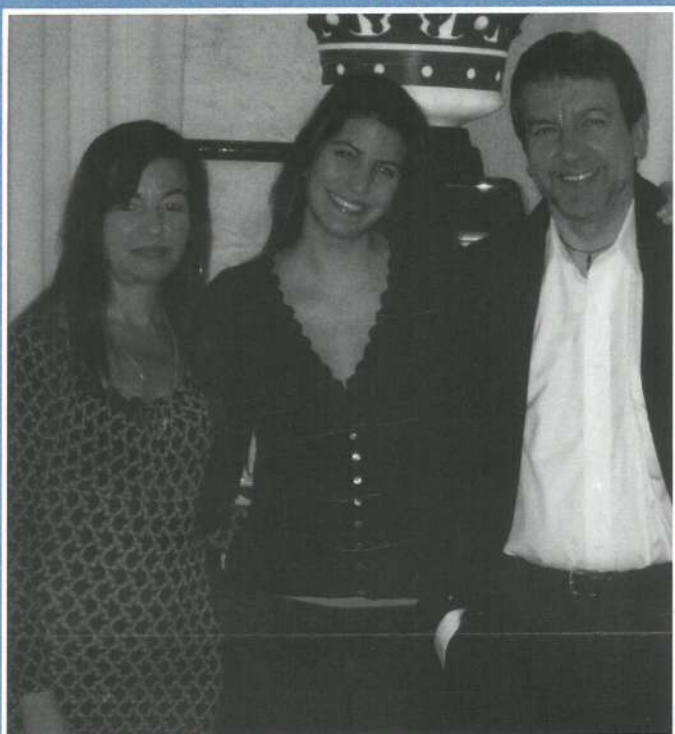

Always entering the class with a smile on his face, Alessandro manages to lighten up even the darkest moment in Acat life as he recalls his encounters with one of his many girlfriends. With his participation in many of the school activities, from the Soccer club to Spirit days, Alessandro's time at Acat can be seen as entertaining, but beneath the surface there is the academic champion dedicated to studying, making Alessandro an unforgettable memory for many students.

Carlotta
Corno

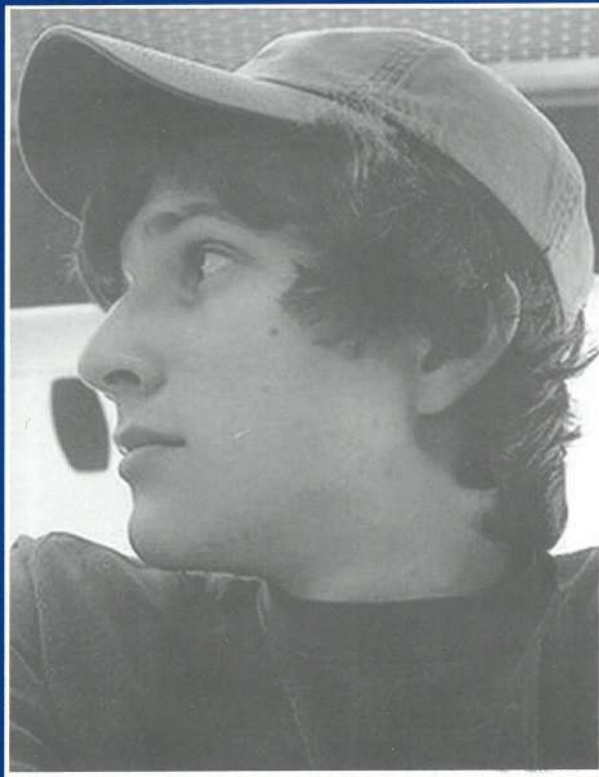

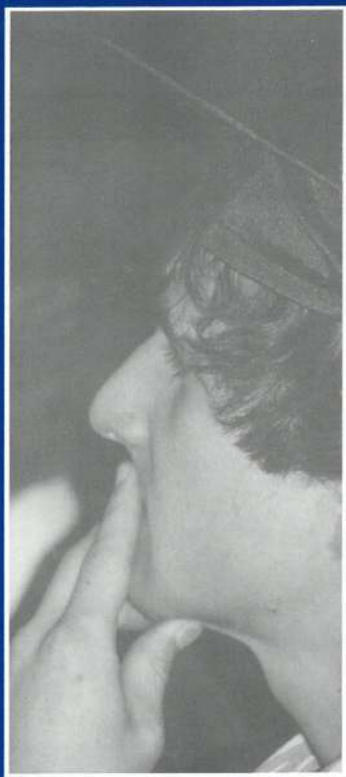

Carlotta Corno

Carlotta, better known as "Ona", is a warm and sensitive person. Throughout her years at ACAT, she surrounded herself with loving friends whom she would support in time of need with her cheerful smile. Carlotta is a determined and dedicated student always ready to challenge new ideas in Spanish class. Passing her time at football games, Carlotta expresses her immense passion for Juventus.

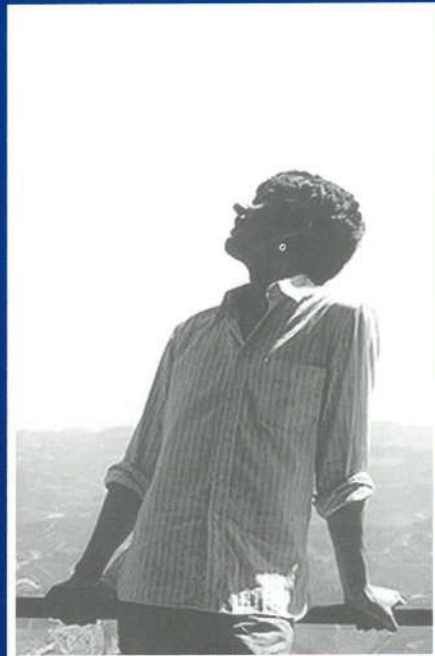

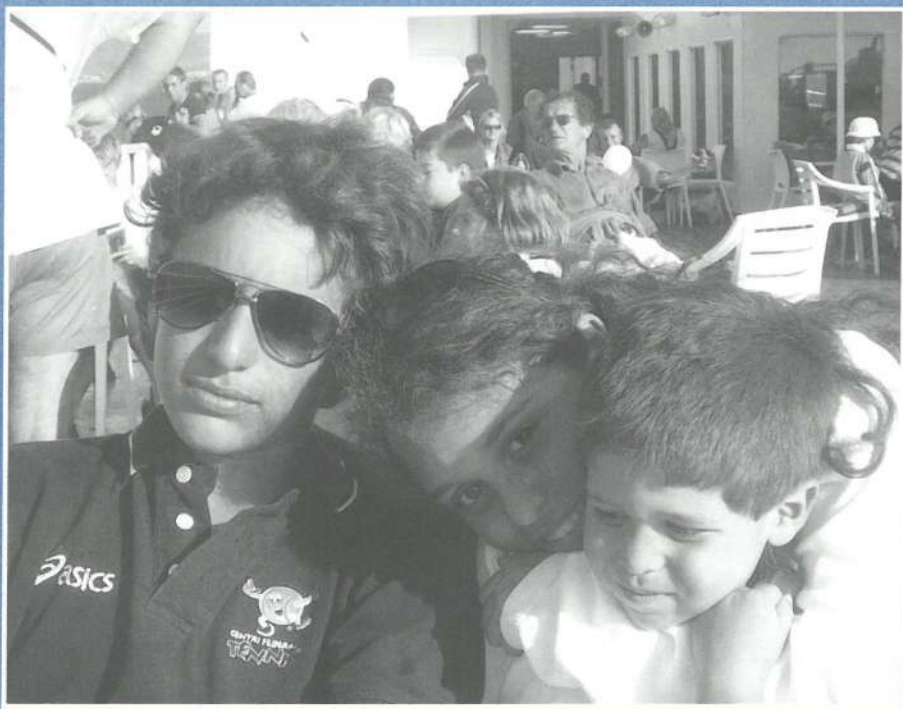

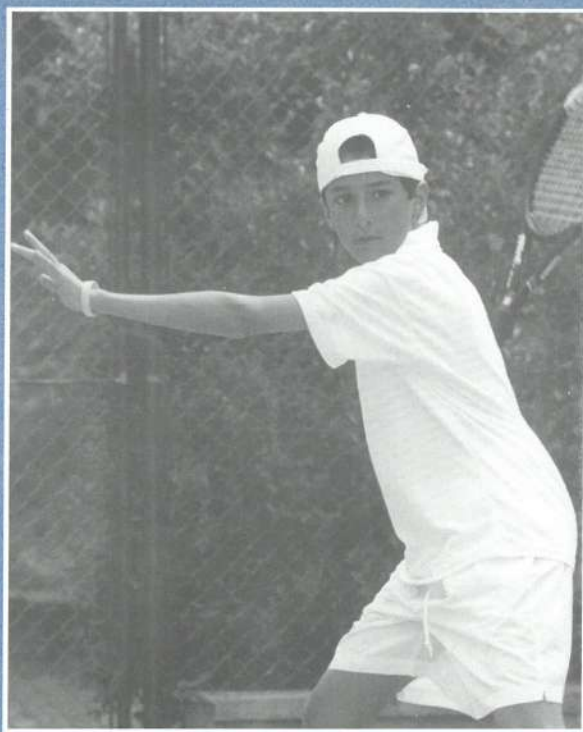

Agordano

Andrea Giordano

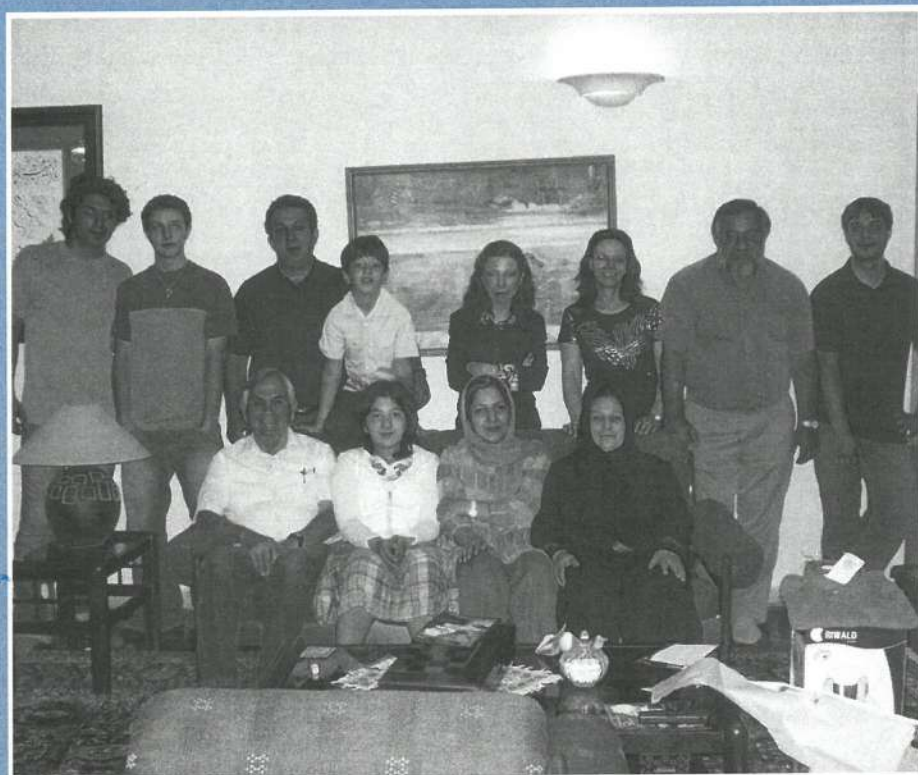

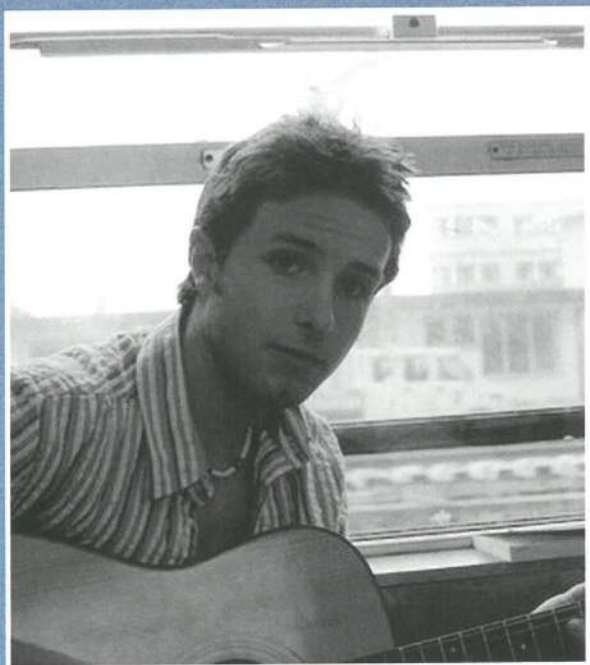

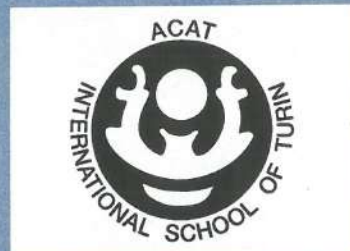

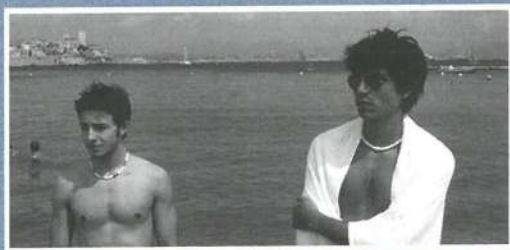

Lover of cars and photography, Andy divides his interests between sport and art. Andy's clever talent shows his potential not only in his many inventions but also in all of his scholastic activities. Andy's future will be one of a brilliant architect, planning for the best buildings in the world.

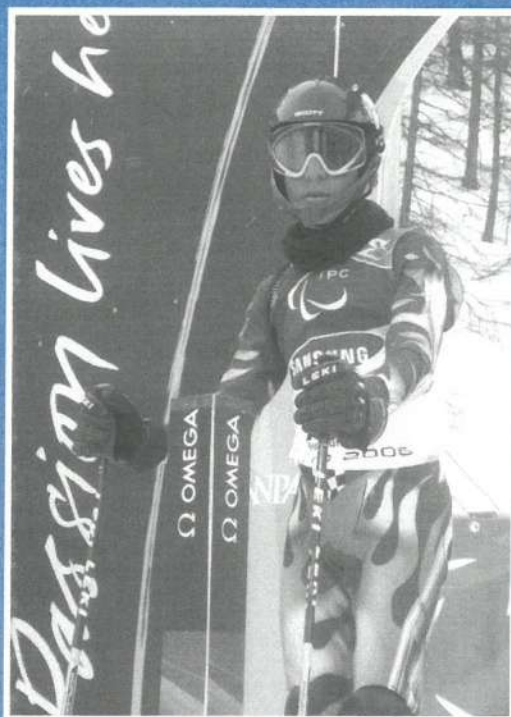

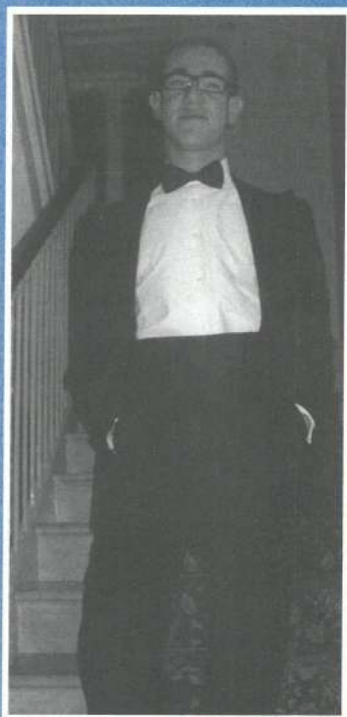

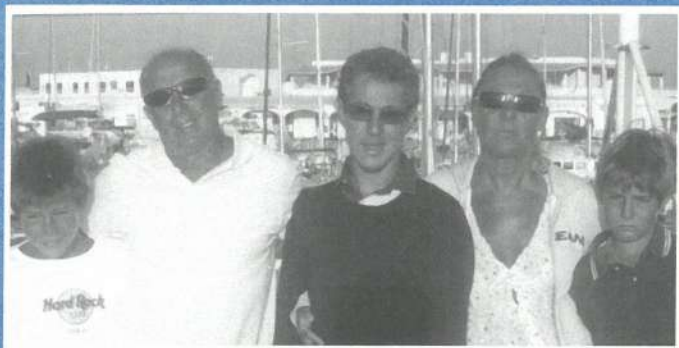

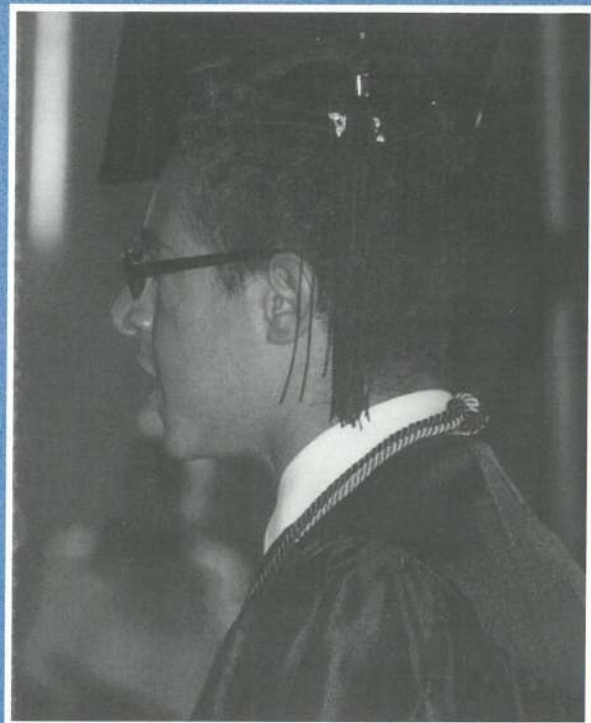

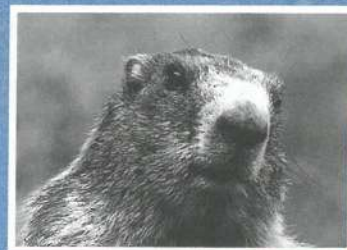

Alberto Inghirami

A hard working student, "Norbo" was the conscience of the class knowing when to study and when to have fun. Always helping others, Alberto often assumed the role of a biology teacher, assisting his classmates in studying the subject. Present at almost every school activity, Alberto will be remembered for the everyday smile he had entering the classroom.

