

YEARBOOK

2012-2013

INTERNATIONAL SCHOOL OF TURIN

HEADMASTER'S MESSAGE

MAY, 2013

It is so exciting to be a part of IST as it begins to celebrate its 50th year in existence. We will be doing so all through 2013-2014.

Over the years, there have been countless people who have contributed to the wealth that has become the International School of Turin. Former Board and PTA members, Deans and Principals, faculty members, staff and administrative people and, of course, the many students who have passed through IST-ACAT's doors, have all helped to make the school what it is today.

This year the school has begun entering the age of educational technology, with the introduction of the iPad program in the Middle School and a discourse among faculty members on new methodologies that result from the implementation of technology in the classroom. The library has been converted into a Media Center, the Media Center Lounge supports teachers, students and their parents in how to feel comfortable with the many new technologies that are at their disposal. The school begins on-line, 24 hour communication with parents and students through the portal system that is in the process of being implemented. IST begins to enter its NEXT 50 years.

We would like to extend a real thank you and a wish for all the best to Mr. Rob Morson, who retires this year after having been the special needs coordinator and EAL teacher at IST for several years. We also wish Mr. Mark Star, our Lower School Dean, all the best as he pursues other professional interests next year. There are other faculty members who are leaving the school, for reasons of their own, and we thank them for their impact on the school. IST is made up of each and every one of us.

As IST embarks on its next 50 years, we consider this a moment of celebration.

*Dr. Tomm J Elliott, EdD
Head of School*

IST CAMPUS TIMELINE

Villa Virginia Superga
1969 - 1974

Ville Mogna

Alanna McTaggart

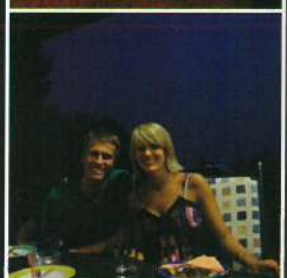

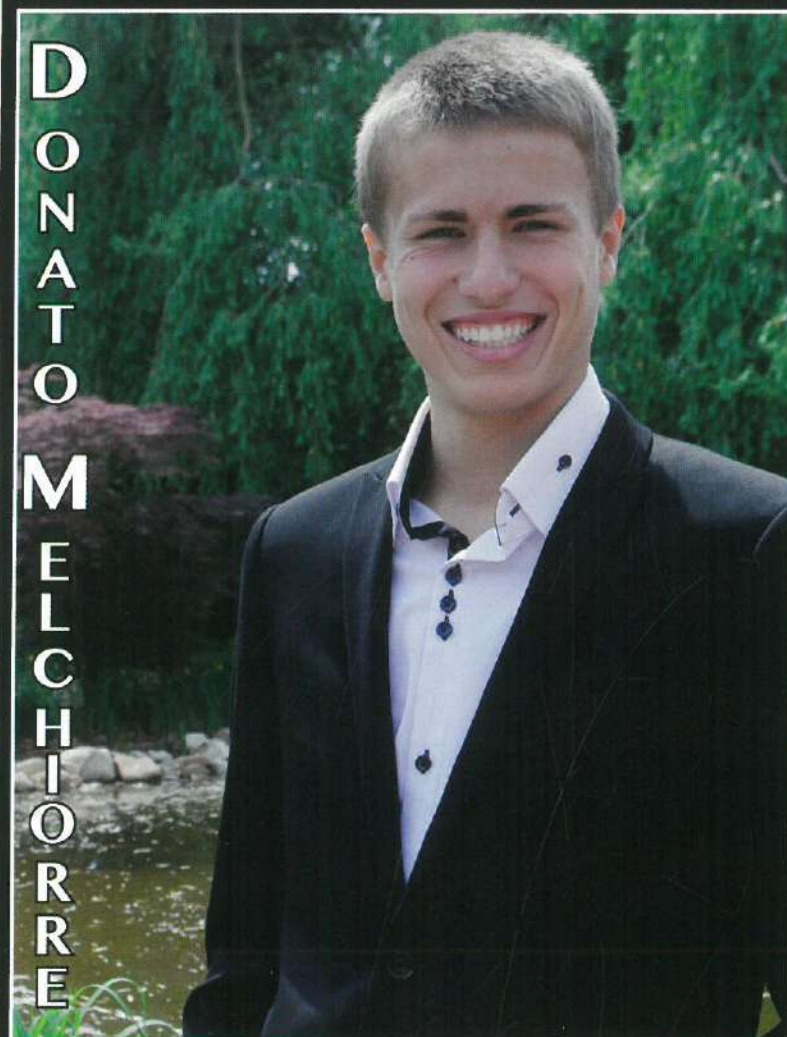

These past 4 years at IST will be very memorable but most importantly I will never be able to forget the last two year doing the IB. They have been two very eventful years. Thank you to all my teachers that have supported me and I still don't know how Mrs. McDonald makes it through our Biology HL lessons. Thank you to all of my friends that I have made over the years that I have been at IST. I will never forget you guys.

