

YEARBOOK

2011-2012

First, I want to thank all members of the school community for their help in making this another successful year at the International School of Turin. It has been exciting and much more than a pleasure to be part of it.

I would like to thank all of the different constituencies who have helped make this year possible.

The Board of Directors, under the leadership of Mr. Corrado Ferretti, Board president, Mr. Maurizio Irrera, Vice-President, Mr. Fred Levy, Secretary, Mr. Antonio Scarabosio, Treasurer, and at-large members Mrs. Jessica Giugiario, Mrs. Karen Price, Mr. Michele Melchiorre, Mr. Miguel Panadero, and Mr. Marco Cavaglia, have all contributed of their voluntary time this year to help ensure that our school year was successful.

Next, I would like to thank the faculty for all of its help in making the 2011-2012 school year an excellent one. ALL of the teachers of the school are equally important since most of our students study in our school for extended periods of time. Five members of this year's graduating class have been here since Nursery: Edoardo Arrobbio, Virginia Lorenzetti, Alberto Maccario, Giorgia Rizzi and Francesco Rosso, and two others Daniele Pettenuzzo and Bianlorenzo Beccuti, since Pre-K and Kindergarten. The faculty, with its zeal for academic excellence, has made these kids what they are today.

Mr. Andrew Ridgway and Mr. Mark Star deserve special mention for their work with the students as Upper School Dean and Lower School Deans, respectively. Both, in their own unique ways, have very special skills and have been instrumental in helping us have the great school year we have had.

The dedication of the parents is important to remember. They are risk-takers because they believe in our school; they believe in something "different", wanting more for their children than would have been normal. Their international vision, their desire to see their children working in three or four languages, their wish that they understand the world and how it works and their willingness to make the sacrifices to create this opportunity for them shows true vision, thinking and responsibility. I would like to thank them for trusting in the school. Part of their contributions can also be reflected in the significant contributions that the Parent/Teacher Association has made to our school this year.

The students themselves have helped to make our school what it is today, and it is for this reason that we are celebrating this moment with them. There have been 424 of them during the school year, representing 22 different nationalities. I want to say congratulations to each and every one and thank them for the many contributions to our school and its community.

I also wanted to take this moment to thank some very special friends of IST-ACAT, who are leaving the school after many years of service. Maria Recrosio, as the school's business manager, leaves us after 17 years, transferring to the (then) ACAT-IST from the Istituto Maffei Turin after it closed. Maria has been a good friend and ally to the school in both good and bad times and we wish her all the best in her future endeavours. Likewise, Buba Milne, our school librarian for over 30 years, retired in December. We will always remember her as that quiet little creature in the "cavernous" library at the Ville Roddolo, who kept everything in order, and, of course, everyone quiet! Then there are the others who are leaving for other reasons of their own. They might not have been here as long but their help and impact on the school in each one's way, I'm sure, is as significant.

In short, this is a moment for giving thanks, as well as a moment for celebration. As the Head of School I want to personally thank you all for letting IST be a part of your life.

Dr. Tomm J Elliott,
Head of School

*This yearbook is dedicated
to the memory of
Mr. Alberto Cappellini.*

*The International School of Turin
would like to express
its thanks and appreciation
to Mr. Cappellini
for his years of support and service
to the IST Community.*

You will be dearly missed by all.

Time

*Time is too slow for those who wait
Too swift for those who fear
Too long for those who grieve
Too short for those who rejoice
But, for those who love –
Time is eternity.*

What a year it has been! 20 energetic students every morning to help start my day. It has been a super year working with Grade 6Y, I have seen them grow, not only physically, but also in confidence and maturity. During our PHSE lessons the students showed a good insight into the world around us and were willing to share their thoughts and feelings. I will miss having them next year.

7X became more international this year with the arrival of Andrew from Washington DC, Alena from Lugano and Lauren from Michigan.

What we liked most about this year:

'less conflict' (Ignazio)

'friendship' (Michelle and Josie)

'everybody's genuine' (Lauren)

'enjoying learning here – Maths with Mr.Ramm' (Alena)

'Miss Castle's science lessons' (Alberto and Ludo)

'the times when 7x and 7y get together on trips and for PSHE' (Flami)

'Cool history trips – we learn and have fun at the same time' (Andrew)

'my surprise birthday party in Rome' (Bianca)

'my class!' (Valeria)

Sadly, at the end of the year we will be saying goodbye to Valeria, who is off to the International School of Paris and Andrew who is returning to Washington DC.