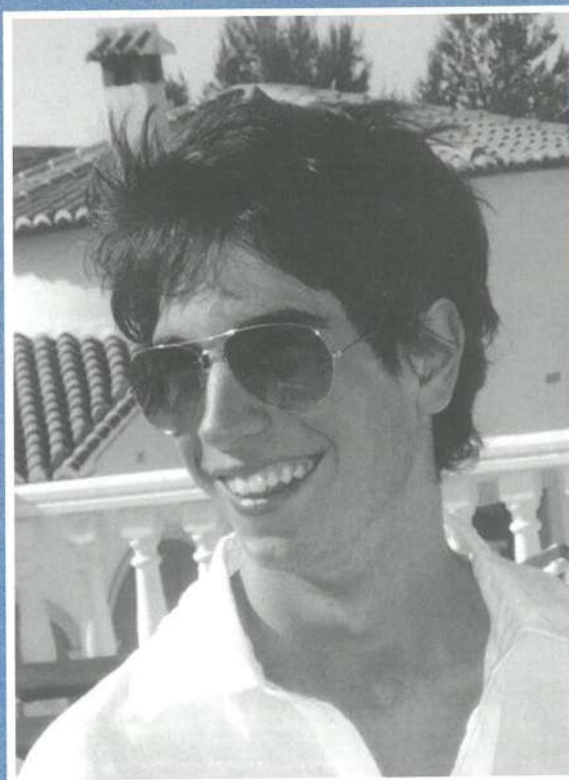

Matteen Javadi

Artistic, creative and music lover are the adjectives that best describe Matt who was "born to be wild". His interests in architecture will continue in his future studies. For fun, Matt plays guitar and hangs out with his friends. He is the youngest of three brothers and the last to graduate from ACAT. He is an adventurous friend and a positive character in the senior class of 2007.

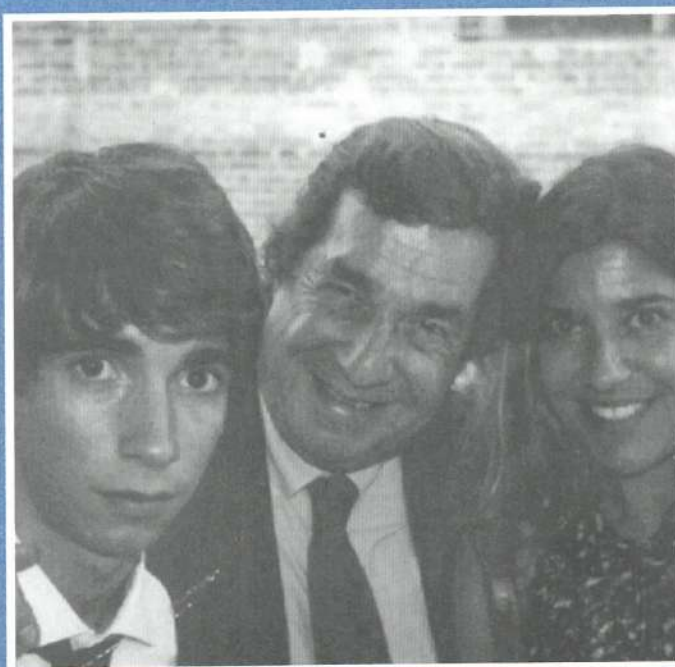

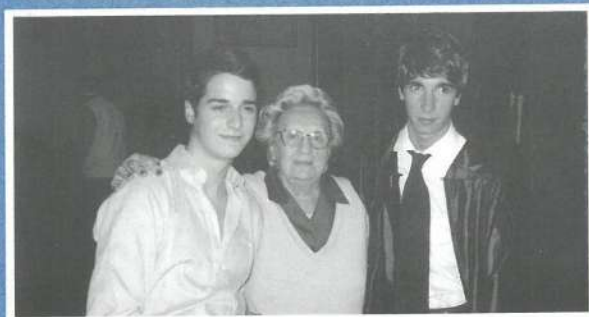

Michele Marchiaro

Michele's enthusiasm is clearly reflected in his lively debates and participation in class. Questioning the unquestionable, Michele's curiosity allowed him to achieve high academic goals, and add a bit of spice to the long classes. Becoming the leader of the family's business, Michele will eventually follow his political ambitions, running for an important position in the government.

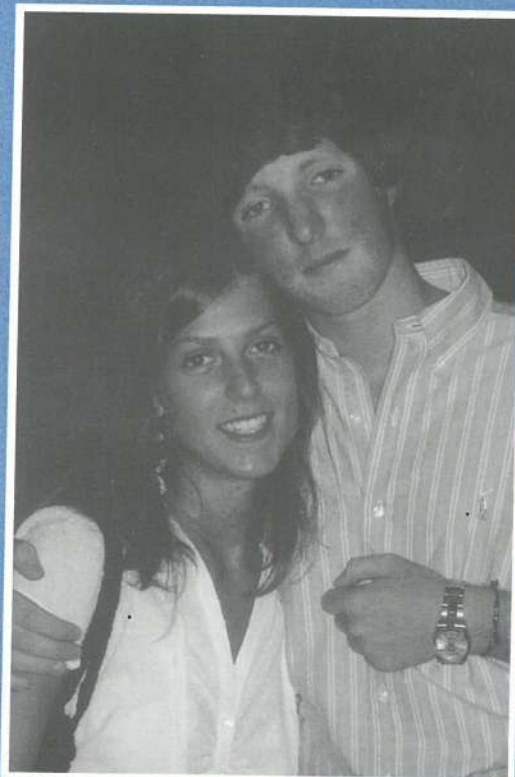

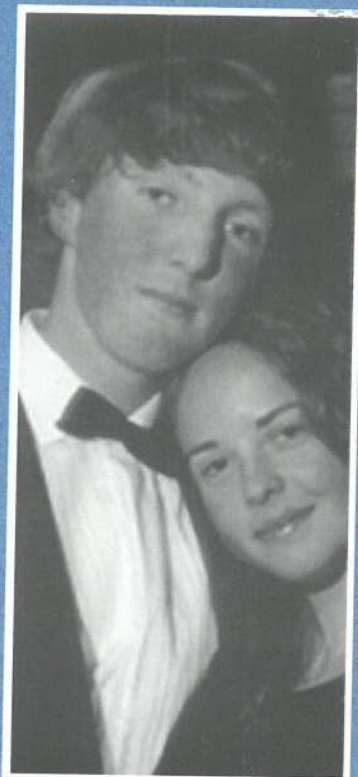

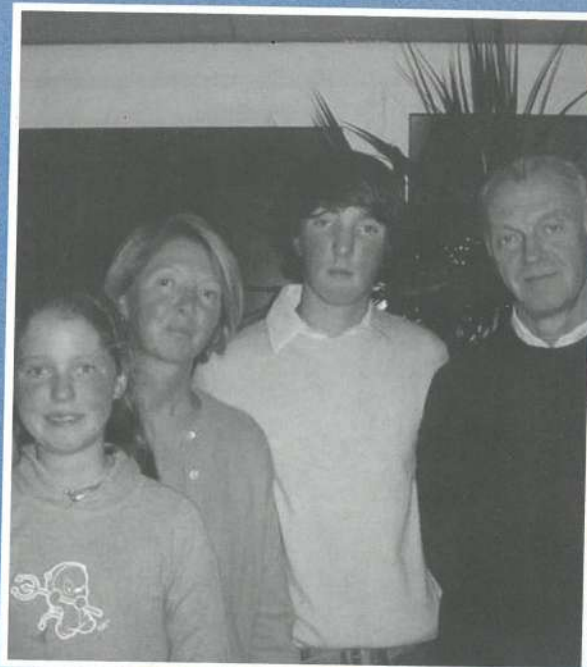

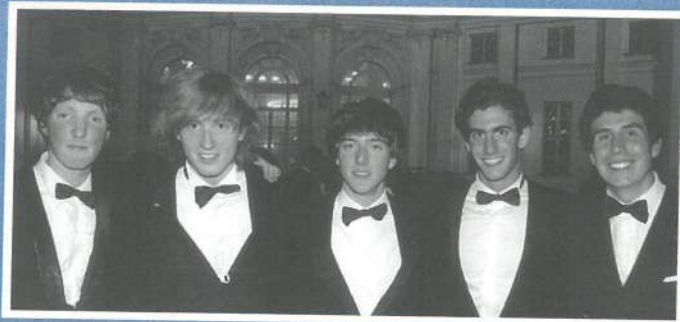

Matteo Minoli

Smart, handsome, and incredibly funny are a few of the many adjectives Matteo's classmates would use to describe him. Because of his policy of "laissez fair" and his lack of preoccupation, having classes with him was one of the many attractions the A.C.A.T. had to offer. Known for being a misunderstood genius, Matteo will never be forgotten at IST.

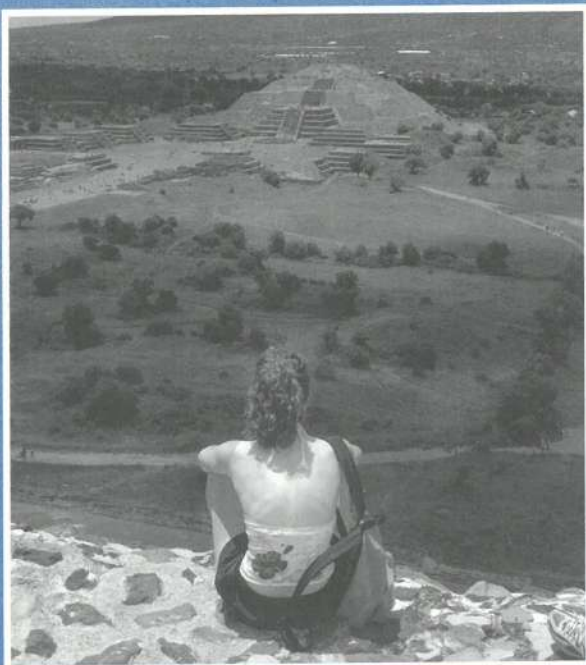

*Gregorio
Ossola*

Gregorio Ossola

Gregorio is a fun-loving and energetic friend. He is unpredictable as he has a casual approach to life. Always ready for a good time, Greg finds enjoyment either riding his motorbike or simply sharing a night out amongst his friends. Always where the action is, Greg entertains with his intellect and sense of humor. His dedication to the school is seen through his position as Treasurer in the Student Council.

Elena

Elena Paiola

Elena is sweet and kind, and a friend to all. Her determination allows her to succeed in everything that she does. Just like her affection for cats, she is independent, yet one can always count on her. During the stressful I.B period, Elena always encouraged her classmates to stay positive. Surely with her determination and versatile personality, she will reach her goals as she goes on to study Marketing.

*Fiorenza
Provenzano*

Fiorenza Provenzano

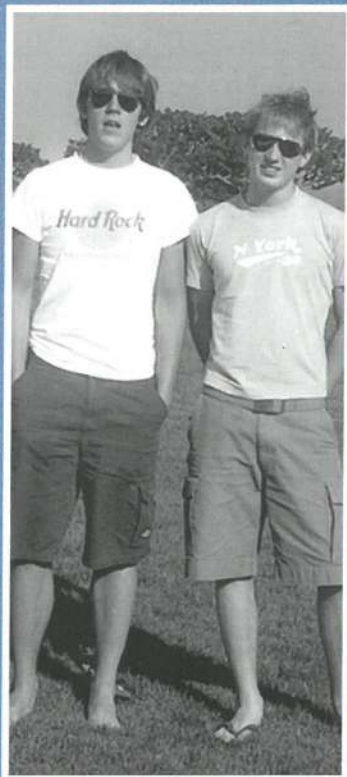

With her diversified and individualistic spirit, Fiorenza finds self expression through painting and drawing. Fio's self determination in both her academic and personal life will secure her many successes. Fio has a genuine concern for others. Throughout her years at ACAT, she has always been active in the Student Council and reached the top position of Vice-President.

Emilio Re Rebaudengo

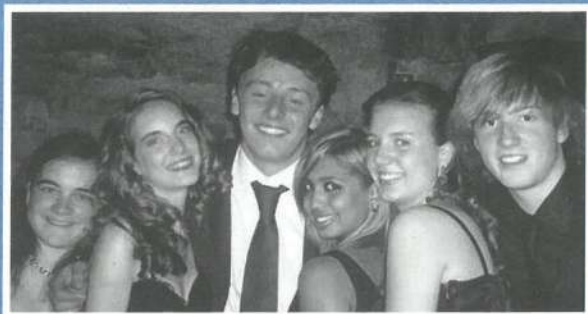

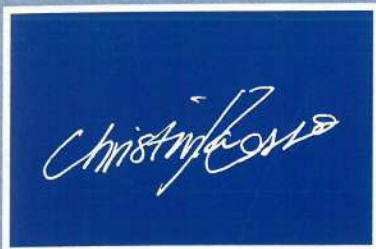

ONE

Emilio Re Rebaudengo

Emilio is a daring and adventurous spirit with a comical sense of humor. He loves to party every Friday night easing his way into "Girl night out". Always maintaining his gentlemanly manner, Emilio is a determined and innovative person. With his individualistic style, he created a t-shirt brand called "ONE" that dresses the present ACAT high school. With his outgoing charm, Emilio fascinated the whole class of 2007.

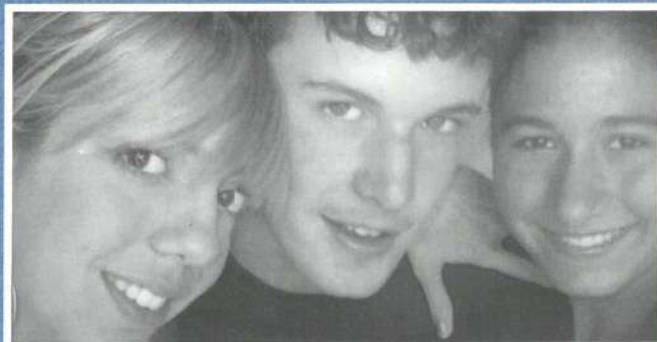

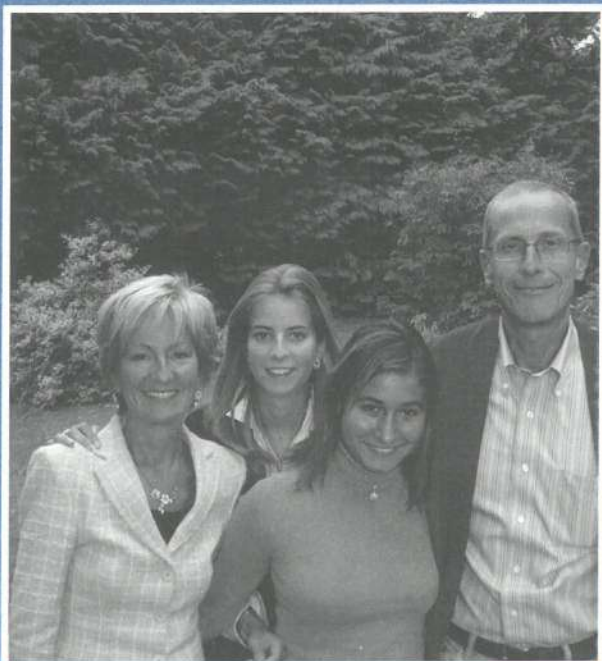

Christina Rosso

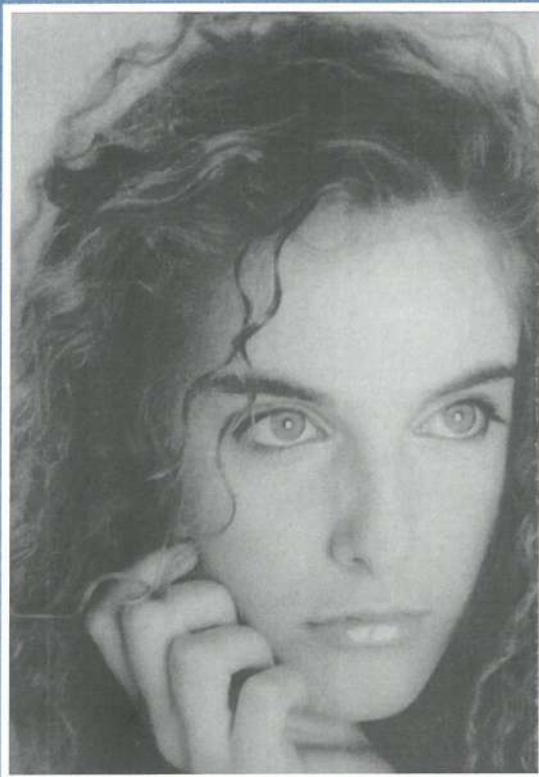

Energetic, outgoing and fun-loving Christina is always ready for action. Popular Christina lives life at a fast pace, trying to make the best out of the opportunities that are present to her. Christina is a successful student and takes pride in all her achievements. Her sense of humor and encouraging smile keep up the senior class of 2007.