DONATO MELCHIORRE

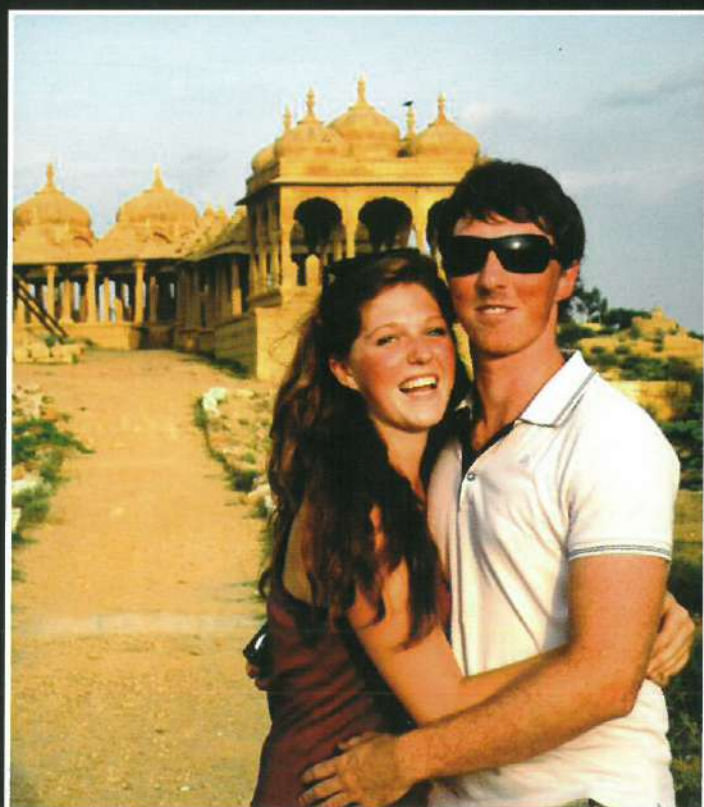

I would like to thank all my friends and teachers, who have made the past six years at IST such an unforgettable experience in every way imaginable. I would also like to thank my family for supporting me all the way throughout my school education. I know it was not always easy. Class of 2013: best of luck to you all and remember to accomplish something great one must strive for something greater in the first place.

*"It is a rough road
that leads to the
heights of greatness"*

- Seneca

IST has been the place where I have made true friends, where I managed to find a real best friend, Alanna, who has shared my passion for horses, been my fashion advisor, and has always cheered my days just like Nicole and Ruggy. These are the people I won't forget because they have made my last years at IST fantastic! You are all wonderful people and I am sure that wherever you will end up studying, you will continue to be wonderful. I cannot wait to pass my summer with Alanna at Graitesca because I am sure that we will make the most out of IT!!!! It is thanks to my mother and my father that I am at this school, and although I still don't know what I will study in University, whether it is Veterinary Medicine or Plastic surgery, I will always do my best to make them proud of me!!! This cycle of high school life is ending but I am thrilled to see what will happen next and where I will go!! I would like to thank all of the teachers who have helped me in these years, especially Mr. Chalmers, and Ms. Castle and Mrs. McDonald who were always very kind with me and have enhanced my passion in Biology and Chemistry, whether it was during the field trip, by playing around with crickets, or the fun experiments for redox reactions, I have loved all of the science lessons in these last two years!!!! I will never forget all the wonderful experiences and the people I have met in these 12 years at IST!!!!