What a great group of students I had to meet with every morning.

They are a very cohesive group.

They genuinely seem to like each other and know each other very well.

They are active and interested in whatever's going on... and they support each other as well as any group I've ever been lucky enough to work with at IST.

They all enjoyed their Modern Language trips to France (Provence) and Spain (Madrid) despite the unavoidable postponement of the latter.

Then in late May they helped host a morning and an afternoon visit from a group of students who they had met last year when we visited The Priory School in Birmingham UK. It was great to see them renew acquaintances and meet new ones in such a friendly way.

This class contains some very caring, very gifted and very fun-loving students. I just hope they stay at IST for another year at least for they would be sadly missed if they had to leave.

"It's impooooooooossssiible!" - Alberto Arrighi

I can't remember how many times this phrase was heard in Chemistry!!
- Victoria Castle

You've done your best and forgot the rest,...so congrats for finishing your IB tests. Some will go here while others go there,... but what will remain at IST are all the things that you've shared. Come back and visit or stop at the store,...if you are looking for me I'll be on bus #4!!! Mr. C.

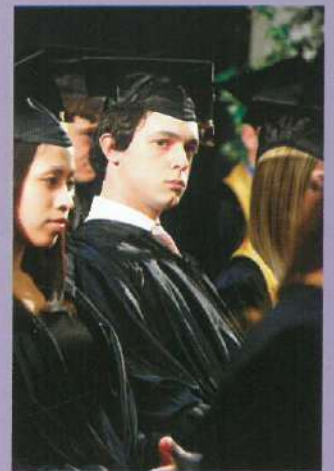

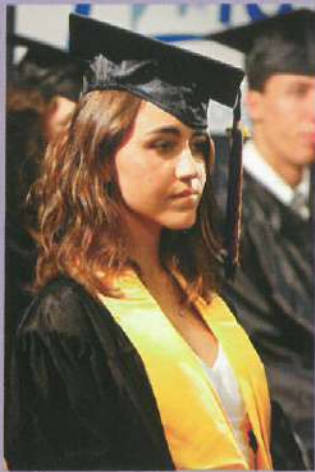

Dear Graduates,

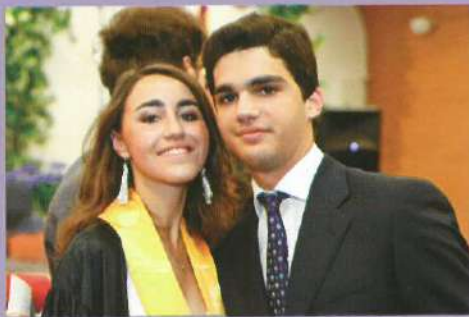

It's been a pleasure getting to know you and watch you mature over theyears. I will always hold very fond memories of you all.

Wishing you all the best,

Ms. Curletti

Grade 12 was a real pleasure to be with. One of my favorite moments in class was during an IA role play in which Rinaldo and Greta acted as Sofia's strict parents who had just discovered that their daughter was not as innocent as they had thought. Hawa's laughter was delightful and Amira giggled and smiled throughout their well prepared and highly theatrical performance.- Madame

JOAQUIN ALCOCER BONIFAZ

"Don't wait until everything is just right. It will never be perfect. There will always be challenges, obstacles and less than perfect conditions. So what. Get started now. With each step you take, you will grow stronger and stronger, more and more skilled, more and more self-confident and more and more successful."

- Mark Victor Hansen

ALBERTO ARRIGHI

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and to endure the betrayal of false friends. To appreciate beauty; to find the best in others; to leave the world a bit better whether by a healthy child, a garden patch, or a redeemed social condition; to know that even one life has breathed easier because you have lived. This is to have succeeded." - *Ralph Waldo Emerson*

EDOARDO ARROBBIO

The real voyage of discovery consists not in seeking new lands but seeing with new eyes.