Chiara
Salsotto

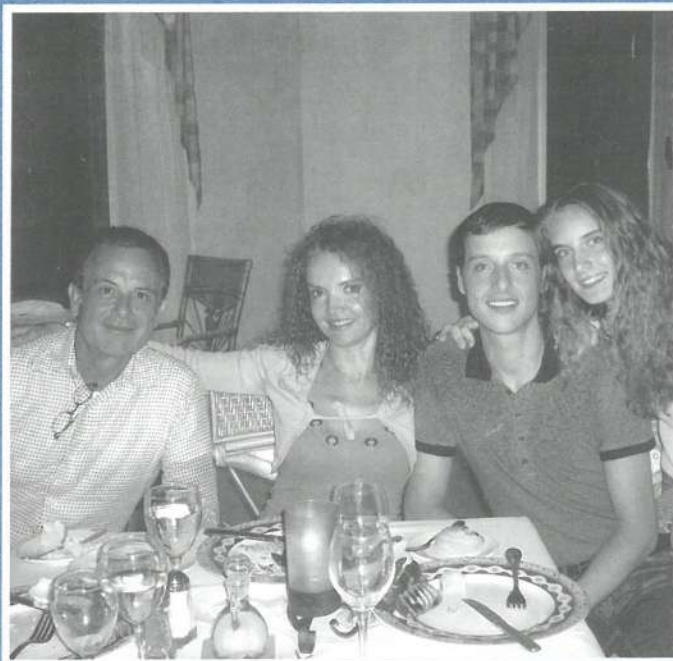

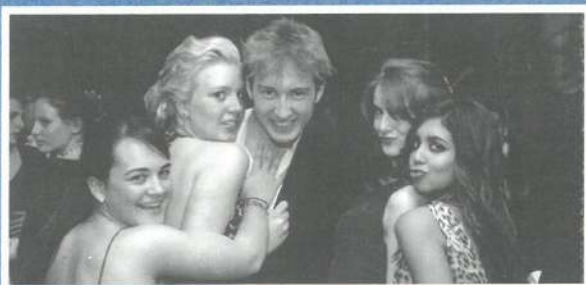

Chiara Salsotto

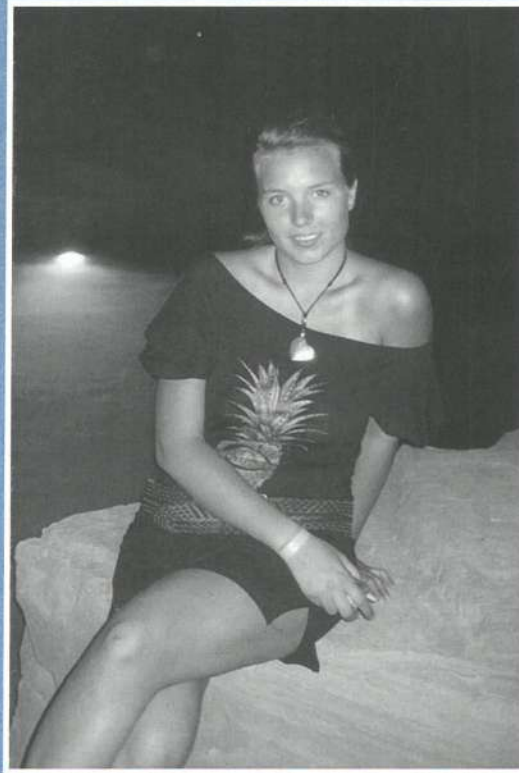

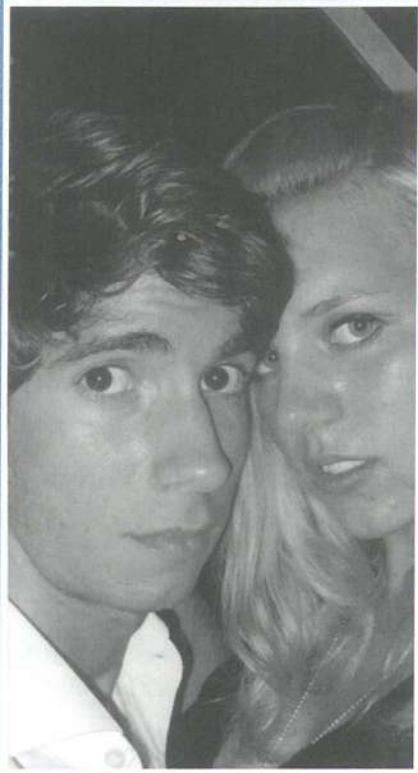

Although Chiara appears shy, she is a unique and naturally vibrant person. She's a happy-go-lucky person with a sunny smile that talks very little but says much. Her academic performances are outstanding and considerate. Her scholastic activities include a dedicated participation in the school play throughout her three high school years. Chiara's good nature will always be present in the memories of her dear friends.

Lucrezia Seu

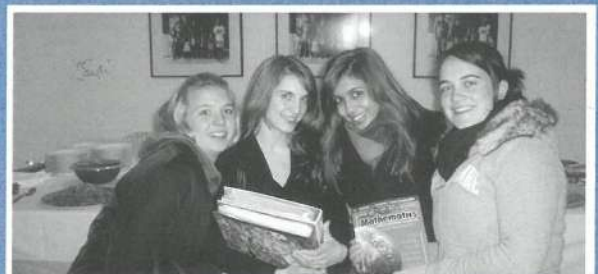

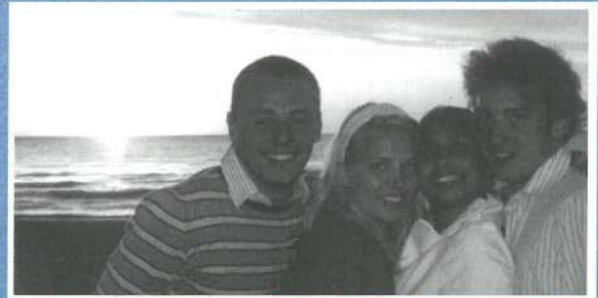

"Breakfast at Tiffany's? I'd rather have lunch at Emilio Pucci's!" is what best defines Lucrezia. Her passion for fashion is expressed through her creative yet bizarre style. Ready to immortalize every moment with her camera, she managed to capture through her pictures the "fun-side" of the Senior class. Creativity which is also transmitted in her essays helps her achieve a successful scholastic career.

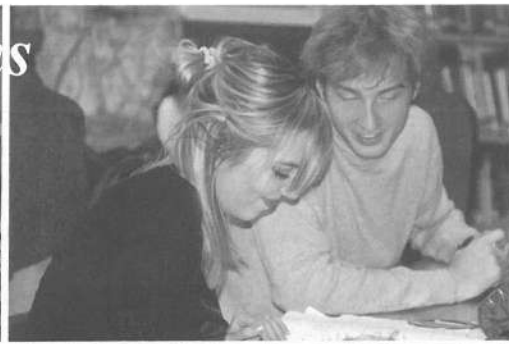

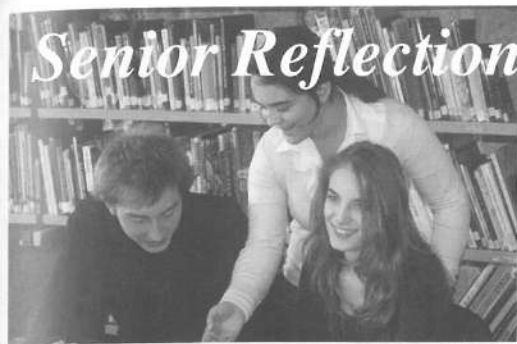

Marta Scarampi

Gentle, fashionable, reliable Marta brightens the atmosphere with her presence. With her multi-faceted personality she works as hard as she plays. Her dynamic character brings a smile to everyone's face and her creative talents will lead her to success in fashion design.

Senior Reflections

As the IB Exams (and the moment of truth) arrive, diligent seniors hunker down to an intensive review.

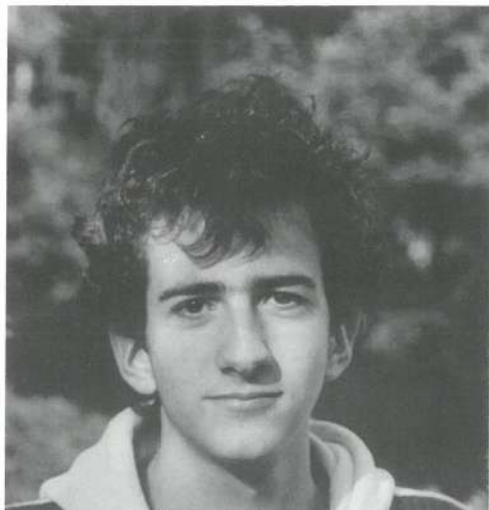

Even the warm, sunny days of early spring collaborated to ease the burden of exam preparations.

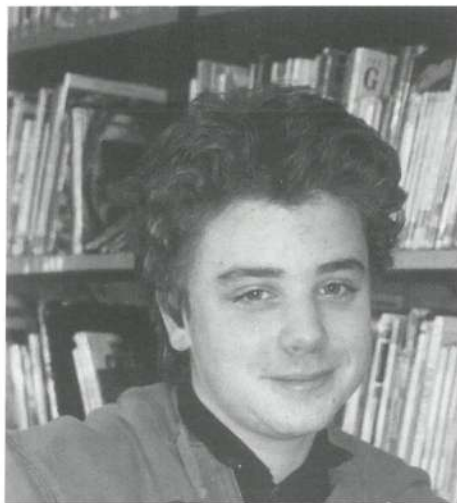

Hardly bookish, however, the seniors do have a lighter (if not weirder) side.

A year of tenth grade creativity blossoms forth

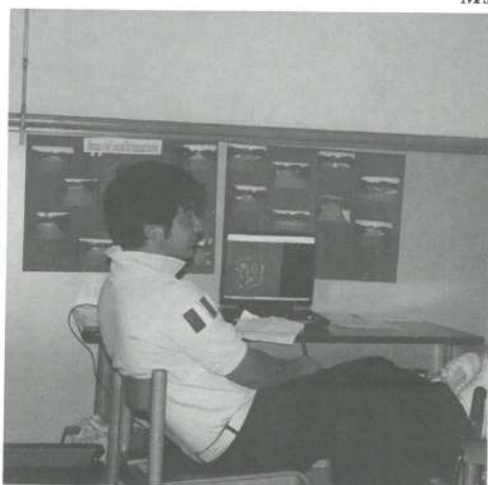

MYP Personal Project Exhibition

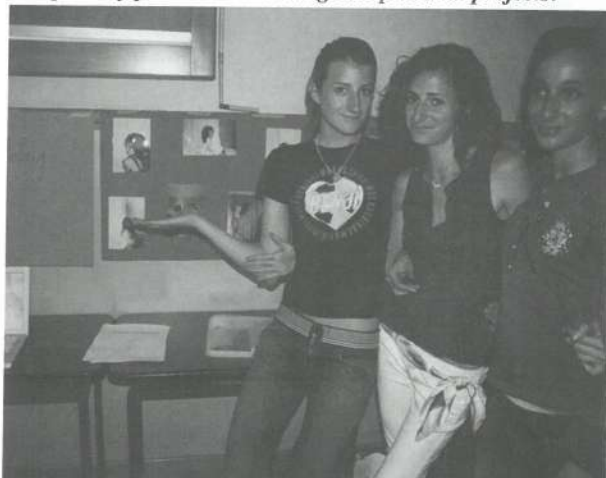

April 23-24, 2007

Ms. Hahn proudly presents the tenth grade personal projects.

The project for Kiyoto was the ideal Golf Course.

High fashion design attracted Giulia, Gaia and Giulia.

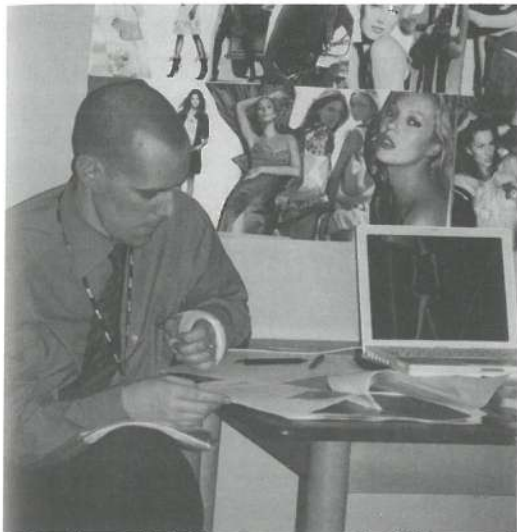

Chiara discussed her research on the history of fashion.

A budding artist, Caterina, shares her ideas on creative designs.

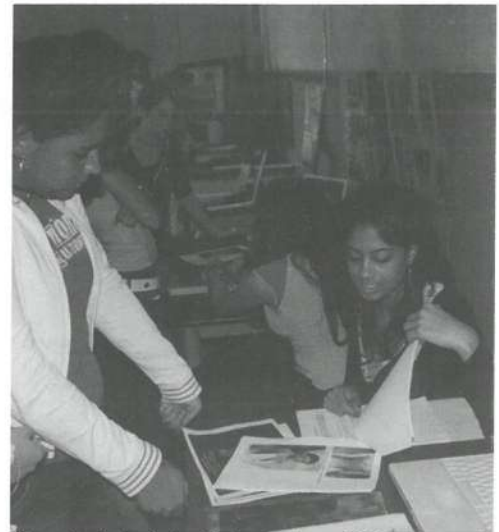

Each presentation raised curiosity and interest among the middle schoolers.

IB Coordinator, Mr. Webber, peruses some of the MYP paperwork.

Giulia explains her discoveries on cosmetic commercials.

Kim explored the relationship between the model life and anorexia.

Is there an ACAT uniform on the horizon? Astrid has some ideas on the topic.

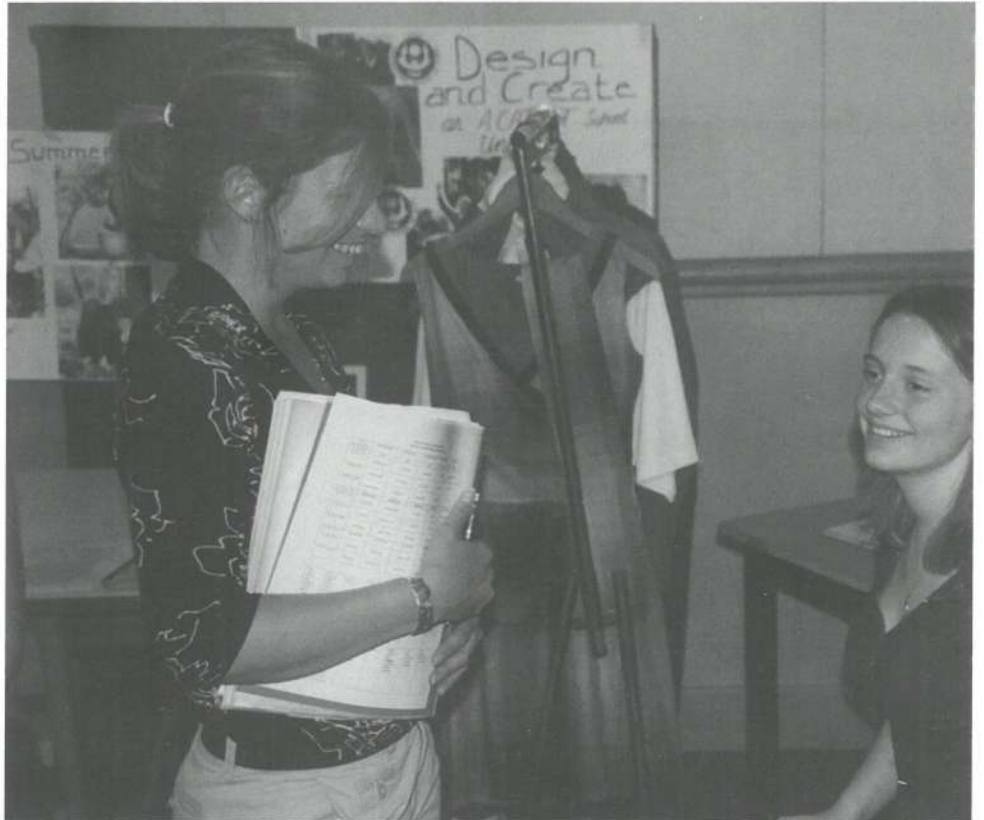

James would like to propose a super cost efficient cruise ship.

Latin American students will flock to Giulia's dance studio.

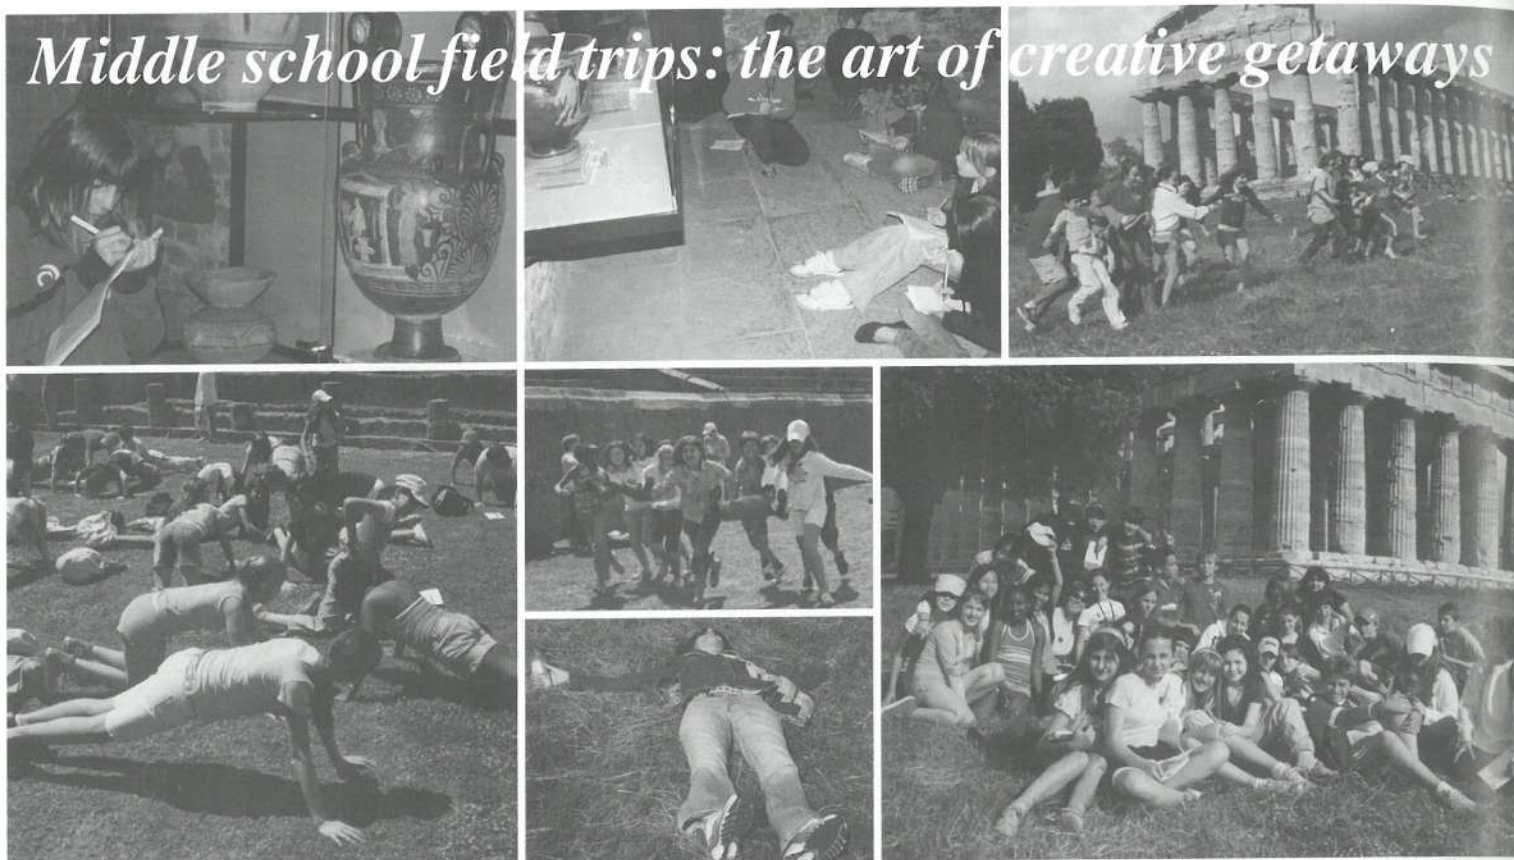

Textile design became Giovanni's special interest this year.