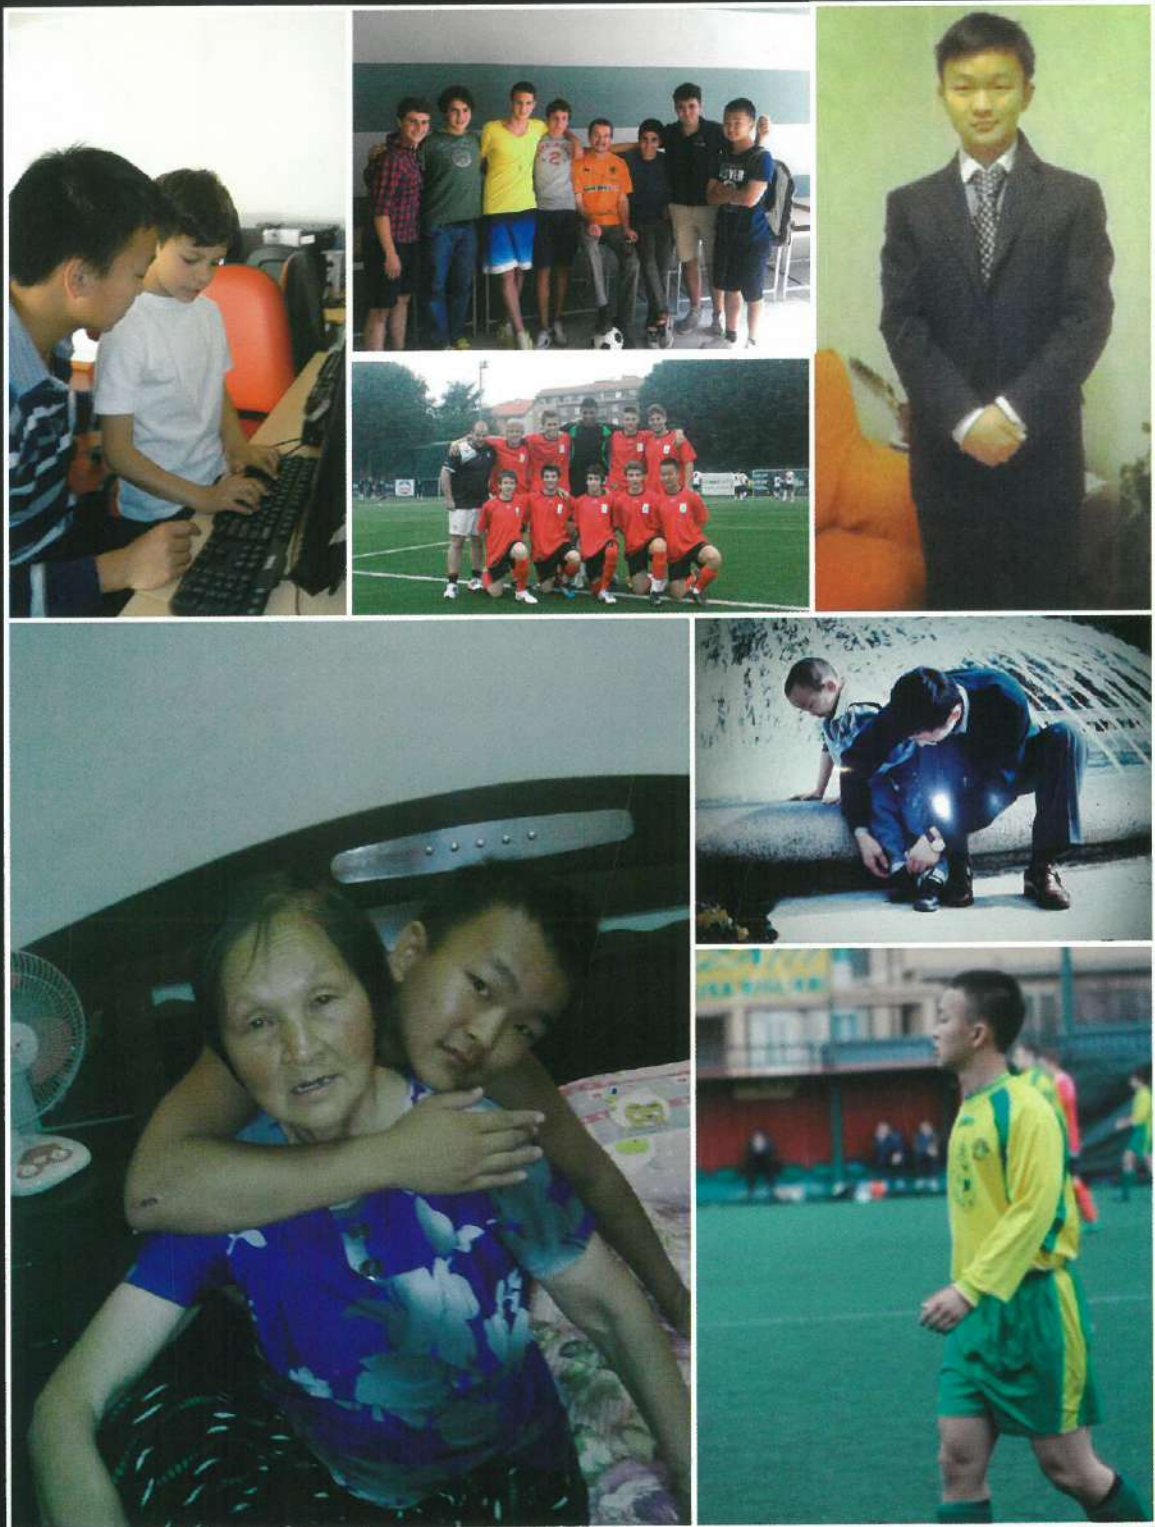

HIGH SCHOOL IS
FINALLY OVER!!!!!!!