- Marcel Proust

GIANLORENZO BECCUTI

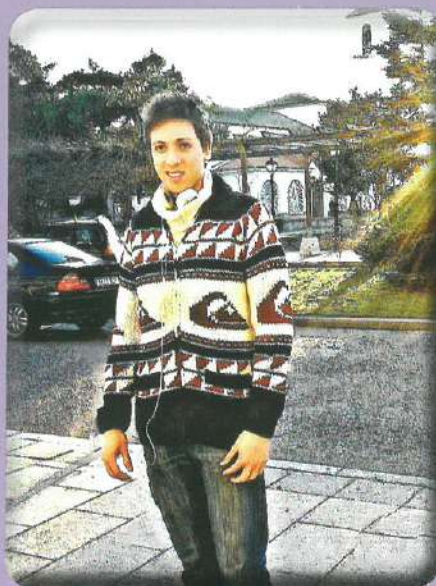

To describe my 12 years at IST I should probably write an autobiography, but something that should be said is that all of these years in this school have given me the opportunity to create an indivisible relationship with the group of classmates who attended IST since primary school, which soon became a big family. This friendly spirit that developed each year in our classroom was able to guide me not only during the IB, but also all through out the transformation from being 4 year old kid into becoming a young adult.

Keep the ones you love the most next to you, keep learning from your mistakes, keep getting up when you fall down, keep helping each other out, keep smiling to life and you will discover that school years do not only represent obsession due to studying, but also a very special period that you will never forget in the future.

EMANUELE BESSONE

I would like to compare the IST experience to a long run, maybe as long as a marathon, with many obstacles to avoid but also with many gratifications.

I would like to thanks my parents, my brothers and my relatives that walked by my side in this long trip toward the IB exams ready to support me every time the road was getting steep, rocky, tortuous and when it nearly impossible to reach the finish line alone.

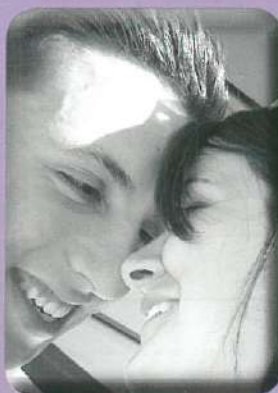

During this year, I met an amazing person that gave me the energy to continue running in the last sprint before the ultimate set of obstacles. I will not say your name but you will understand, Thank You!

I would like to thank my best friends that managed to make me smile and laugh also after a bad day where I studied hours and hours non-stop.

And last but not least, I would like to thanks my classmates that made school a more enjoyable place to stay and to learn.

In these seven years of school at IST everyday it was a challenge but a lot of memory will remain in my mind especially because sometimes I ask myself: "What is a memory?" and my answer is "Nothing ... You can not see it. You cannot touch it. Yet it is so big that you can not even destroy it".

I would like to conclude with this quote that really represent my character and my entire life: "A day without a Smile, is a day wasted" [Charlie Chaplin].

GRETA CICCHETTI

- "I can't believe we made it! Remember us in Grade 9? We couldn't get through a lesson without being screamed at, we regularly drove teachers insane and we would do anything for Jolly Ranchers. Since then, we've marched across Swiss mountains in 40°C, we've traumatised the city of Madrid at 3 o'clock in the morning, and we've gotten through the nightmare that is the IB. Now, we're all set to split up and travel to different parts of the world, but these past few years have been an experience that I'll never forget. Boys, you're almost all insane and I fully expect half of you to end up in prison before the time you're 20, but class with you has been hilarious and your jokes have made the long, hard haul a lot more bearable. Girls, you're fairly crazy too, but you're some of the nicest people I've ever met; you've helped me to open my mind, you've taught me Italian, and you've each somehow helped me through the IB. I'll miss you all, as well as my other friends at IST, and I wish everyone a brilliant future. Have fun, and try to stay out of trouble! ;)

Farewell

Buba Milne

Buba Milne was in charge of the IST library for over 30 years. Her calm efficiency and warm manner made the library a cozy, organized and studious place where students and teachers liked to congregate. She was patient and kind with all the students, including the youngest ones to whom she taught library skills. She successfully addressed the needs of all and served as the SAT coordinator for several years. In December 2011, she officially retired to tend to her hobbies, like hiking and museum going. Her smile will be missed by all.

Maria Recrosio

Dear Maria,

Thank you for all you have done for The International School of Turin since you joined the school's staff in 1995.

Your organizational skills, attention for detail, hard work and commitment to student safety have helped our school become the special place it is today. We wish you all the best as you begin your retirement.