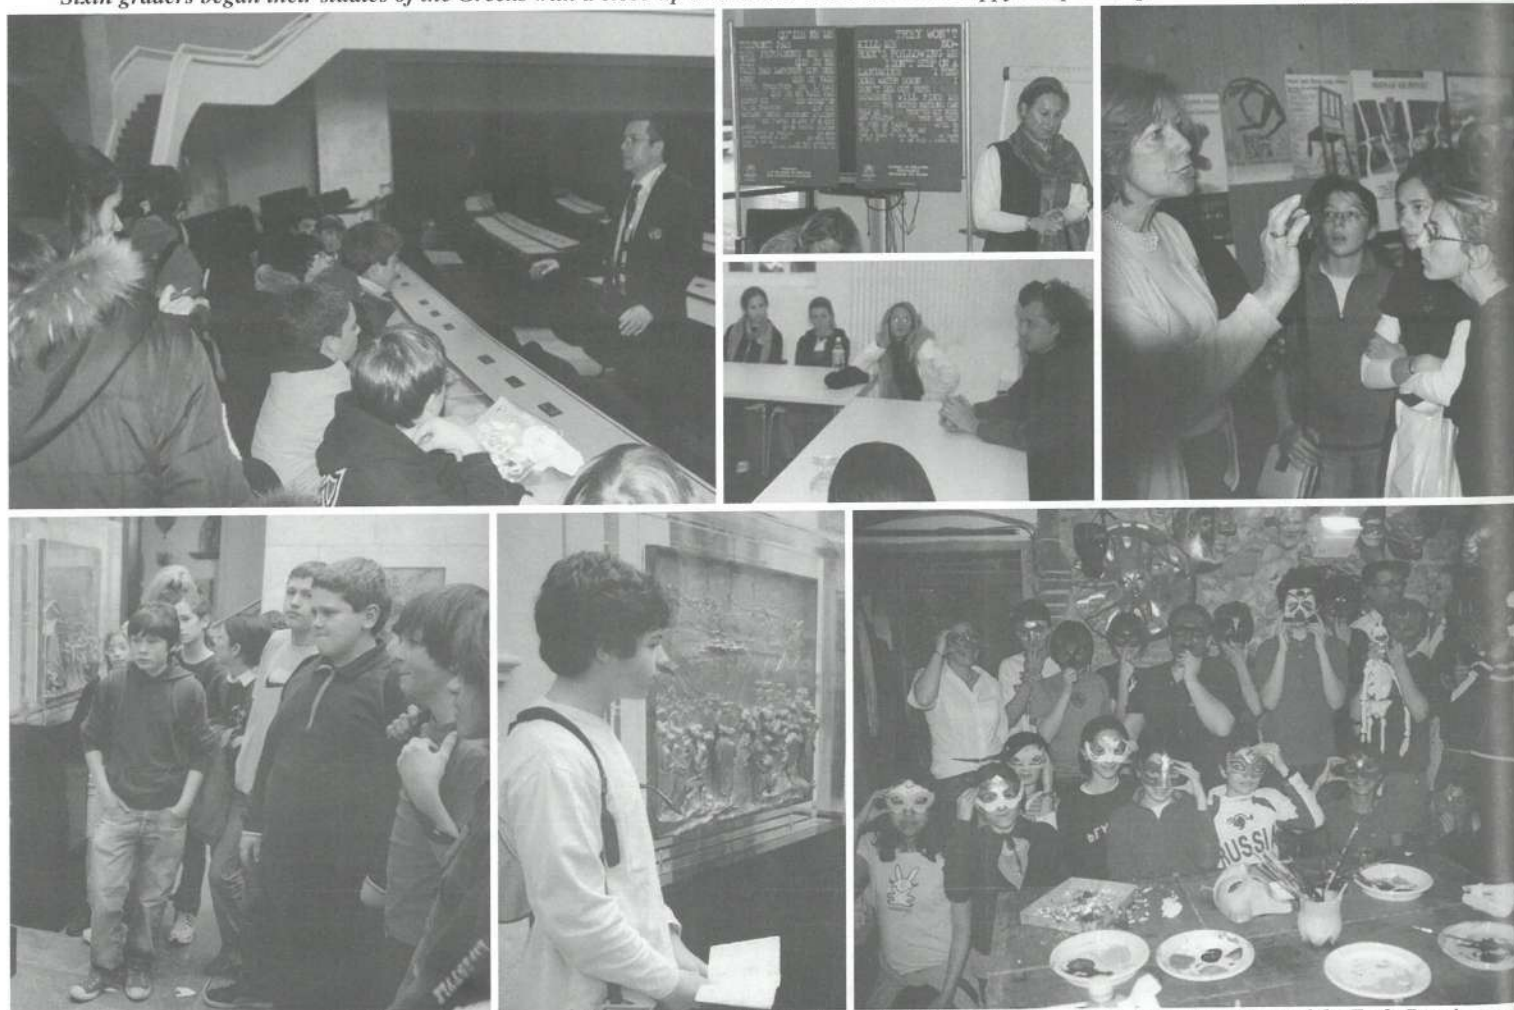

Ms. Hahn chats with Kaitlyn about the day's success.

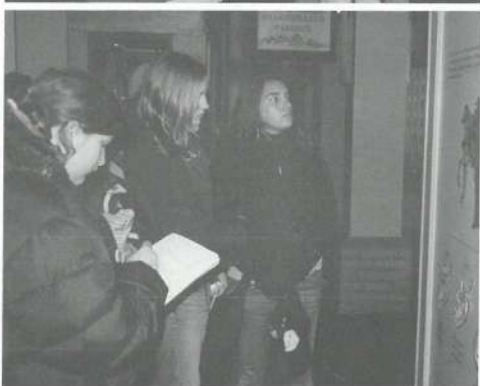

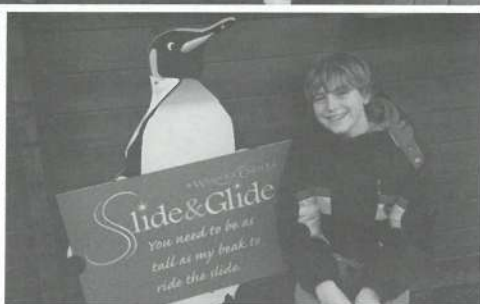

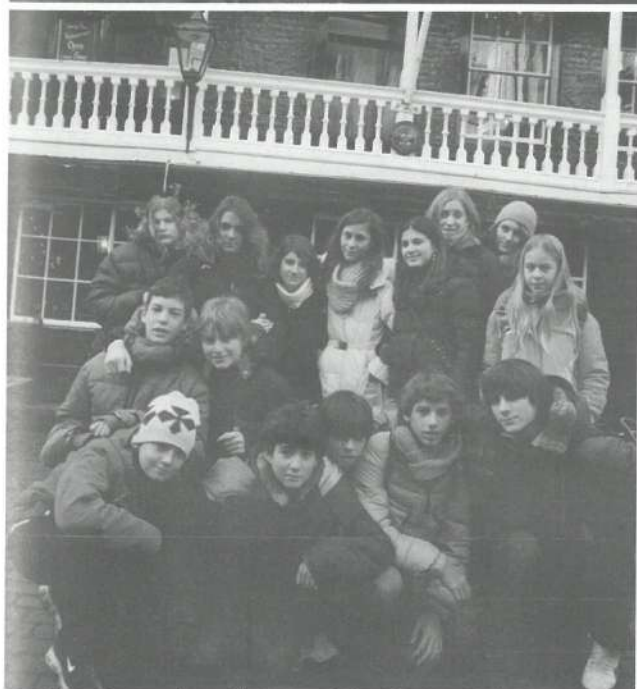

Middle school field trips: the art of creative getaways

Sixth graders began their studies of the Greeks with a close-up look at the evidence and a happy romp through the remains of Magna Grecia.

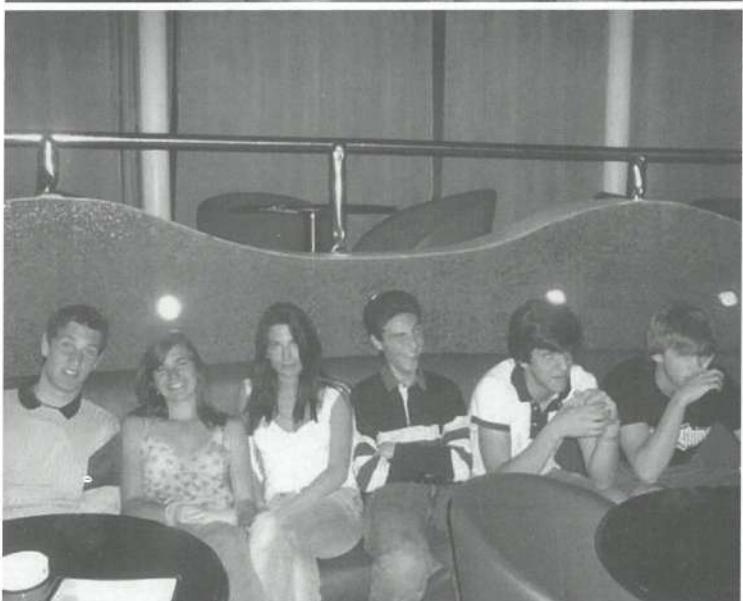

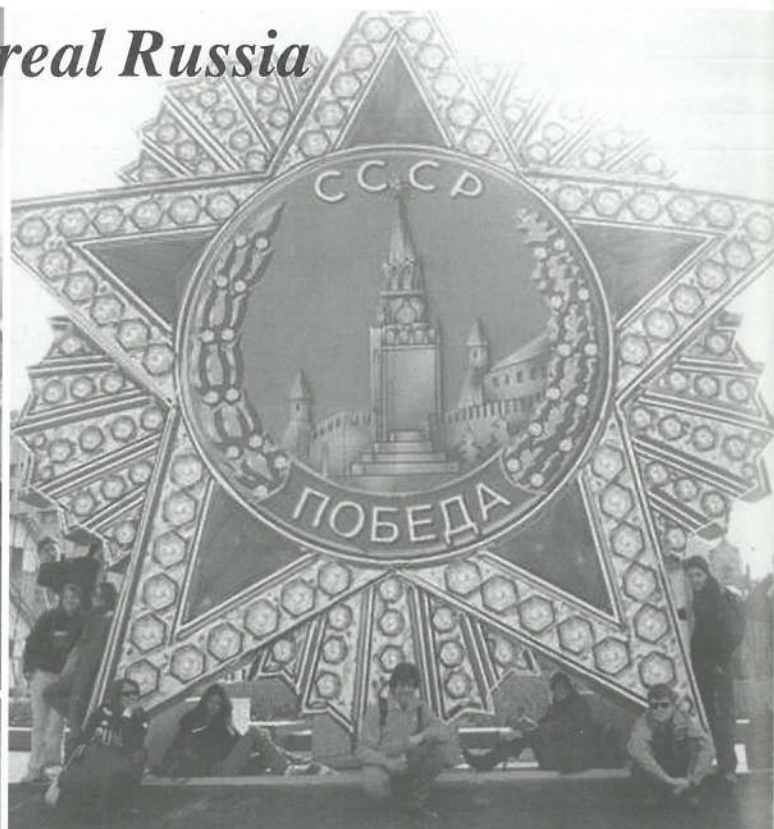

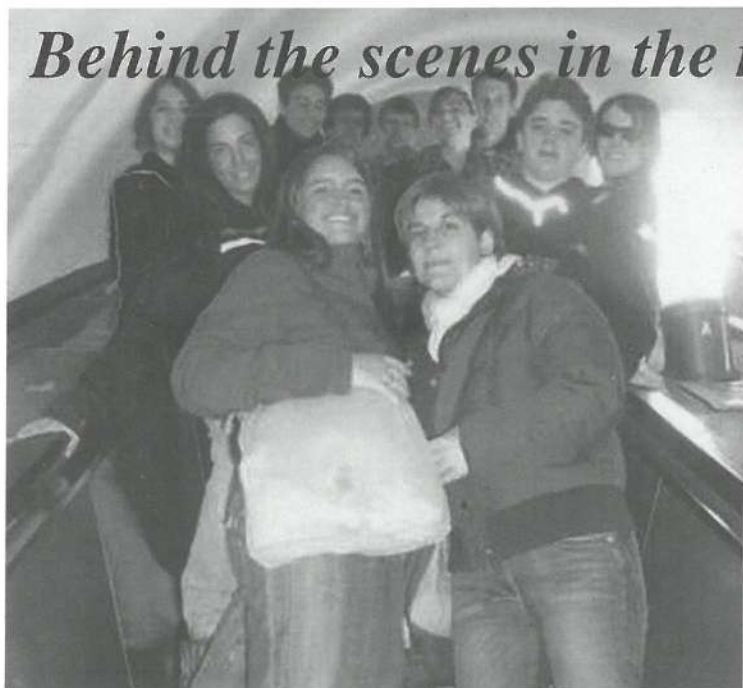

In Geneva, seventh graders learned the importance of community service beyond the borders while in Florence they absorbed the atmosphere of the Early Renaissance.

From dramatic workshop and live theatre performances to history Tudor sites, the eighth graders traced the footpaths of Shakespeare's England.

Multi-talented ACAT musicians share their gifts of holiday songs to an appreciative audience.

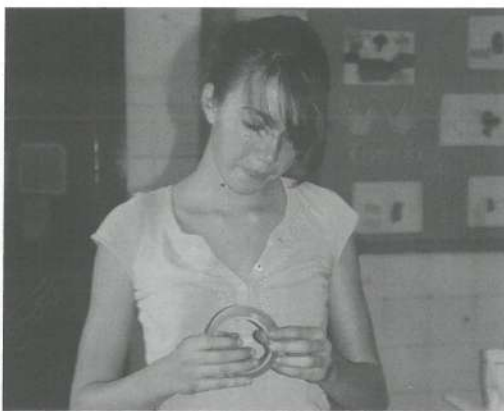

Accompanied by Nino La Piana and directed by Marielli Cenna, the ACAT carolers filled the church with heavenly music.

Student Council: Election Day

Election day is essential to guarantee a year of successful dances, exciting barbecues, and other fun activities.

Spirit Days

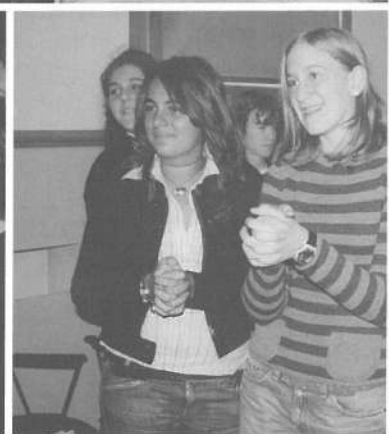

Student Council experiences are fun and are enjoyed by all the school... Even the teachers!

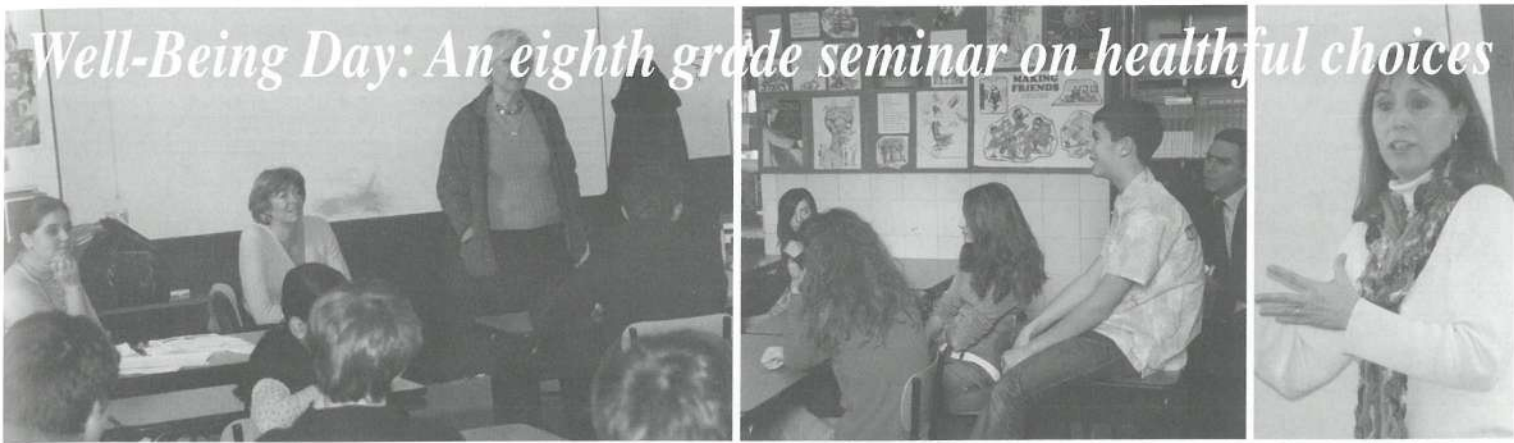

Day of the child: a creative reflection on concern for others

Organized by the Eighth Grade, a special assembly shows that kids are worth it.

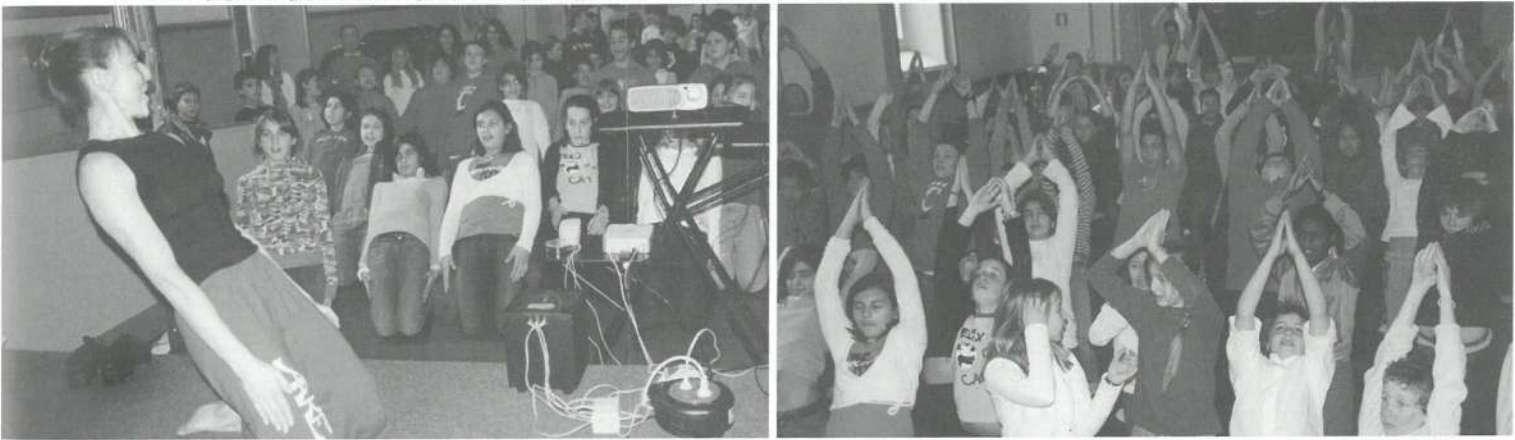

In a challenging and thought-provoking workshop, charismatic Mr. Thet invites middle-schoolers to have concern for each other.

Well-Being Day: An eighth grade seminar on healthful choices

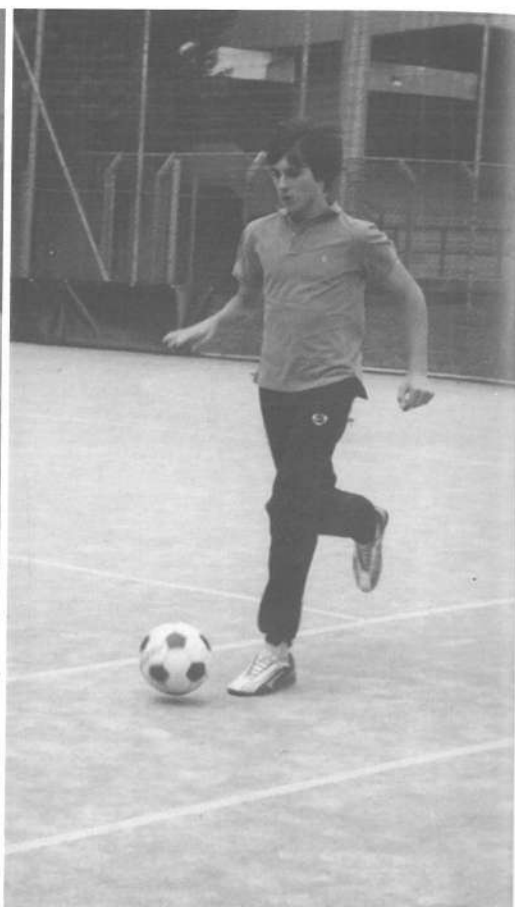

Assisted by guest speakers and parents, eighth grade monitors sparked a wide-ranging discussion on mental and bodily well-being.

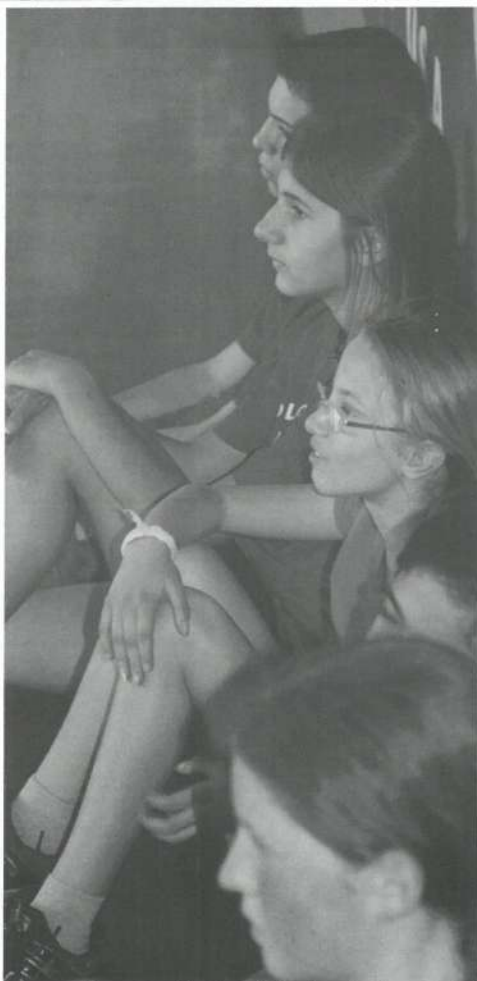

A rousing fun-filled Pilate workout led by Mathilde concluded a morning's reflection on adolescent issues.

Middle School Sports Day

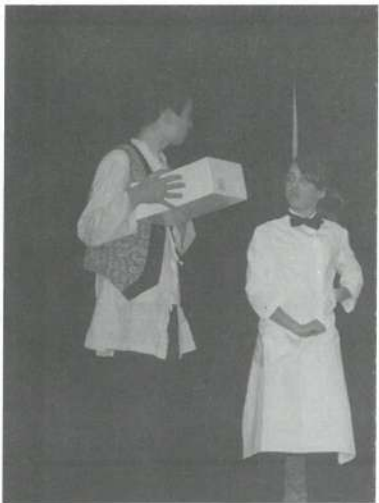

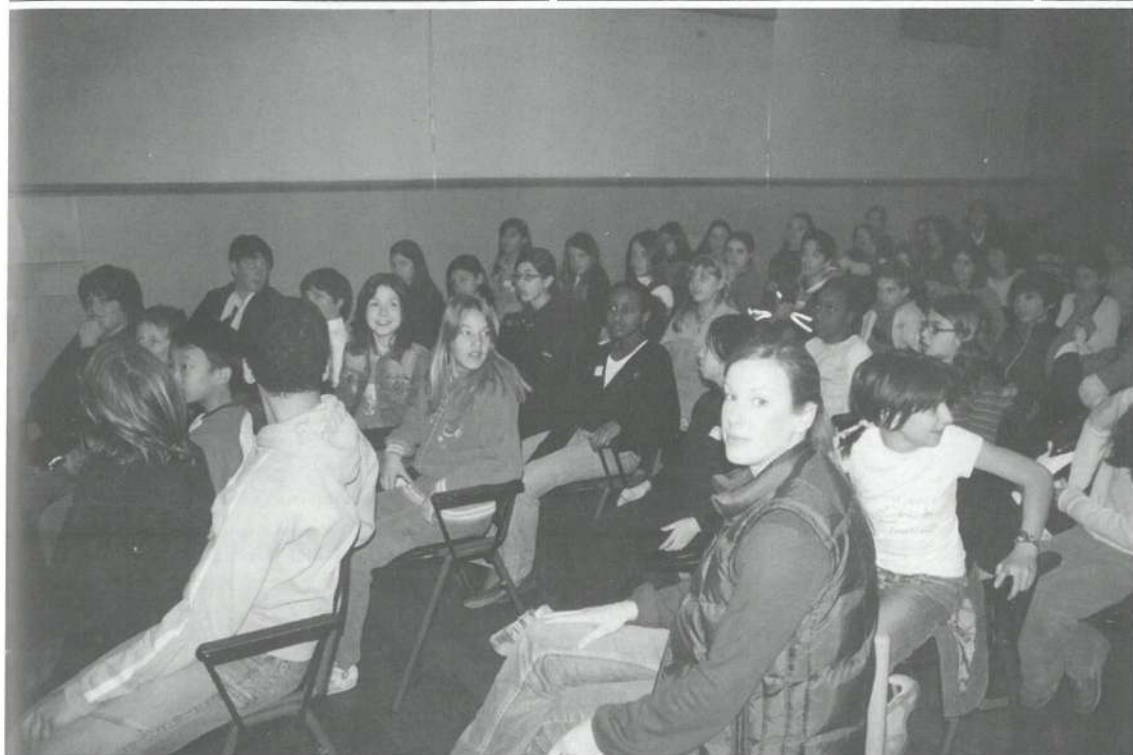

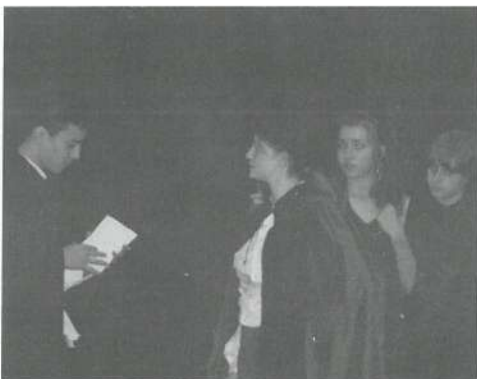

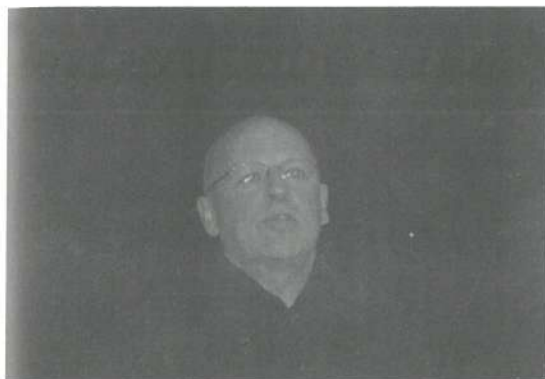

The future athletes of ACAT look excited while concentrating on how they will win the game.

Our star athletes are proudly recognized and display their well-deserved trophy.

From last minute pep talks, to quality control checks on costumes, lights, and sound, the backstage preparations are the backbone of the finished production.

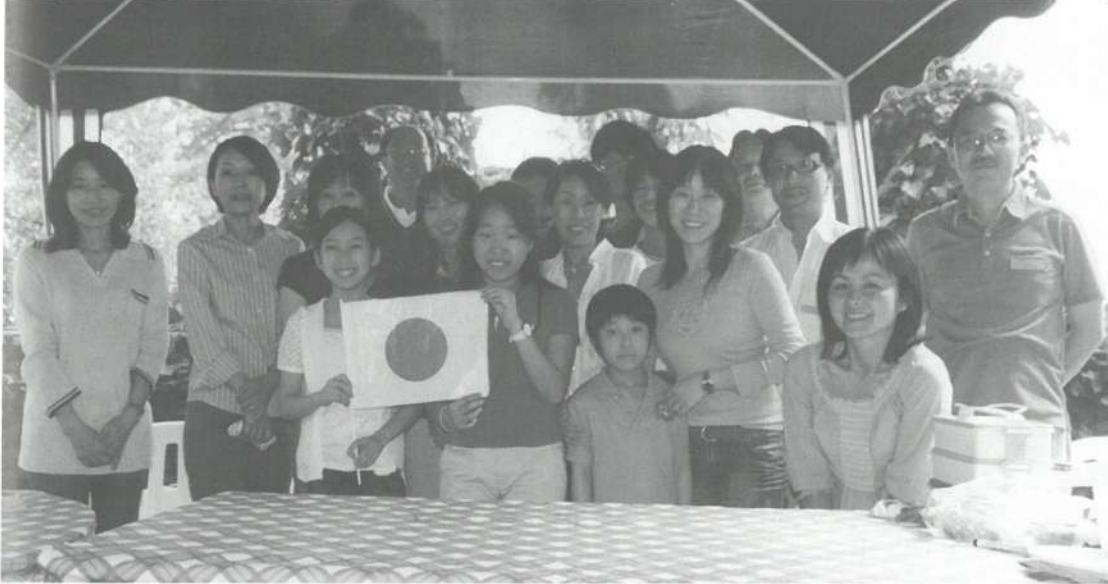

In a debut performance before visiting students from the French school, the ACAT players rose to the occasion with well-deserved appreciation from the spectators.

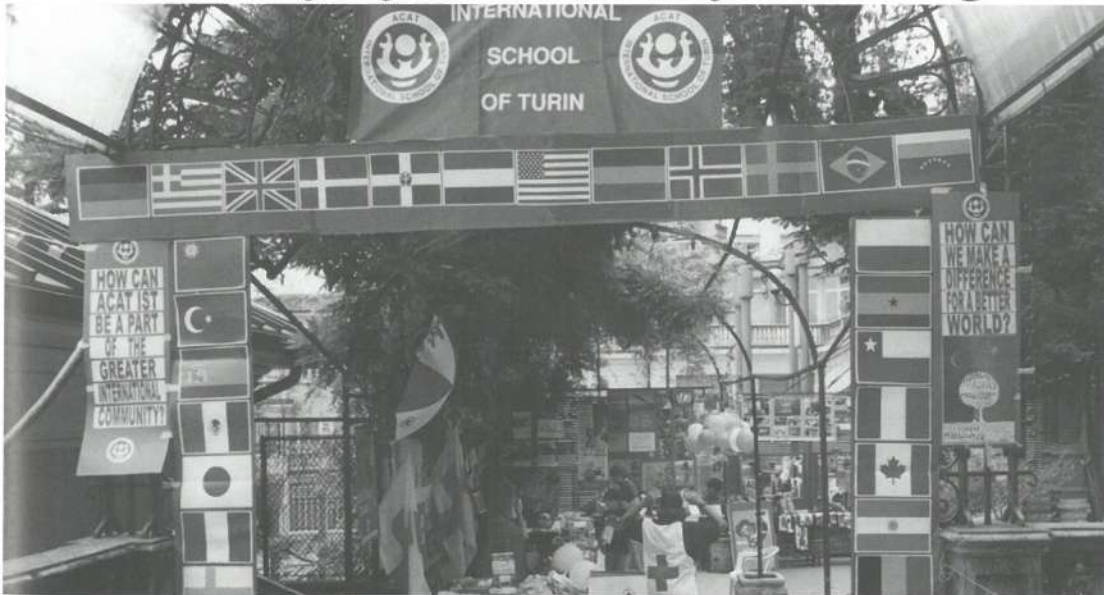

International Day: A much

Brightly colored native costumes, proud flag bearers and spirited conversations all blended together in a convivial reflection of the world community.

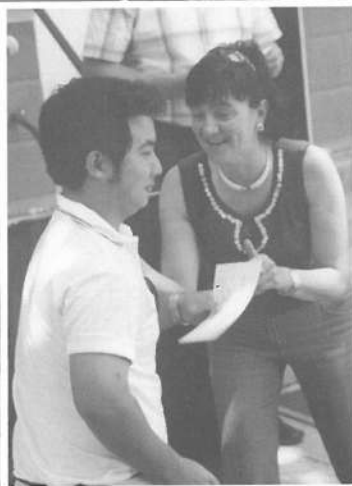

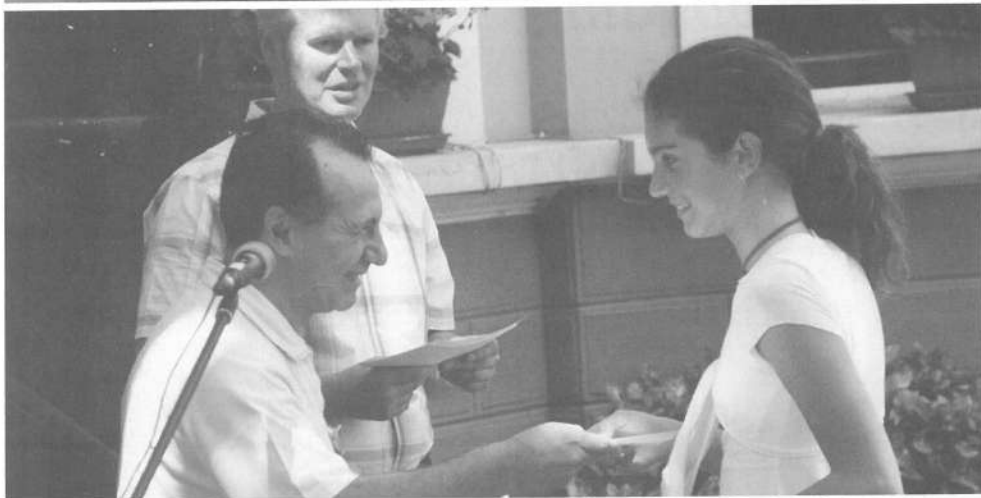

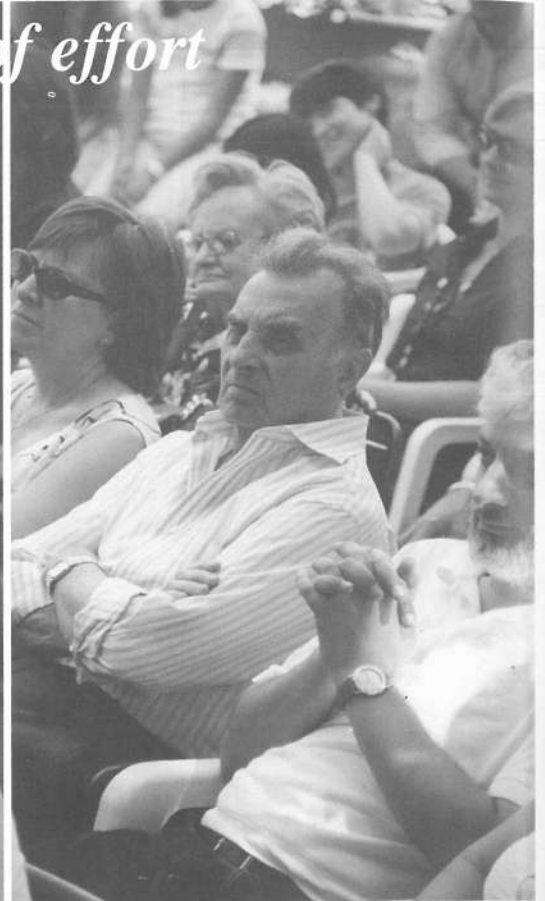

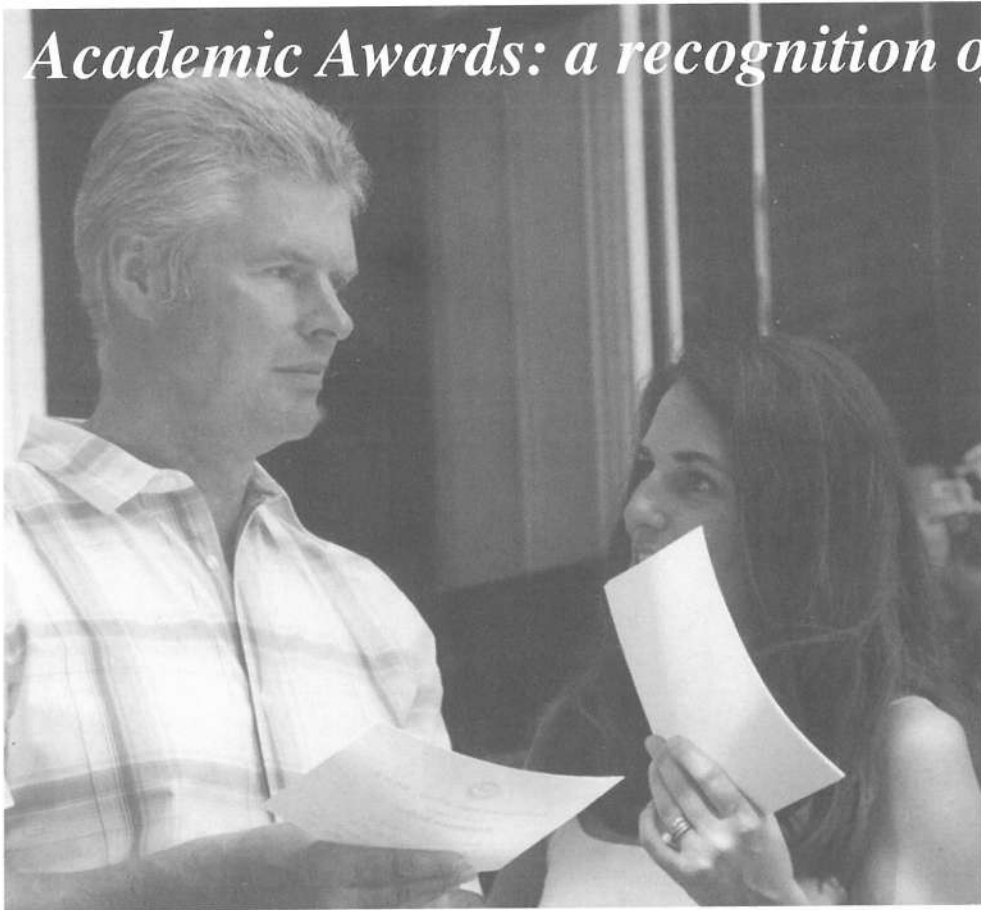

awaited day of community bonding

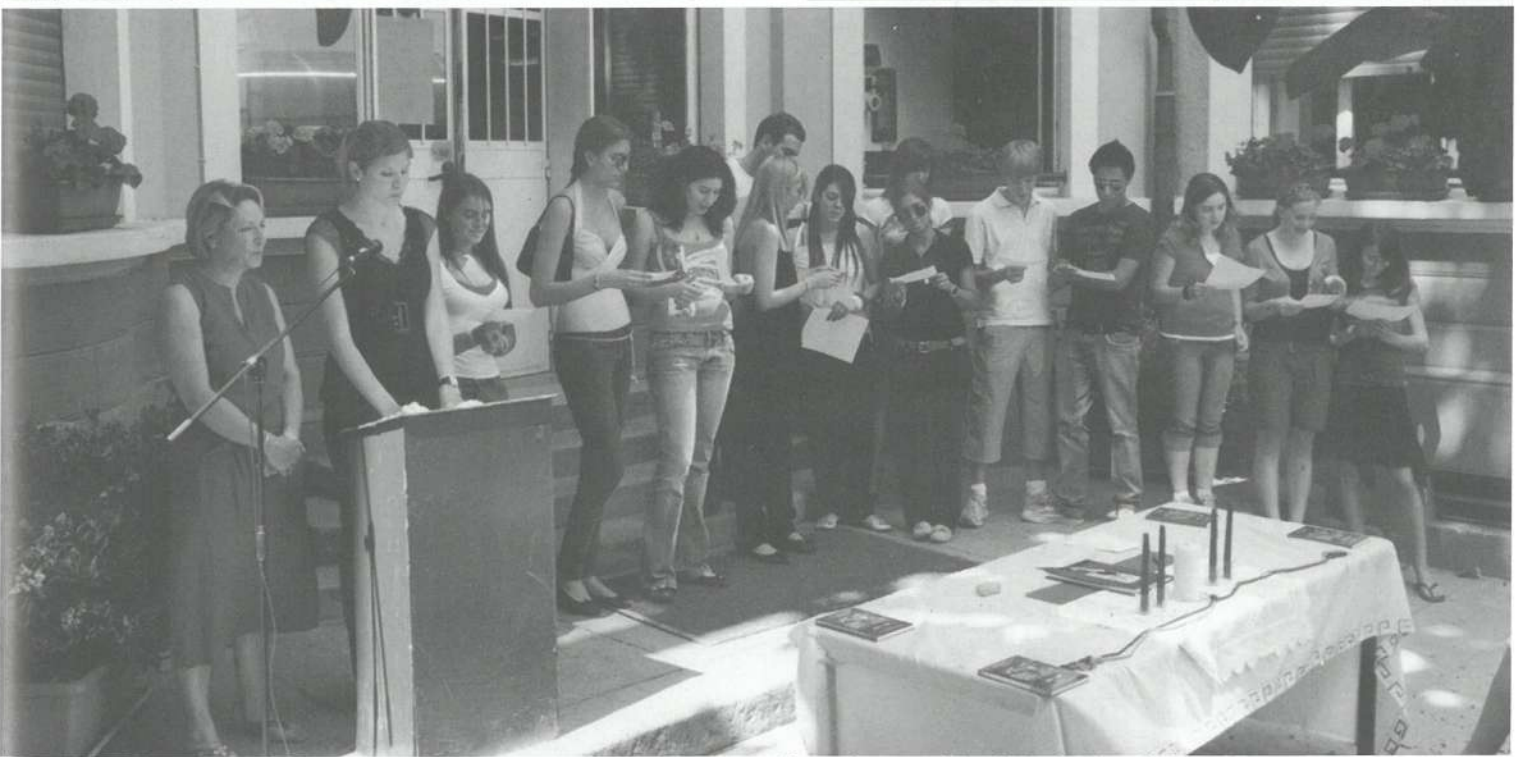

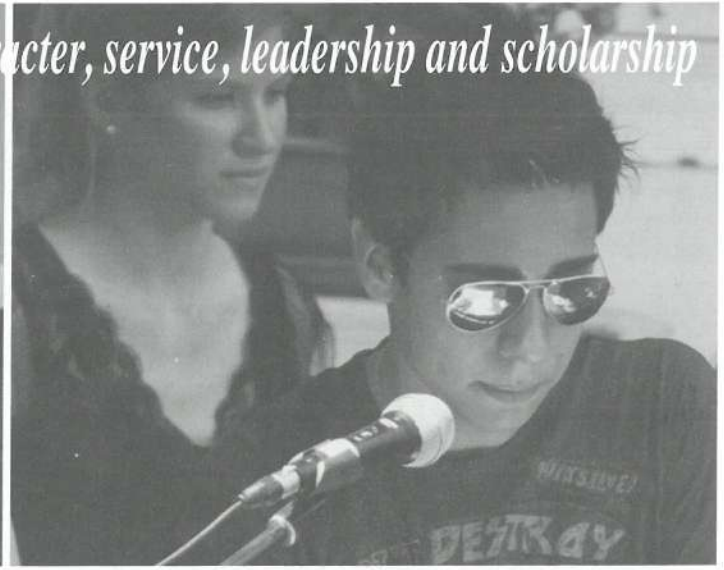

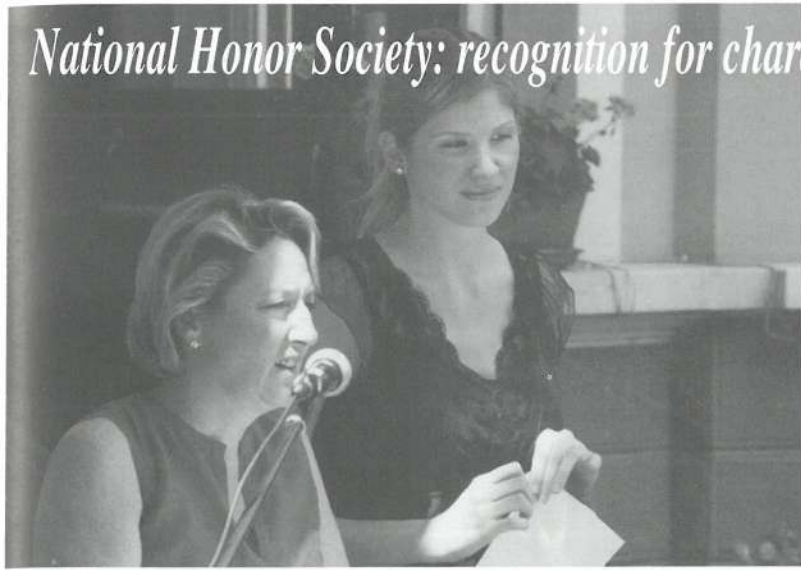

Highlighting another successful PTA Event were the enticing aromas, attractive displays of native cuisine and thoughtful conversations on our community concerns as an international community.

Academic Awards: a recognition of effort

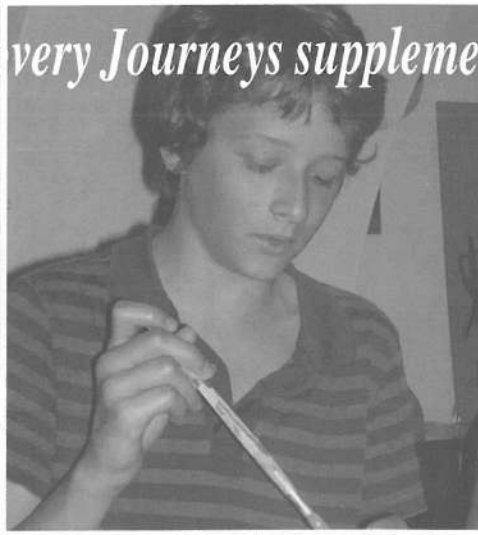

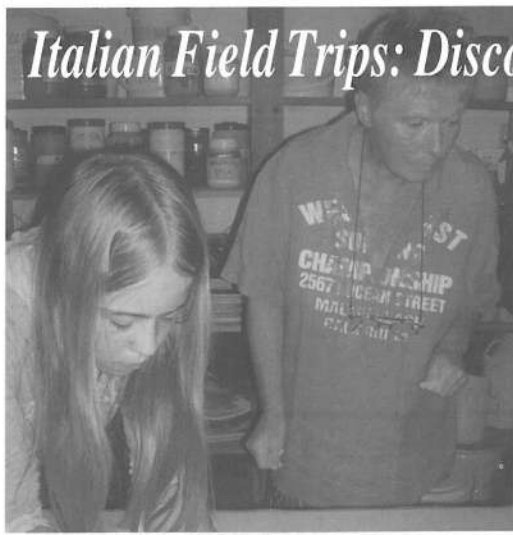

Prices were given out to constant hard workers determined to succeed.

National Honor Society: recognition for character, service, leadership and scholarship

After lighting the symbolic candles, new and old members proclaim the induction pledge.

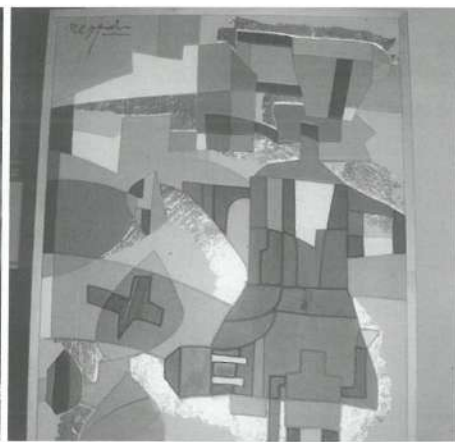

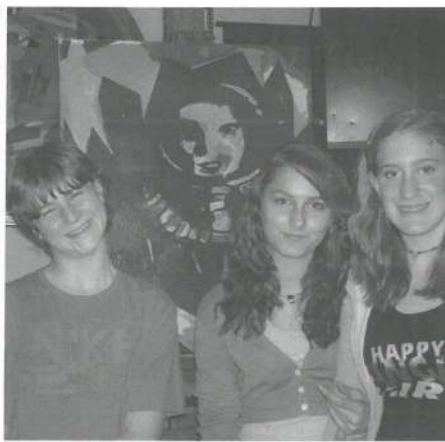

Italian Field Trips: Discovery Journeys supplementing the Italian program

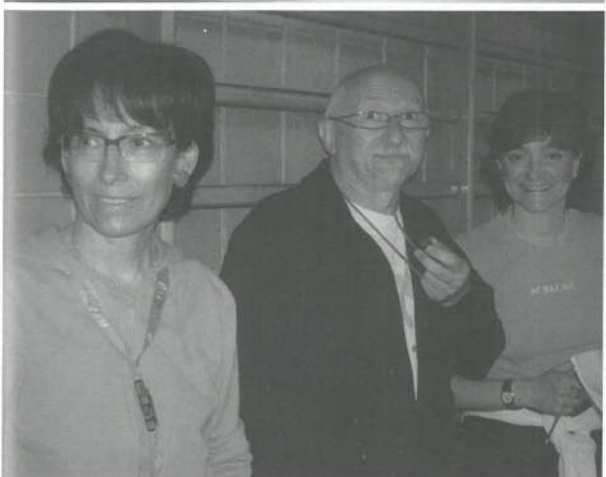

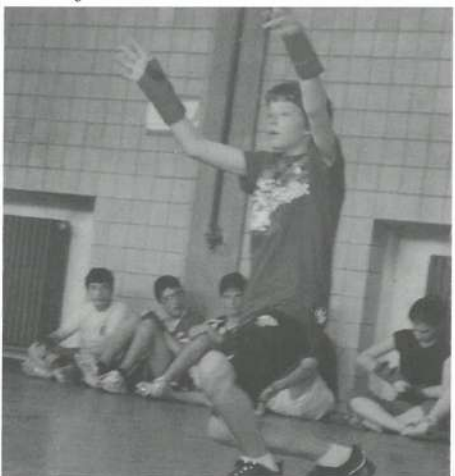

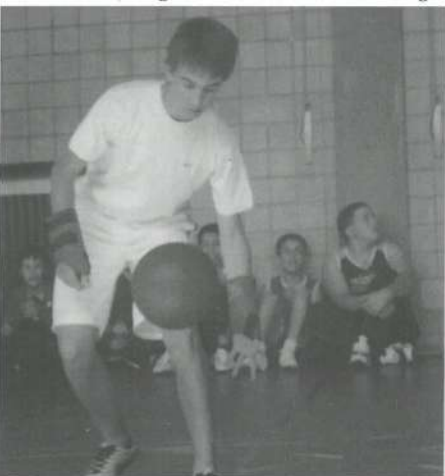

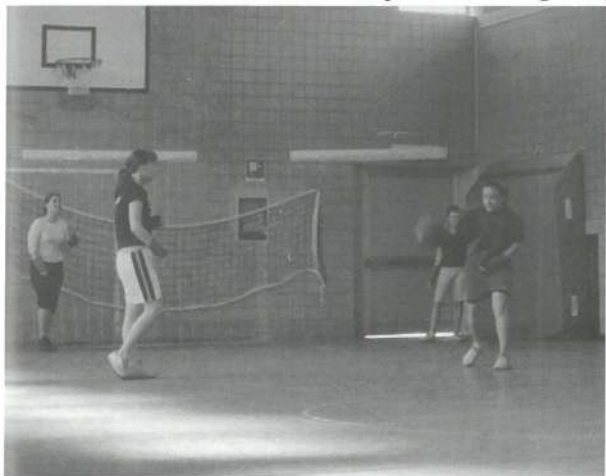

Concentrated 8th graders work on their masterpieces.

Field trips are 8th graders' favorite way of being amongst friends.

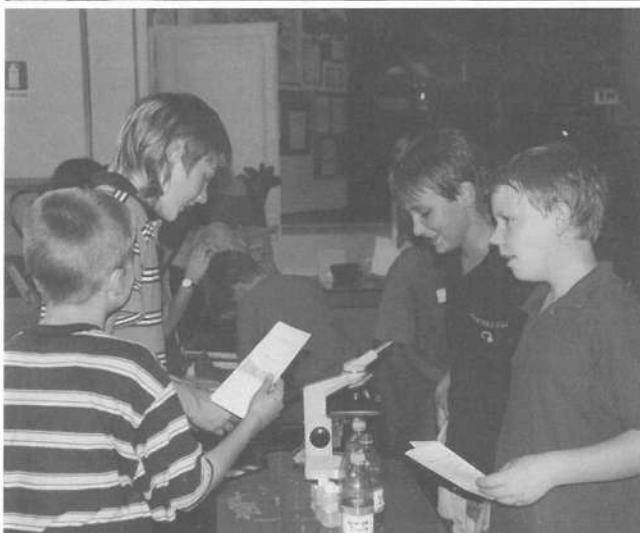

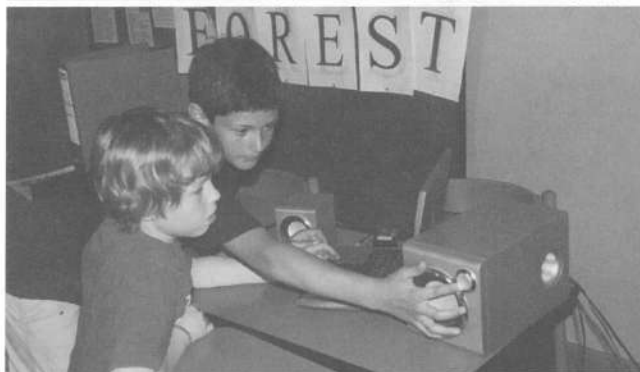

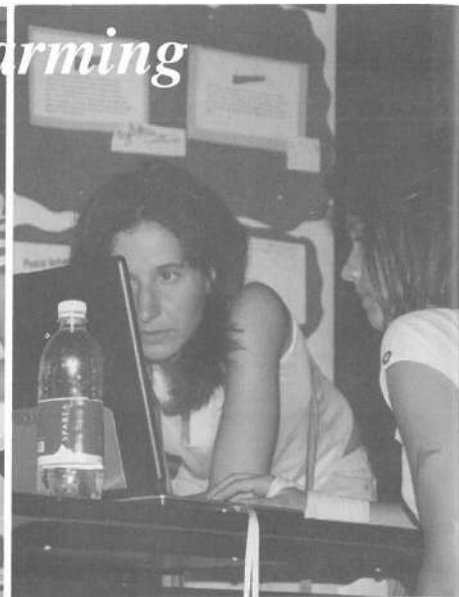

In a special visit to Ugo Nespolo's studio, 8th graders discovered the magic world of Art.

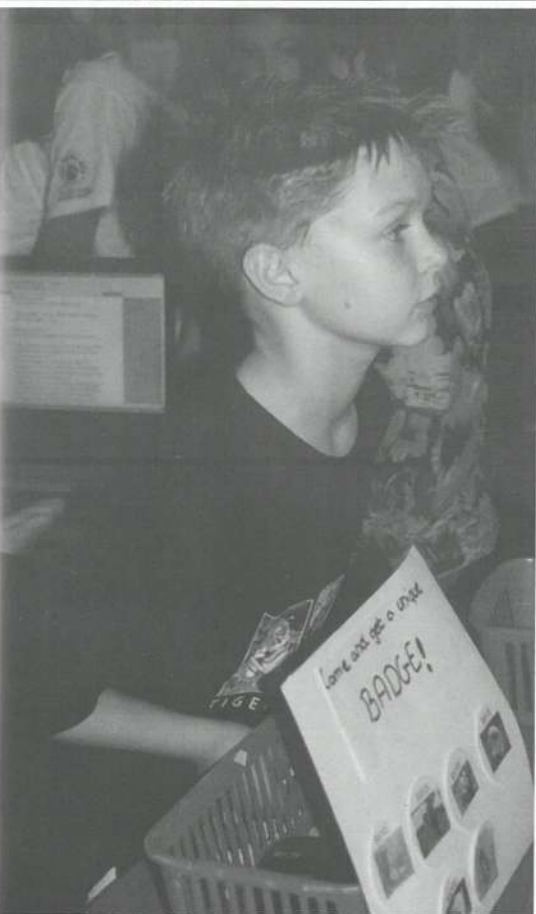

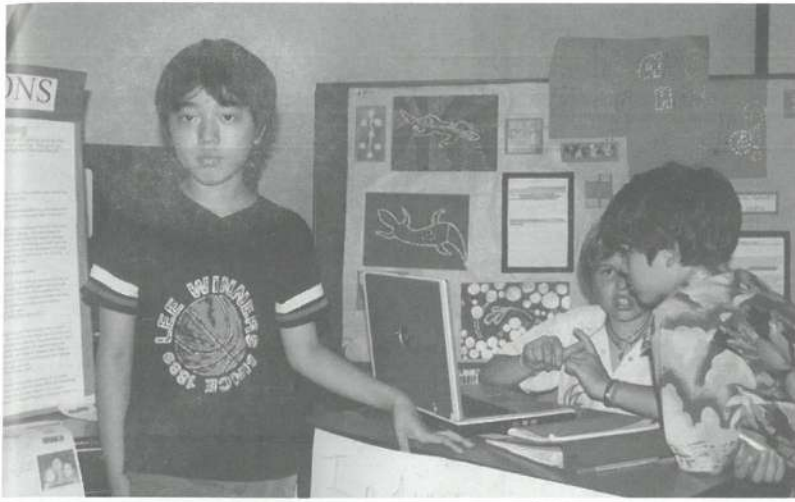

A fast moving hand ball match found this athletic class of eighth graders ready for new challenges.

PYP: A fifth grade alert on global warming

to the
class of 2014's
PYP
Exhibition!
June 11th and 12th

After long hours of work, 5th graders proudly present an outstanding exposition.

After researching, 5th graders came up with ideas to help the world's current issues.

Rafting in Val Sesia: a wet and wild conclusion to a year's odyssey of intellectual adventures

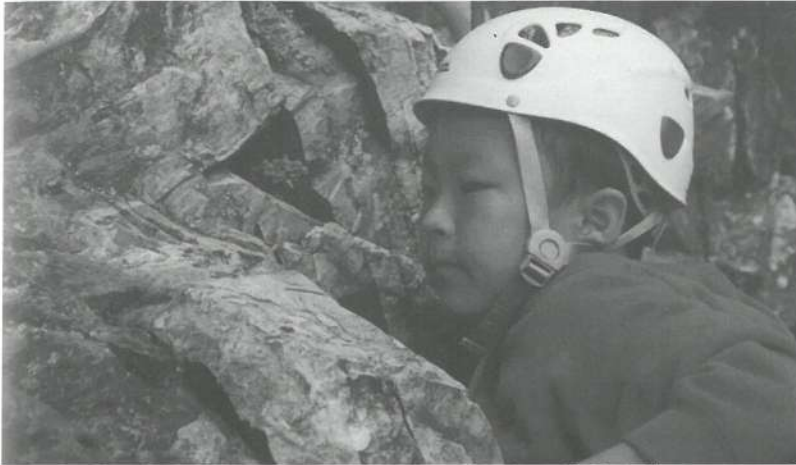

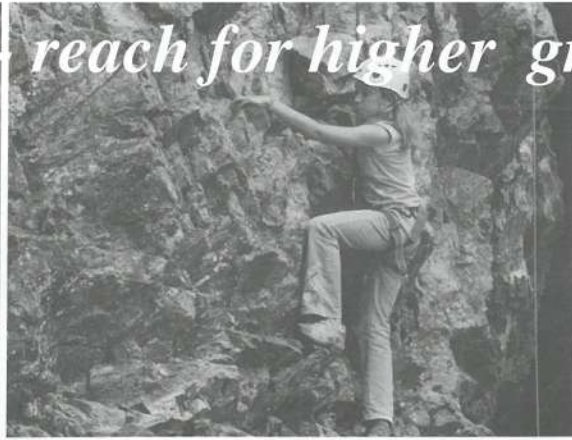

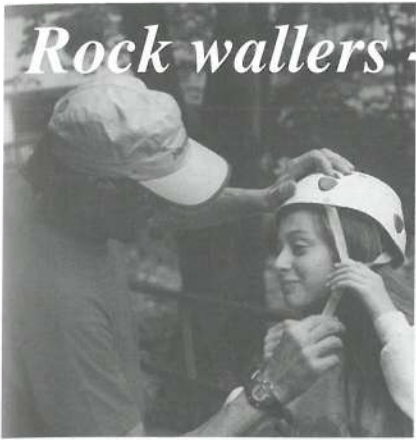

Securely equipped and instructed, ACAT adventure seekers take to the river.

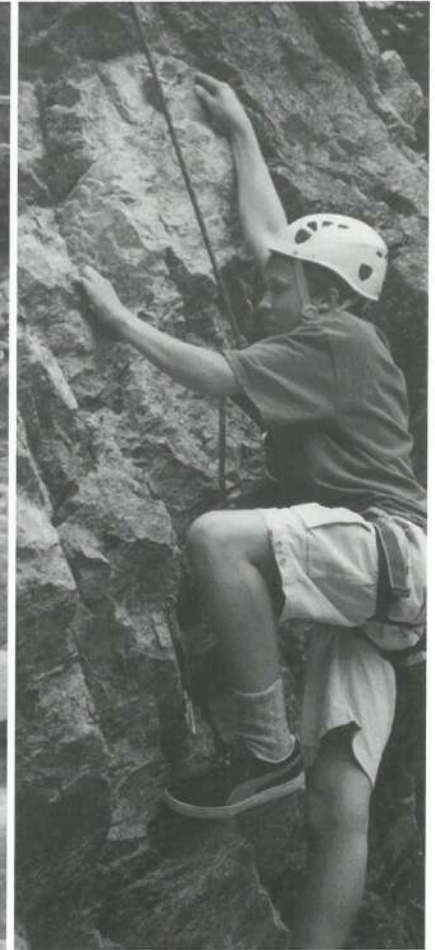

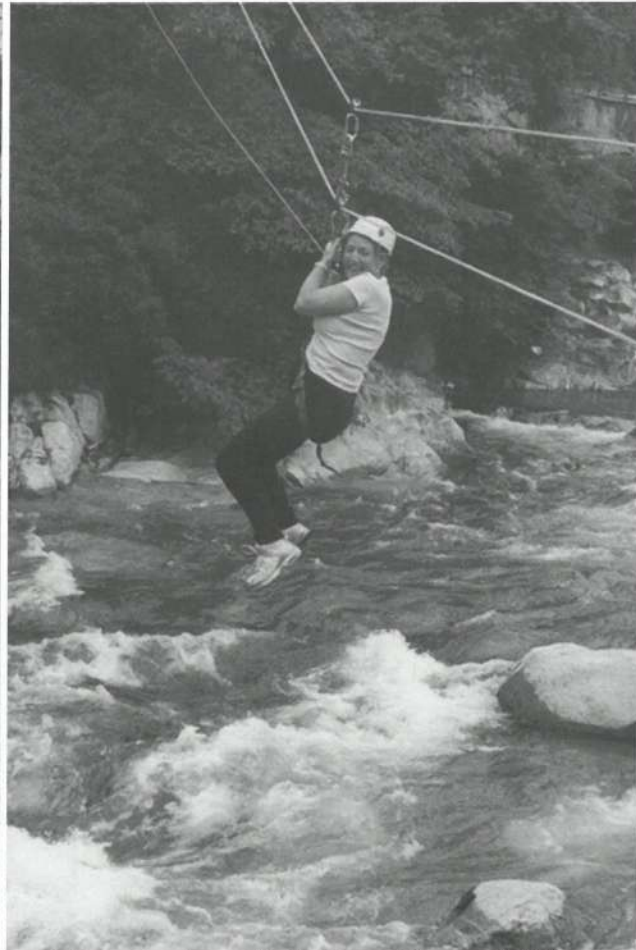

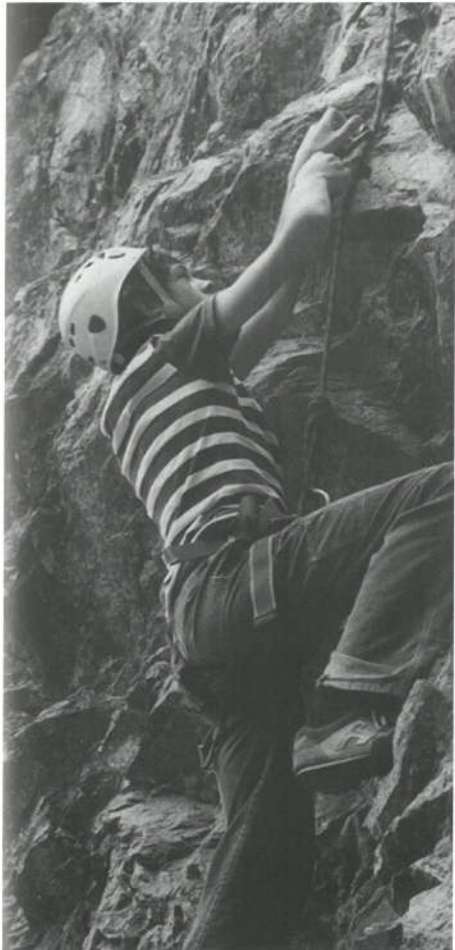

Undaunted by turbulent waters, our fearless rafters paddle with a smile and a purpose.

Rock wallers - reach for higher ground

First time climbers discover a confidence-building experience.

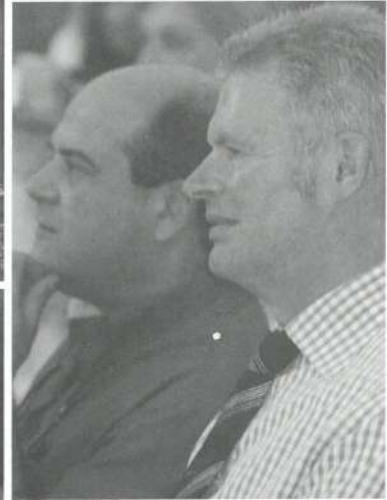

Veteran adventures take it all in a self-assured stride.

Pre-school Closing Ceremony: Little steps lead to giant steps

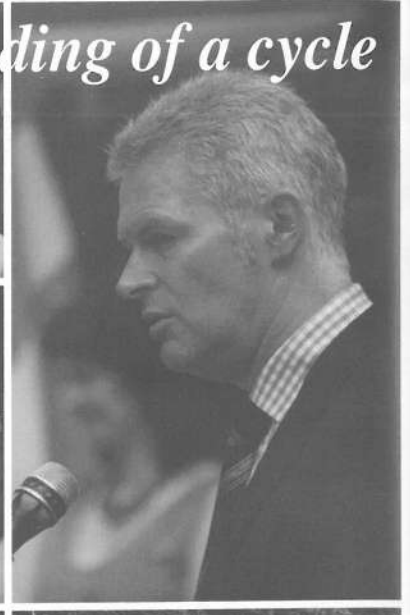

Pre-schoolers are already prepared to deal with future challenges.

First and Second grade receive their certificates after demonstrating their singing skills.

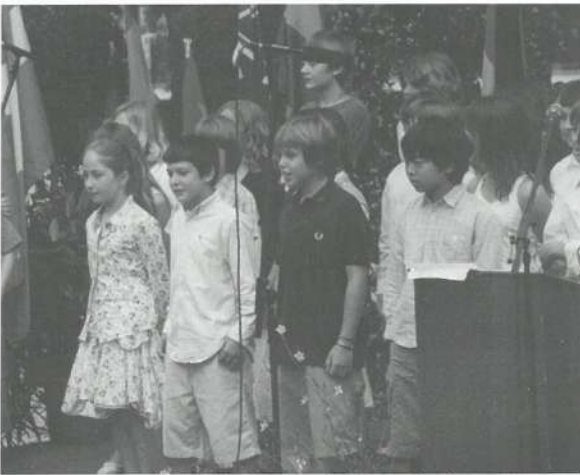

Elementary Promotion Ceremony: the ending of a cycle

Proud parent and teachers admire the performance of third graders.

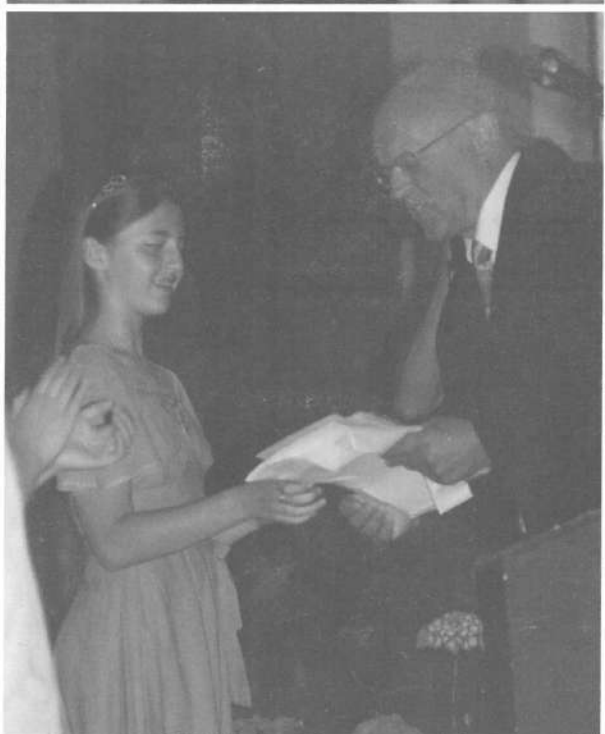

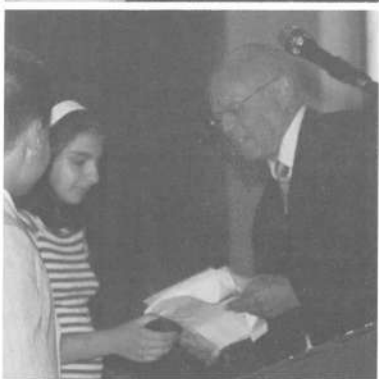

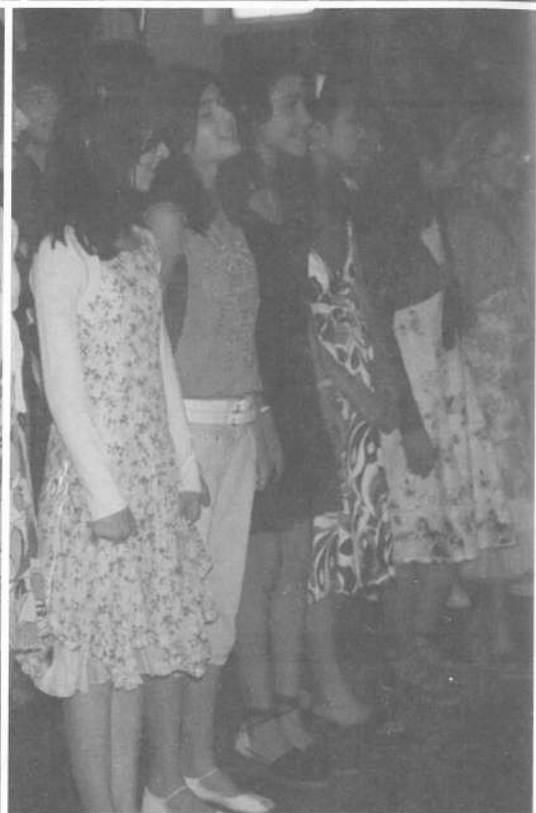

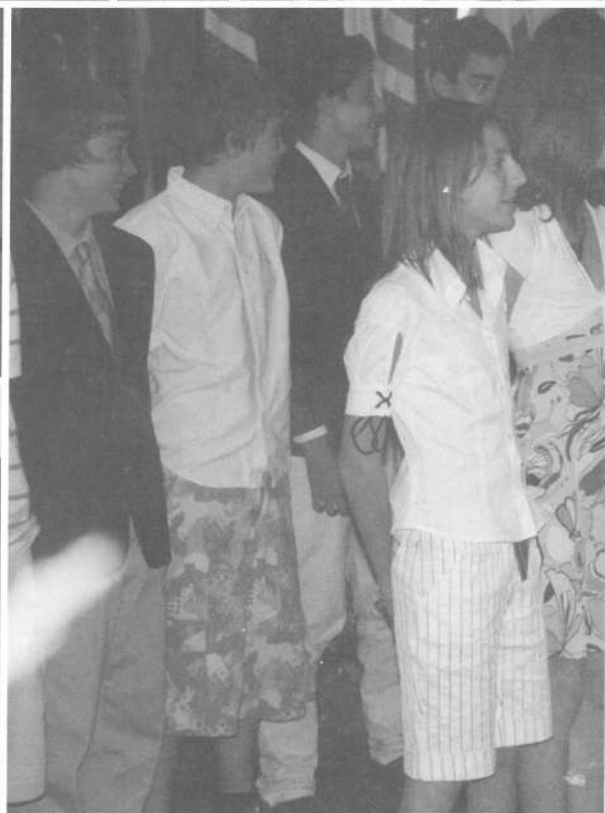

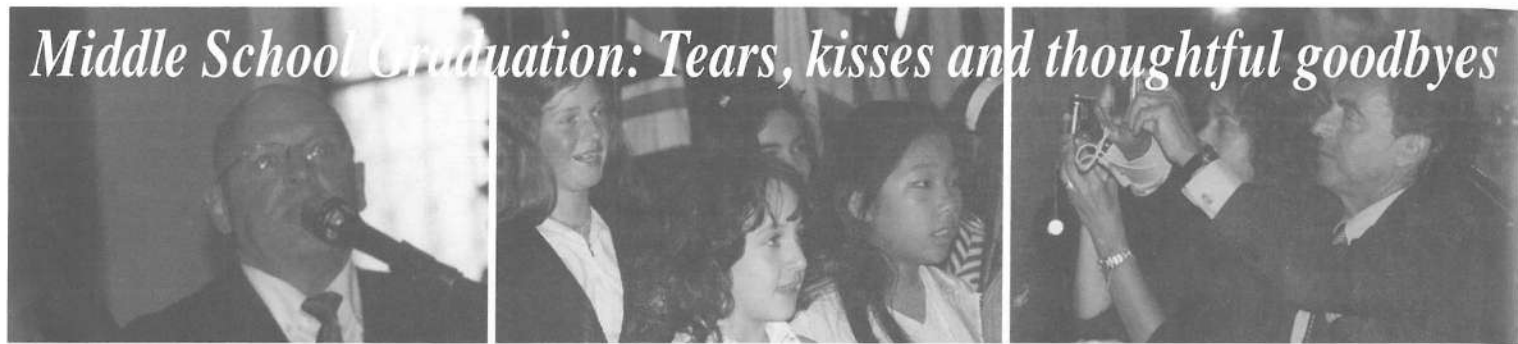

Fourth graders dress up their performance to be even more memorable.

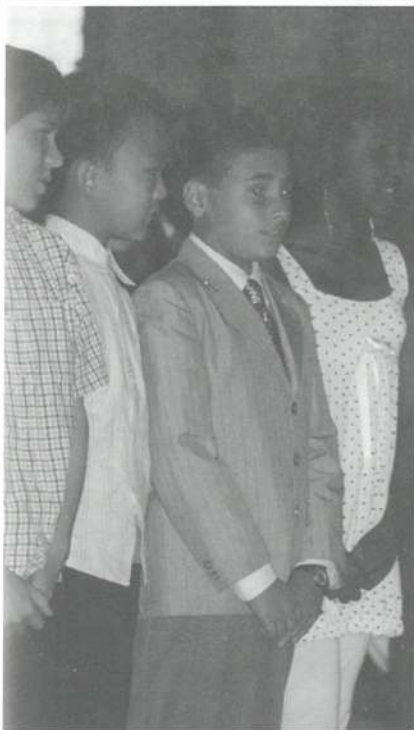

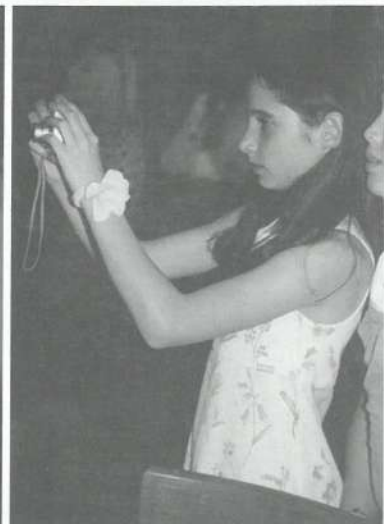

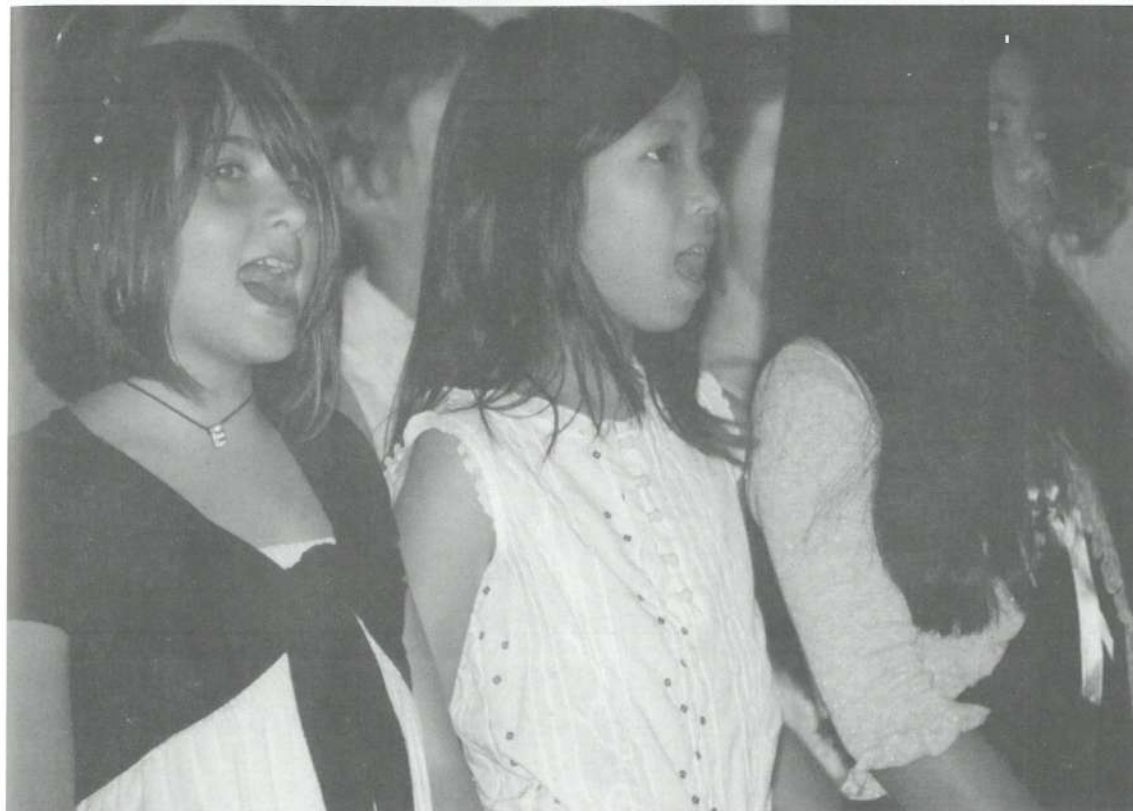

Singing fifth graders entertain the public during their graduation ceremony.

Middle School Graduation: Tears, kisses and thoughtful goodbyes

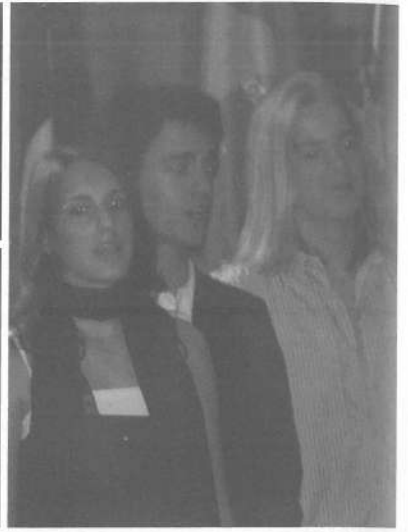

Proud Middle Schoolers are ready for new challenges.

After a moving graduation, leaving eighth graders say goodbye to their friends.

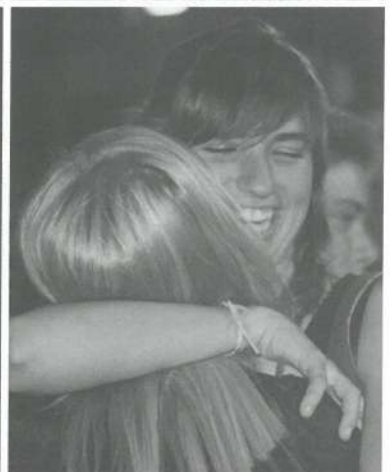

Graduation Ceremony: A sunny year finishes under a cloudy sky

With the right atmosphere created, ninth graders showed the rest of the school they could follow a musical career in the future.

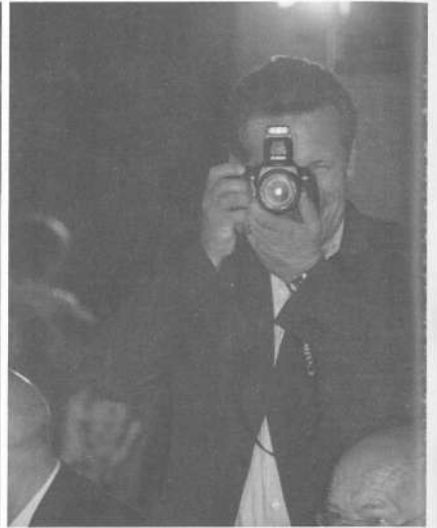

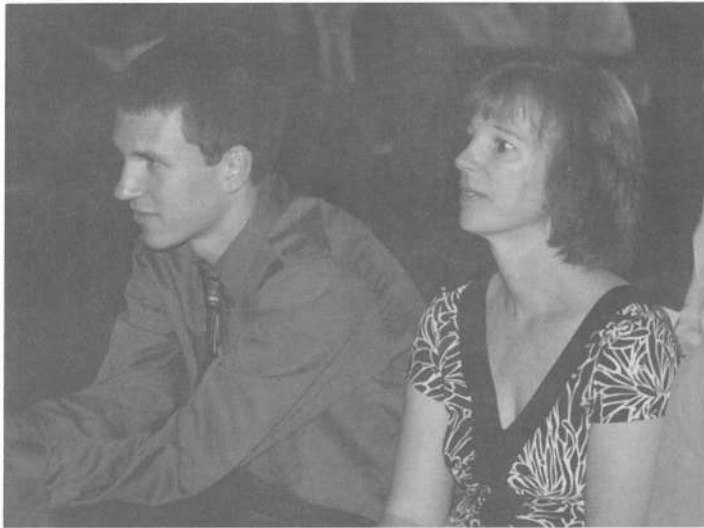

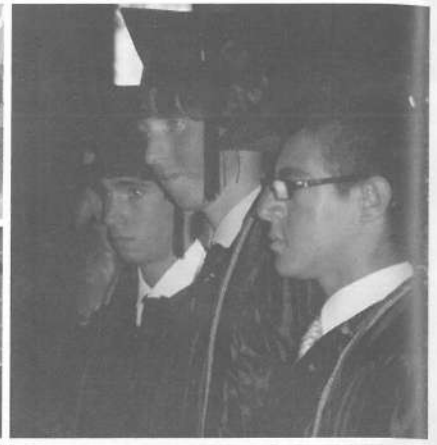

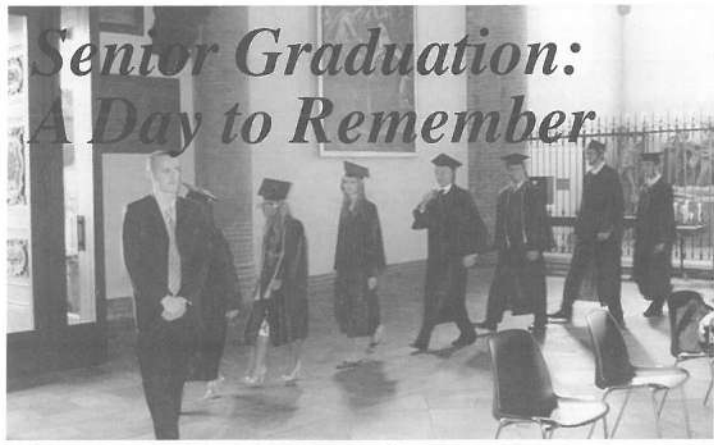

Friends united to celebrate an important event.

Upper school graduation was a pleasant event, filled with positive attitude from every person present that day.

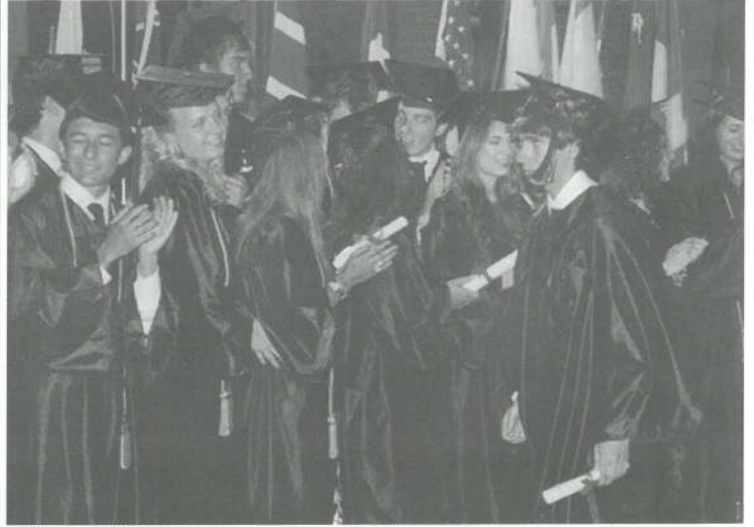

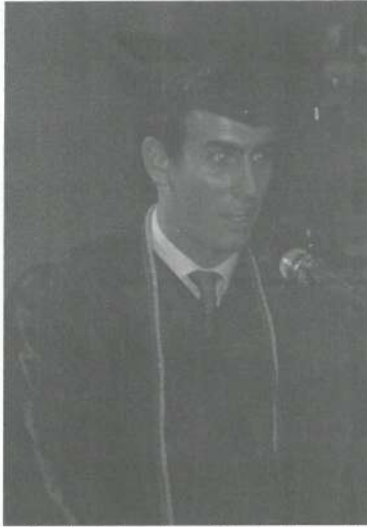

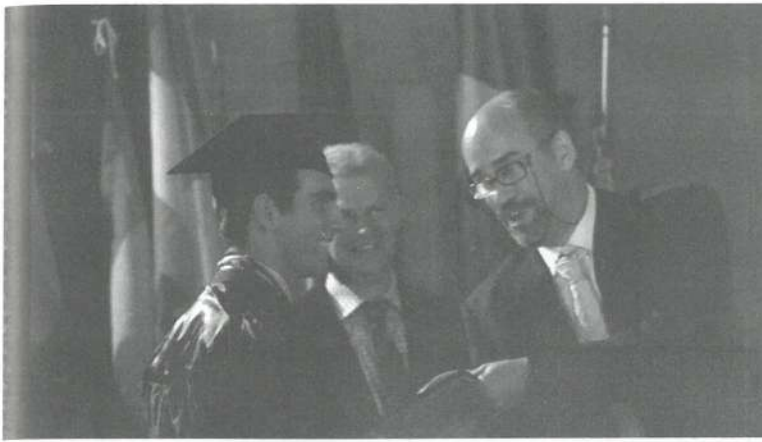

Senior Graduation: A Day to Remember

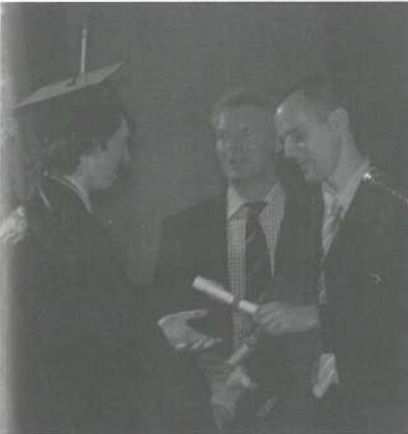

The year's effort successfully behind the seniors proudly enter the church with justifiable satisfaction.

Thoughtful reflections for helpful beginnings and full of warm memories of the past high lighted the speakers' program.

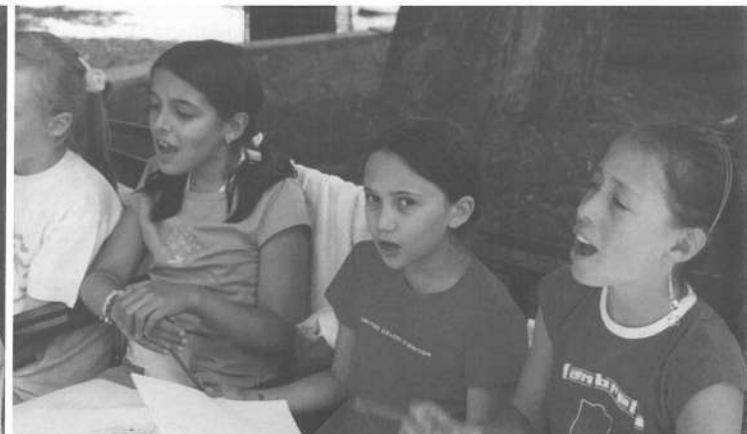

Special awards, words of wisdom from Dr. Inghirami and the valedictorian speeches enriched the ceremony.

Tears, kisses, and hugful goodbyes end the graduation ceremony for the class of 2007.

PARENT-TEACHER ASSOCIATION ACAT-IST

The Parent-Teacher Association (PTA) is open to all parents and teachers. Our aim is to foster positive working relationships between parents and our children's school, creating a strong partnership. This helps the school to listen and deal with parent's suggestions and for parents to learn more about what they can do to help the school improve their children's education. We also sponsor events which are organised to raise funds for needs in class that are not in the school's budget and for charities like the Burkina Faso water project or for local charities.

Students, parents, teachers, staff, support staff and the Board of Directors are all part of the school community and we have one common goal:

TO CREATE A WONDERFUL ATMOSPHERE FOR LEARNING

The PTA is a volunteer organisation. The PTA meetings are held on a regular basis and advertised in the weekly PTA newsletter. We really value your input and we believe that via PTA activities, you can gain a sense of belonging to the school community. Depending on your time and interest, you can use your talent to share with others. For more information please contact Jane Nightingale at janenightingale_5@hotmail.com or leave a message in the school office.

You can become a knowledgeable partner in your children's education so that you can help them perform better. Parental support is vitally important for children throughout their schooling, even when they reach Middle and High School. If you are not familiar with parent involvement in school, we welcome you to explore the possibilities. **It is all about our children!**

Aims/Objectives, Benefits and Services of The ACAT-International School of Turin Alumni Club

Alumni Relations. Promote collaboration among former students, their teachers and others associated with the school. Make current students aware of the value of its alumni, and the alumni aware of its important role in the development of the school.

Alumni Fundraising. Contribute resources to foster excellence amongst students and staff. Support humanitarian projects, such as the Burkina Faso Water Well building initiatives, which the school supports.

Business to Business/Networking. Foster a worldwide network of alumni so current and former members of the ACAT-IST Community can work together to reach personal and professional objectives.

Benefits and Services. The Alumni Club maintains a directory of classmates for the purposes of reunions, other social gatherings and special projects. Likewise, a calendar of events is included in the Alumni section of the school's website. ACAT-IST offers assistance to former students who wish to pursue graduate study beyond university level. Students wishing to enroll as visiting students at universities, while they are completing a degree program, may also rely on the school for assistance.
